## NAITSA IN "TENT" IONS COME THROUGH

Greg Scherf and David Holubitsky

### ***A WORD ABOUT AVOIDING POST — BEERFEST BLUES***

This coming Saturday September 22nd is the NAIT beerfest. The beerfest usually is a great time provided you don't drink and drive.

At this very moment a lot of you readers are probably thinking this is going to be a lecture something like the one your parents gave you 5 — 6 years ago about drinking. But this isn't a lecture just some friendly advice.

I assure you I am just as guilty of drinking and driving as the next person. But something has stopped me from driving when I drink. It was the loss of 3 high school buddies who died in a drunk driving incident late one summer night.

Did you know "Drunk driving" accounts for fully half of all auto fatalities. In numbers, from 1981 over 26,000 Albertan drivers were convicted of impaired driving or failing to provide a breath sample. In 1980 and 1981 Alberta had the highest fatality rate per capita in Canada of deaths in automobile accidents. After 10:00 p.m. one out of every 5 drivers has been using alcohol prior to driving. Even CHECKSTOP has admitted it catches only 1 out of every 200 impaired drivers. The facts are startling so please don't ignore them. Think about it.

The idea of this article was in no way suggesting that you don't attend the beerfest. I strongly recommend you do, it should be a great success! But I think I'll let my date drive because knowing me I'll overdrink and I don't want to kill or be killed!

Cheers!

Daniella Santini

If you have any questions or concerns the people at PAID (People Against Impaired Drivers) are a good organization to look into or even contact the Nugget for further information.

# Opinion

## WHAT A WAY TO START THE YEAR!

Wow! How about that Student Association of ours? I think all of them, and especially Bruce Antoniuk our Activities Chairman, have been doing an extraordinary job of welcoming us all to NAIT.

There's been so much happening, and so little time to take it all in. At the time of this printing some of the proceedings will have passed, but there's a lot still to come. If some people are still scratching their heads and asking "What's Happening?", I will be shocked. So much has been advertised by posters on our walls. However, because I am so impressed by all the events, I'll give a breakdown for the confused few of our first two weeks of school.

Last Friday night was, of course, the "Ladies Night Rock and Talk." And what an excellent Rock and Talk! The music was loud! The beer was cold! The wine was new! The people were dancing! The ladies showed up! This spectacular turnout should persuade everyone to buy their tickets early for the next one. Friday night was by far the best Rock and Talk I've been to in my short stay at NAIT. I whole heartedly predict that they can only get better.

