THE NUGGET

NEWSPAPER

Do we need a newspaper? I say "Yes!" and so do most of the students. Then why don't we have one?

There are about 600 students in the Technology and Business Administration part of the school. Two students of the 600 are working on the newspaper. That's why we don't have a good newspaper. The students have not been working for a newspaper.

We must have at least five more people on the staff. WE MUST!

You can come to Room E129 at noon.

FLAGS

Why do we fly the Union Jack in front of our school?

People say that it represents the Queen, but actually it is the flag of England.

We are no longer a British colony but a country. We are an English-speaking country, but so is the United States and they don't fly the flag of England.

This is not a country filled with Englishmen. There are Italians, Hungarians, etc.,etc. and they are all Canadians. Why don't we become Canadian and not just shadows of the Fatherland? This is Canada for Canadians.

I say TAKE DOWN THE UNION JACK AND FLY OUR FLAG

N.A.I.T. - S.A.I.T. GAME

On March the sixth the gentlemen of S.A.I.T. exhibited their talents in basketball as seasoned veterans against our boys, who are in dire need of practice and experience as a team. This was proven by the lopsided score of 43-28, but since our boys are First Year students and it is the first year of this school, the S.A.I.T. Trojans better beware for next year - we shall kick their pants for them!

So - GO, N.A.I.T., GO!
