DENTAL  CHOICE

We honour and acknowledge that NAITSA is on Treaty 6 territory and a traditional homeland for the First Nations and Métis peoples. NAITSA recognizes the contributions of First Peoples to the vibrant NAIT campus and the overall success of NAIT.

Land acknowledgements are an opportunity to reflect on colonialism and its historical context as well as its ongoing current context. Now more than ever this recognition of this relationship is critical, as we strive to honour and transform our relationships with Aboriginal communities.

A land acknowledgement is more than words; it is a call to action, and we at NAITSA invite you to share your own calls to action and inspirations as we continue to move towards truth and reconciliation.

We know we have a responsibility to think beyond ourselves and think beyond today.

NAITSA PRESIDENT

SAPRESIDENT@NAIT.CA
MAIN CAMPUS, O108 (NAITSA)

Hello fellow Oaks! My name is Lilly Houcher, and I'm honoured to serve as your NAITSA President for the 2026/27 academic year!

As a third year business student specializing in management, I believe that people are the heart of every organization and NAIT is no exception! Students are the driving force of this campus, and I'm truly honoured to represent and support you this year.

I spent the last year serving as your President, where I learned lots and had the opportunity to meet many of you. I'm looking forward to continuing this work and advocating for students in the year ahead. It's a fulfilling and rewarding role.

There are so many ways to get involved in the NAIT community! While taking that first step can feel overwhelming, I encourage you to reach out and explore what's out there, you won't regret it. Whether it's joining a club, volunteering, working on campus, or participating in student governance, getting involved helps make your time here even more meaningful and memorable.

A little about me: I live just outside of Edmonton and love listening to podcasts during my commute to campus. I'm a big fan of the outdoors, whether it's going for a run or simply soaking up the sun and most of all, I enjoy spending time with people.

As your President, I serve as the official voice of NAIT students. I'm devoted to holding NAIT accountable, advocating for your needs, and being a friendly face on campus. I'm committed to helping you get the most out of your time at NAIT.

If you have any questions, ideas, or feedback about how we can improve student life through NAITSA, please don't hesitate to reach out to me at **sapresident@nait.ca**.

Wishing you an incredible time at NAIT!

Lilly Houcher
NAITSA PRESIDENT

NAITSA VP ACADEMIC

SAVPACADEMIC@NAIT.CA
MAIN CAMPUS, 0108 (NAITSA)

Hi there, my name is Danielle Libunao, your Vice President Academic! I'm happy to welcome you to the 2026/2027 school year!

Many of us came to NAIT with something in mind, working toward something that matters to you, whether it is a program you want to take, a career you hope to build, or a goal you are ready to reach. Whether you are starting that journey, continuing your studies, or ready to graduate in a semester or two, I hope this year brings new opportunities, meaningful connections, and moments that remind you why you chose NAIT.

I'm grateful to have another year serving as your VP Academic. Academics are at the heart of why many of you are here. You deserve a quality education that reflects the time, effort, and investment you put into your studies. In this role, I strive to help you better understand academic processes, feel heard when

concerns come up, and bring your concerns forward in the spaces where decisions are made.

I've been at NAIT since 2021, and through my time, I have seen many things evolve across academics and student life. Through those changes, one thing that has always stood out to me is the consistency of NAITSA's services and the support it provides to students.

As students, we're often busy studying, completing assignments, and keeping up with deadlines. That's why it is important to know what supports are available to you. If I could give one piece of advice, it would be to visit the NAITSA office. Whether you have a quick question, need help finding a solution, or are unsure who to talk to, NAITSA is a good place to start. We may be able to help directly, and if not, we can connect you with someone who can.

I also work closely with NAITSA's Student Academic Rights Advisor (SARA), which gives me a better understanding of what students are experiencing across different programs. It gives me a unique pulse of where students are at and where more advocacy may be needed.

If you ever feel lost, are unsure about an academic process, or feel you were graded unfairly, please reach out. We can talk through what happened and help you understand what options may be available to you.

Your feedback helps guide the work we do, and it truly makes a difference. Whether it is a quick question, a small concern, or a larger issue, please keep sharing your experiences with us. It helps us better understand what students are experiencing, stay connected to your needs, and continue showing up for you in ways that matter.