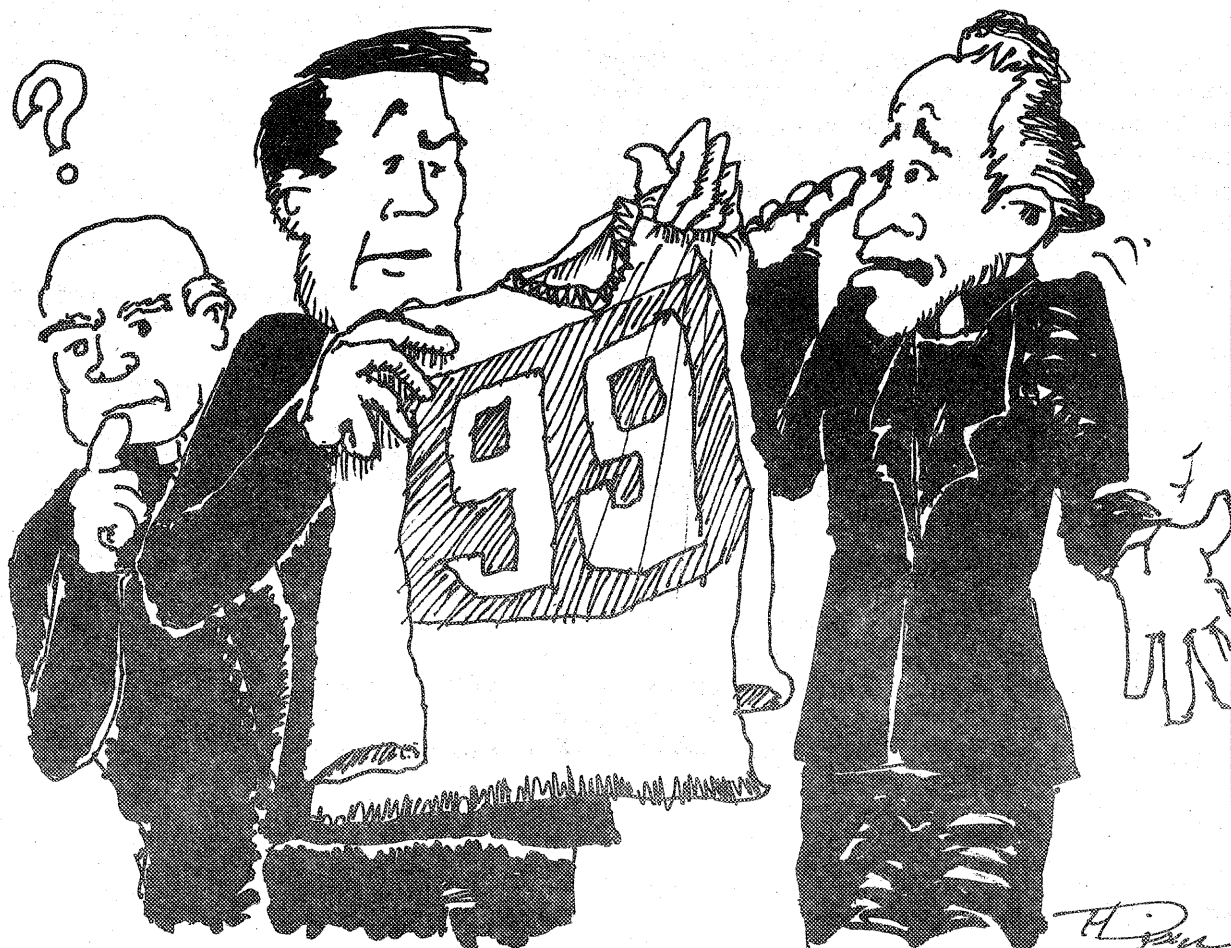

This week there is a new addition to Orientation Week. In case nobody noticed, it is the tent which is located on the south lawn of our beautiful campus. For the past three days, six of Edmonton's finest bands have been rocking their lungs out in that canvas monstrosity. NAITSA has had the consideration to provide a concession with coke and munchies. As well, K-97's Rob Brown has been handing out K-97 decals and a number of albums. To end the tent happenings with a hot event, a chili dinner is being held tonight. The best part about this whole deal is everything is free! You just can't beat those savings!

The climax to Orientation '84 will be occurring this Saturday. That's right, Beerfest will be starting at 8:00 pm at the Convention Center on the 22. Thirteen hundred tickets have been already sold to this massive extravaganza and more are being sold by the minute. For anybody who has never been to a Beerfest - Don't miss it! For anybody who went to last year's - This one is going to be better than the both of them. This awesome party will be a fitting end to NAIT's first two weeks of classes.

That just about says it all for these initial fourteen days. As anyone can plainly see, that seventy-five dollars paid towards Student Fees is being put to good use. I urge everyone to take advantage of Orientation '84 because it was sorely missed last year. I also would like to add that NAITSA really deserves a round of applause for their efforts. See you at Beerfest!

Sean O'Neill  
Editor

## NEWS ITEM: THE POPE VISITS EDMONTON.

"HIS HOLINESS SAID TO BE SURE AND GET ONE FOR HIM."

## THANK YOU EDMONTON TAXPAYERS

Edmonton was chosen, much to the delight of our Catholic community, as a stop on Pope John Paul II's current Canadian Tour. For many, this was an opportunity to get a real life glimpse at one of the world's most recognized faces. ("He looks just like he does on T.V."). For others, it was an opportunity to see the man who represents their beliefs. Still others feel that they hadn't gotten as much out of the Papal Tour as they feel they've put in.

What we think of the Pope and his religion should not change whether we were affected by his visit. Regardless of our race, creed, colour or religion we all were affected in one way or another.

I think that we should not be upset about the approximately 5.2 million dollars that was spent on the Pope's Edmonton

visit. Rather, we should be happy that our government chose to spend our money on something that we could all benefit from.

The Pope's visit upset the monotony of many people's everyday lives. He brought smiles to millions of faces where ever he went and what's wrong with that? As well, the Pope's words could be used by all of us to make the world a better place to be. Perhaps the government should budget more towards events such as this so that we, the people, might have more to smile about.

