General Information about Students' Council

What is SAMU?

- The Students' Association of MacEwan University (SAMU) is a corporation created under the Post-Secondary Learning Act of Alberta as the students' voice in MacEwan University.
- SAMU is a non-profit organization working independently from MacEwan University to support students. Our purpose is to enrich the student experience by focusing on their non-academic needs through an array of student-driven programs and services. We are governed by elected student representatives who set the strategic vision on behalf of students. With support from over 50 full- and part-time staff, we keep our mandate student-focused to achieve the vision. SAMU is proud to be an organization serving students, inspired by students.

What is the Students' Council?

- Students' Council is a governance board.
- The Students' Council is the highest governing body of SAMU. All of the authority given to a Students' Association under the law is vested in Students' Council. Students' Council delegates that authority to the Executive Committee of SAMU. Students' Council approves bylaws and policies that govern the activities of SAMU, setting out expectations on what SAMU will accomplish and monitors those expectations to ensure that they have been met. Students' Council sets direction for SAMU.
- The Students' Council is elected each year by the SAMU membership. All Students' Council members are members of SAMU. Because they are students, they are the true student voice that guides SAMU throughout the year.
- The Students' Council is comprised of 14 Councillors, one (1) Secondary Student delegate, and five (5) Executives.

What does it take to be a Councillor?

- A councillor must be able to commit the time required by the Students' Council for meetings. Students' Council meetings are held on the third Wednesday of every month at 6:00 p.m. and are typically between two (2) and three (3) hours long. To be an effective member of Students' Council, a councillor will require the time to thoughtfully consider materials provided before meetings, to investigate concerns about those materials and to develop their own suggestions. A councillor should be willing to spend time asking students what they think about the issues that Students' Council is considering and asking students what issues they believe Students' Council should be considering. Councillors are expected to serve on SAMU Committees. Councillors will also be required to attend a mandatory Students' Council orientation and refresher.
- A Councillor must be a good communicator. They must be comfortable saying what they think, even when others may not agree. They must also be able to express disagreement without offending their colleagues. A good councillor is also a strong critical thinker; they carefully consider possibilities, ask questions and make decisions based on the best information they can get. Councillors must also be self-motivated learners; there are skills and techniques specific to working on a governance board that new councillors are expected to quickly learn and apply.
- It is important that members of Students' Council believe in the importance of SAMU and that they have a sincere desire to see it succeed in its mission. They must also be responsible. Elections aside, it is the members of Students' Council that must hold themselves and one another accountable for their own performance, the performance of the Students' Council, and the performance of SAMU. They must be willing to adhere to and enforce the bylaws and policies of SAMU.

Why should I run for Council?

- Councillors receive tangible and intangible benefits from their time on Students' Council. Councillors will meet interesting people, face difficult challenges, and gain experience that will be valuable in the future. Councillors will also receive an honorarium for the time spent in meetings.
- Most importantly, councillors will get the opportunity to make a lasting impact on an important student institution.