With this being my last year before completing my degree, I'm grateful to spend it connecting with students and helping where I can. As always, I'm happy to hear from you. You can reach me through Teams or at savpacademic@nait.ca, and if you ever see me around campus or in the NAITSA office, please feel free to say hi. I hope your months ahead are positive and full of opportunities!

NAITSA VP INTERNAL

SAVPINTERNAL@NAIT.CA
MAIN CAMPUS, O108 (NAITSA)

Hello fellow Ooks! My name is Teaira, and I am incredibly honoured to serve another year as your Vice President Internal!

I've been a proud Ook since 2020; graduating from the Digital Media and IT program to now pursuing my bachelor's degree in the Business Administration Marketing program. Over the years, NAIT has offered me incredible opportunities to grow both personally and professionally, and I can honestly say that some of my most meaningful memories and connections were created right here on campus. Now, I'm honoured to give back by helping shape an even better student experience for you.

Your time spent as a NAIT student will go by faster than you expect, so I encourage you to slow down and soak up as much of the experience as you can. Campus life is full of opportunities to connect, branch out, and push yourself to try something new!

Outside of my role, I can usually be found surrounded by music and art. I'm rarely without a playlist on, and I love attending live shows whenever I get the chance. I also enjoy making music myself as I play piano, ukulele, and sing. Art is a huge part of my life, and in recent years I've taken on creating commissioned artwork whenever time allows.

As VP Internal, my goal is to further enrich campus life by creating meaningful opportunities for students to connect, get involved, and feel empowered. Whether that be through NAITSA events, clubs, or new initiatives, I am dedicated to fostering a welcoming and inclusive environment where every student feels seen, supported, and celebrated.

I am dedicated to amplifying the voices of the student body to ensure our campus reflects the true needs and aspirations of its students. Above all, I want every student to experience a strong sense of belonging during their time here at NAIT.

If you see me around campus, please don't hesitate to say hi! You can also find me at the NAITSA office or reach me anytime at savpinternal@nait.ca. I can't wait to meet you, and I hope your time at NAIT is a memorable experience.

Hello fellow Oaks! My name is Vladyslav Bondarchuk, and I'm honored to serve as your Vice President External for the 2026/27 academic year.

Welcome to NAIT!

I am currently a NAIT student and a former NAITSA Senator. During this time, I learned how student advocacy works, why it matters, and how important it is to turn student concerns into real results.

As VP External, my role is to represent NAIT students to external partners, including NAIT leadership, as well as municipal, provincial, and federal governments. My goal is simple: to make sure your concerns are heard, clearly communicated, and lead to real action.

I know that many students are balancing heavy course loads, jobs, and rising living costs. That's why I will focus on key areas such as affordability, access to student aid, mental health, and clear communication. I want students to always understand what is happening, what support is available, and where to go for help.

I believe in being open, approachable, and consistent. If you see me on campus, feel free to say hello! I'm always happy to talk and listen.

You can also reach me anytime at **savpexternal@nait.ca**.

I'm here to support you and represent your voice. Wishing you success in your studies and your time at NAIT!

Fees and Coverage Periods

If you are enrolled in a credit course that starts prior to the last Friday of September or the last Friday of January, you are automatically enrolled in the plan and assessed the fee for that term.

- Health fee: \$130 per academic year, charged in two payments of \$65.
- Dental fee: \$130 per academic year, charged in two payments of \$65.

All credit students are assessed these fees, including upgrading, open studies, part-time and full-time students, in an online or face-to-face delivery format.

Students auditing or enrolled exclusively in non-credit, ESL, or apprenticeship courses do not receive student benefits. Benefits fees are not assessed to students enrolled in the Spring/ Summer terms—to extend coverage through these terms, you must be assessed in the Winter term.

Opt-out, opt-in, and family add-on forms must be submitted online at mystudentplan.ca/nait/en/forms

SEPTEMBER-START DEADLINE

Friday, September 25, 2026 at 4:00pm

JANUARY-START DEADLINE

Friday, January 29, 2027 at 4:00pm

THERE WILL BE NO EXCEPTIONS IF THE APPLICABLE DEADLINE IS MISSED.