I am not Catholic so the Pope's visit didn't do much for me. On the other hand though, I am a football fan and the same government who brought us the Pope helped build our stadium. The next time your tax dollars are spent and you don't think that you benefit, think of the other great things in this city that you like and others don't (for example the waterfall).

Ultimately we need more smiles in the world. If our tax dollars can bring us these smiles than so be it. If you don't agree with the expenditure, your turn will come and anyway, who's to say all Catholics are football fans.

Richard Russell.

The NUGGET is the student newspaper of the Northern Alberta Institute of Technology. It is published on a weekly basis during the school year September to May. The NUGGET will not be published during mid-term and final exam weeks. As a supplement to our regular issues the NUGGET will publish special issues to suit particular occasions. Excluding editorials, articles do not necessarily reflect the views and opinions of the NUGGET staff. Contributions from students are welcomed. Submission deadline is Monday at 4:30 for Thursday's issue.

## A MESSAGE FROM MARKETING MANAGEMENT SOCIETY

DEAR STUDENTS:

Good day! In hopes that your educational, social and employable experiences at NAIT are taken advantage of to the fullest; we, the Marketing Management Society wish to express our thoughts and feelings.

Firstly, we view our key purpose as providing a connection between the business community and students. The bottom line is: Once we've fulfilled the educational requirements of NAIT - WE NEED JOBS!!! Jobs are important and realistically, we hope that's why you are here. Equally important is the development of ourselves through sports, entertainment and companionship.

The 1984-85 school term will be the second consecutive year of MMS existence and our work is cut out for us. Due to a minimum of financial resources and time, we are asking for your help. We ask that you become involved in your environment by partaking in activities that both interest you and that provide opportunities for your personal growth. Remember, good marks are not the only criteria an employer considers when picking employees.

Please, do not sit back and wait for someone to do those things you've always wanted to do, because they won't. If your mind can conceive of an idea it IS obtainable, so go get it. Unfortunately, excellent jobs, scrumptious loving companions and all expense paid trips to Rio don't fall out of the sky, we have to work for them.

There are three major reasons for this article and we feel they are all equally important.

- 1) We want these days, months and years at NAIT to be productive, memorable and rewarding.
- 2) In order we provide services of value (seminars, newsletters, socials etc.) we require participating members.
- 3) As business society executive we approached both AMS (Administrative Management Society) and BAS (Business Administration Society) with a proposal. Our idea was to consolidate our efforts and work together at representing business students. We feel we can bring more diverse groups of people together and have more fun.

BY: A) Honoring each other's memberships at member for functions.

B) Occasionally pooling our financial and managerial resources to hold larger cabarets with HIGH QUALITY entertainment.

RESULT: AMS - Yes  
BAS - Undecided

In the space provided below we are offering a chance for you to speak up and give your personal opinion. This survey is not only for business students but ALL STUDENTS. We respect your opinions, please give them.

1. Do you feel our proposal has merit?

YES \_\_\_ NO \_\_\_ UNDECIDED \_\_\_

2. Do you feel BAS has the right to represent MMS and AMS at NAITSA meetings if they are reluctant to work with us?

YES \_\_\_ NO \_\_\_ UNDECIDED \_\_\_

3. If we could provide seminars with topics applicable to all students, would you attend?

YES \_\_\_ NO \_\_\_ UNDECIDED \_\_\_

SUGGESTIONS: \_\_\_\_\_

Please detach and submit surveys to NAIT NUGGET suggestion box across from the NAIT store. NO NAMES PLEASE! Thank You!

Have an excellent school year!

Sincerely,  
Darel MacDonell  
Steve Smith

## CHECKING INSURANCE PAYS WITH KIDS IN COLLEGE

Fall is here and across the country students are packing up their stereos and heading for college dormitories. For parents looking to save some higher education dollars, a quick check on insurance can pay off, according to Leone Cardinal of Roy Henry Insurance in Edmonton.

"All too often parents end up paying more than they have to for their children's insurance," said Cardinal. "Most don't know that they probably have all the coverage they need. They may even save insurance dollars when the kids are away."

Many colleges include an application for property insurance for dorm rooms, and parents often buy it. "The unfortunate thing," said Cardinal, "is that many students don't need it."

"If your son or daughter's legal residence is still at your house, then the property in their dorm room will be covered under your homeowner's policy," she said. "The same coverage and deductibles apply. Just notify your insurance agent that the child is at school." Children who have established a permanent residence away from their parents would not be covered and should apply for insurance on their own.