Opt Out

If you have comparable coverage* through another insurance provider or as a dependent on your parent's or spouse's plan, you may opt out by completing the online opt-out form prior to the applicable deadline.

*Provincial health care and Canadian Dental Care plan are not considered comparable coverage.

Students enrolled in the Fall term who miss the September deadline must wait until the following September to opt out (no changes can be made in January). Students enrolled in the Winter term that miss the January deadline must also wait until the following September to opt out, as changes are not accepted during the Spring/ Summer terms.

ENROLMENT STATUS CARRIES FORWARD

EACH YEAR, until a student requests it be changed. If you have opted out once in the past and come back to NAIT as an eligible student years later, your plan will still be opted out unless you opt in before the applicable deadline.

Failure to opt out and withholding payment will cause your account to be placed on financial hold. This may prevent you from enrolling in future courses, receiving your parchment after graduation, and accessing many NAIT services.

CAREER ADVISING

NAIT's career-focused academic advisors help students navigate their education and connect their learning to their overarching employment and career goals. Book an appointment to discuss your education or career plan, academic concerns, job search, and more. Request a resume or LinkedIn review, or even a mock interview. Explore resources and NAIT's student job board at nait.ca/careerconnect

INTERNATIONAL ADVISING

Our trained immigration advisors can answer study and work permit questions, assist with getting settled, and help with bringing family to Canada. If you have a quick question for an international advisor, submit it at nait.ca/help. If your question is complex or requires further exploration, book an appointment with us.

LEARNING ADVISING

Is there something that stops you from learning or showing what you have learned? One of our advisors can help! We will work with you to identify learning barriers and find resources to support your learning. If you are a student with a disability, connect with a Learning Advisor to determine the accessibility resources that will work for you.

OFFICE OF STUDENT CONDUCT AND ACCOUNTABILITY

The Office of Student Conduct and Accountability (OSCA) collaborates with various NAIT community members and teams to uphold NAIT's values and foster a safe and positive learning environment.

We know sometimes things go wrong. If there's a concern about student conduct, OSCA is here to help. You can report a concern, whether it's a formal complaint or just to share information. OSCA will facilitate a fair process.

OSCA receives disclosures and complaints of alleged student misconduct from students and staff members, helping students resolve conflict, and facilitating pathways when a student may have breached their responsibilities.

Complainants

When another student may have breached their responsibilities in a way that impacts you OSCA can provide conflict coaching, or support you in understanding your options as to whether to pursue a conduct process.

Respondents

If you have been accused of an alleged misconduct breach, a Student Conduct Officer will communicate the concern to you and ensure you have an opportunity to share your perspective. The Office of Student Conduct and Accountability prioritizes finding resolution where possible, instead of just focussing on punishments.

Processes

NAIT has several pathways to respond to non-academic misconduct concerns, they are outlined in the Student Rights and Responsibilities Policy and Procedures (SR 1.0-SR 1.5), which can be found at nait.ca/osca

Record of Information

A record of information is a stored record that outlines knowledge of behaviours which may be a violation of the Student Rights and Responsibilities policy that are not addressed through further process.

Alternative Dispute Resolution

The Alternative Dispute Resolution (ADR) process involves a variety of pathway opportunities to resolve a concern or complaint that include some level of collaboration and cooperation between complainants and respondents. The Student Conduct Officer acts as a multi-partial facilitator to support resolution.

Formal Adjudication

The Formal Adjudication process is an investigative process where the Student Conduct Officer gathers information and determines whether a policy violation has taken place. This is done using a balance of probabilities evidentiary standard (determining if a breach is more likely than not). The Student Conduct Officer assigns sanctions as appropriate. This can include recommendations of suspension and expulsion.

Connect with OSCA

For non-academic misconduct concerns, contact osca@nait.ca. It is helpful to include your full name, ID number, and details about your concern so that OSCA can appropriately triage and respond.

For questions and concerns related to academic integrity or academic misconduct, please contact academicintegrity@nait.ca