Leone Cardinal also cautioned parents not to automatically jump into buying health coverage offered through the college. "If you are covered under a group health and life plan through your company, your dependent children may be covered until age 23 if they remain students," Cardinal pointed out. Some plans cover them to age 25 and most plans are good across Canada and the U.S.

"Many people don't question insurance needs and end up spending more than they should," Cardinal said. "By looking into the coverage they've got, parents may find their kids are already covered."

Dale Smith

## BE A LEADER

### THE CANADIAN RED CROSS SOCIETY

The demand for qualified water—safety instruction increases each year as thousands of enthusiasts discover the thrill of aquatic.

"Whenever possible we want to help people receive that qualified instruction," says Gil Gilmet, Safety Services Director for the Canadian Red Cross Society.

To accomplish that goal Gilmet looks to increasing public safety awareness through individuals trained as instructors in registered Red Cross programs.

Instructor courses are offered, throughout the province, to persons over the age of 16 who have completed Red Cross Safety Services programs.

Through the first half of 1984 more than 725 individuals were certified in Water Safety Instructor courses. Another 718 participated in recertification courses. A further 120 participants were certified as Small Craft Safety Instructors with Standard First Aid Instructor certification going to 80 people.

Red Cross — trained instructors in either Water Safety, Small Craft Safety or First Aid are now present in 225 communities throughout Alberta.

Upon successful completion of an instructor course, a person is qualified to instruct anywhere in Canada. Becoming a Red Cross — trained Water Safety Instructor can be a positive step toward future career planning and advancement.

"When the course is completed the student will have gained values which will be beneficial throughout life," says Gilmet. "In addition, a qualified instructor can be eligible for future employment or volunteer opportunities at swimming pools, private clubs or recreational facilities and summer camps."

Don't miss out on training that can offer new and exciting opportunities. For more information on where to enroll in a Red Cross Instructor course call Red Cross Safety Services in Edmonton (423—2680).

## THEFT RATE

### AT ALL TIME HIGH

An inventory of the library's book collection this year revealed a sharp rise in the loss rate. 1586 books were recorded as missing since the last inventory taken 3 years ago. The highest loss rate occurred in the Electrical and Electronics area with 110 missing items, closely followed by the Earth Resources area with 64 missing items.

Replacement value of the missing books comes to approximately \$70,000. Since the normal budget for the circulating book collection has been around \$45,000/yr. for the last three years, effectively one and a half year's budgetary allotment has walked out the door. Needless to say Library management is concerned. A programme to increase security and limit losses has therefore been placed in effect.

This programme will begin September 4, 1984 and includes the following components.

1. Hand baggage is now subject to inspection. Signage has been posted informing library patrons and random spot checks will be carried out daily at the circulation counter as people exit.

2. Signage indicating that theft is a criminal offense has also been posted in the library.
3. An improved security system will be installed on the fire doors.
4. Commissionaires will patrol the premises daily.
5. A security system has been installed in the Plaza II library.

The intention of the above measures is to make it more difficult for theft to occur. Library management ask that all library patrons remember that theft is a crime. Your tuition fees and/or Departmental budgets pay for library materials. Library resources are there for everyone not for the private use of a selfish few. Please report observed incidences of either theft or mutilation to library staff immediately. Help us to help you. Be a concerned patron.

## ADVENTURE,

## EXCITEMENT,

## SONG, AND DANCE!

Are you interested in a new physical fitness program? One where you can make friends and do lots of travelling, then Balada Romanian Dance Ensemble is the group for you. You can increase your flexibility, sharpen your coordination, and develop more stamina while you're having fun.

Romanian dancing is a delight to watch, but it's far better to be part of the dances. The pulsating rhythms, fast spins and intricate steps make the dances lively and challenging to learn. Dance experience is not necessary Nor do you have to be Romanian, Just have the willingness to come out and join us two nights a week (Tuesdays and Thursdays) for a tough workout and you'll have lots of fun.

Balada is now recruiting new members for their fall and winter performance schedule. In addition to meeting new friends and developing your own individual skills, being a member of Balada offers you the opportunity to perform in tours across Canada, the United States and Europe.

Balada was formed in 1975, and has since been going strong with an enthusiastic group of Canadians from many vocations and various backgrounds. Devoting their spare time to practising and performing Romanian Folk Dance, the group has performed extensively in Alberta and has made appearances in Folk Festivals throughout Western Canada and the United States. Balada has also toured Romania and Turkey in the past years and is now planning their 1985 touring season.

Although Balada (meaning ballad in Romanian) needs guys more than girls, don't be discouraged about coming to tryout. If you had even remotely thought about trying out please call Anne at 458-1154 or Gary at 474-3591 for more details. Balada could be the club you've always wanted to join but join soon because the deadline for new members is September 25th, 1984. Hope to see you

## A TOUCH OF CLASS ADDED TO NAIT CAMPUS

NAIT has taken as a decidedly "Ivy League" look since the acquisition of a new satellite campus this summer. The leasing of the stately old brick H. A. Gray Elementary-Junior High School on 103rd Street and 121st Avenue took place following the Edmonton Public School Board's closure of the facility.

Built in 1913, the school was named in honour of H. Allen Gray, the first Anglican Bishop of Edmonton, who later became a school board trustee and a provincial judge. When the school opened, there was only a handful of houses in the area and most of the students trekked many blocks over roads that were merely ungraded trails. Conditions at the school were a little primitive in the beginning. Although water and sewer services had been installed, an injunction prevented the use of the sewer system and outdoor biffies were the order of the day for the first few months.

The area grew rapidly over the ensuing years and a 1956 expansion increased the number of classrooms to 28 from the original 10. By 1958 the number of students had reached 775. In the last decade, however, enrollment steadily declined to the point where only 295 students attended the school, 100 of these being prevocational students bussed into the area. The decision to close the school was taken by the School Board in April of this year following an extensive review process which included open house information sessions, meetings with school staff, parents and the public, and numerous school board meetings.

NAIT's need for extra classroom space prompted the administration to consider leasing an existing school building, and when the decision was made to close H. A. Gray, the School Board was approached and negotiations resulted in a lease agreement in July. Since then, extensive renovations have been taking place. These include the installation of a new electrical service, minor mechanical improvements, some new plumbing, the creation of office banks from classroom space, and a major redecorating job. Work is still underway on the older part of the school; the newer section of the school has not yet been designated by NAIT for any specific function.

Last week, the Tailoring Technician program moved into the building, occupying the basement and half of the first floor. Administrative Secretarial Arts will relocate to the balance of the first floor and the second floor sometime in early December. The third floor will become a student lounge and multi-purpose classroom.

The new campus has been renamed Westwood to reflect its association with the surrounding area, and when the facelift is complete, a "handover" ceremony will be staged to mark the career-change of the 71-year-old structure.

Wendy Dukelsky NAIT informations office

## TERRY FOX RUN

From coast to coast in Canada and in many other countries throughout the world, the fourth annual "Terry Fox Run" will be held on September 23rd, 1984.

The "Terry Fox Run" was inspired by Terry's "Marathon of Hope" to raise funds to help fight cancer. As of today, Terry's "Marathon of Hope" and the three previous "Terry Fox Runs", have raised over 33.9 million dollars for cancer research.

In Edmonton, this year's "Terry Fox Run" will be held in Rundle Park. The ten kilometer run, walk or jog will be starting at 1:00 p.m., but participants may begin the race as late as 2:30 p.m.

If you wish to participate in the run, you can pick up pledge sheets at the Canadian Cancer Society, near the Edmonton Inn, at the Four Seasons Hotel, at fire halls and at the Y.M.C.A.

Participants may park free at the Northlands Coliseum parking lot and take Edmonton Transit to Rundle Park. Buses will run every hour on the half hour to Rundle Park, from 11:30 a.m. to about 2:30 p.m. Buses will run until 4:30 p.m. to take runners back to the coliseum.

In the three previous "Terry Fox Runs", 3, 109, 932 dollars have been raised for cancer research by more than a quarter of a million runners around the world.

"Terry Fox Runs" have been held in the United States, Great Britain, West Germany, Brazil, Switzerland, China, Turkey, and the Soviet Union. Imagine the pride Terry would have had if he knew how far his run has gone, after the first that he took in St. Johns, Newfoundland in March, 1980.

When Terry started his fight to help stop cancer, he showed himself as someone who wants to help. In a letter that he wrote on October 15, 1979 to some of his sponsors, he said:

*"Somewhere, the hurting must stop and I was determined to take myself to the limit for this cause ... I'm not a dreamer and I'm not saying that this will initiate any kind of definite cure to cancer, but I believe in miracles. I have to."*

*Even if you do not plan to run, walk, or jog on September 23rd, you can still participate. By pledging money to the runners, you can join Terry in the fight against cancer.*

The Chairman of the Edmonton run, Charles Davidson said: *Edmonton had the most successful Terry Fox run in the country, on a per person basis.*

Let's make this year another great success. Participate in the Terry Fox Run, and help keep the dream alive.

Sheldon Brown

## TALKING AT THE ROCK AND TALK

Welcome to "The Nugget's" newest feature. "Talking at the Rock and Talk" is exactly that. We are talking to various NAIT students about different topics.

**What do you think of the Pope's visit to Edmonton?**

I think it's good for Canada and it's good for Christians throughout the world.

Dan Dunham, Dental Assisting

It's great but he'll have to come to my place if he wants to see me.

John Bushe, Earth Resources Minerals

I'm not into the Pope but I believe that even if you're not interested, people will go just because it's new. Because there's not too many parties in the streets, people will be taking advantage of it.

Mark Hayden, Telecommunications

I think it's a waste of money.

Bev Olson, Civil

I'd like to learn to ski, that's where the parties are ... I don't skate.

Mike Leblanc, Engineering Resources

I think it's a chance of a lifetime but why should someone believe in a person so much more than a religion? I think though, it's a good thing.

Doug Hanson, BCET

It's alright.

Mary—Lynn Brown, Staff

We should get the day off but I'd sleep in if we did.

Marcy Robinson, Admin. Man.

## EVERYTHING YOU WANTED TO KNOW ABOUT YEARBOOK ... BUT WERE AFRAID TO ASK

### HOLLY ROOT

VICE-PRESIDENT

Since this year's "yearbook" is going to be an "activities" book, to make sure all activities are covered we need your input. No individual student pictures (better known as "MUGS") are going to be in the book. In order for you to get in it, you should get out and get involved in some activities.

If you have any pictures of "tech" activities (cabarets, intramurals, etc.) please see Tim Davidson or Cheryl McPherson in the yearbook office. (E126)

We still need a production assistant to help with the production of the yearbook. If you worked on your highschool yearbook or even if you have no experience, we could use your help. Again, see either Tim Davidson or Cheryl McPherson in E126.

If you old people out there are wondering about last year's (1983-1984) yearbook, or the 1982-1983 yearbook, it should be in sometime in October. There will be ads in The Nugget to let you know when and where these books can be picked up. You will need your old ID cards to get them.

Hi, my name is Holly Root and I am your Vice President of the NAIT Student Association. During the year I hope to meet and hear some of your views and ideas on things that you would hope to see coming about in the up and coming year. One of my responsibilities as Vice-President is taking care of Public Relations between NAITSA and you the students. Anything that is pertinent to you the students, I will make sure it comes to you through the use of the paper so keep watch!!

As you know, Shinerama is drawing closer and closer. This year we have designated Saturday, September 29th for this day. Due to lack of participation in the past year, we have had to designate a weekend instead of a weekday to put on this event. We are hoping to get our weekday back by having an enormous amount of student participation this year. It's a fun event which you the students choose the area you wish to shine in, and shine shoes until total exhaustion has taken over.

Sign up sheets will be posted at all bulletin boards on September 24th. The pancake breakfast will be held the morning of September 29th which will be free for all shiners. There will be: beer pancakes (excellent recipe), sausages and orange juice. That night there will also be a Cabaret at the Kapers Party Palace. Starting at 8:00 p.m., tickets will go on sale on Tuesday, September 26th, 1984. Tickets will be 3 dollars for shiners and 6 dollars for nonshiners. Join in and participate in the fun, there will be a prize for the tech who has shown the most student participate.

Other charities in which my position is in charge of is; poppy day, Daffodil Day, Santas Anonymous, the Red Cross and Big Sisters to name a few. In each of the charity drives, there will be extra help needed, if you are interested in helping out, please come by my office in E-13a.

Have a great year.

Holly Root  
Vice President

## ADMINISTRATIVE SECRETARIAL ARTS

Since the offices of today are undergoing dramatic changes in automated equipment, procedures and personnel roles, it is the goal of the Administrative Secretarial Arts Program to prepare and train graduates to meet these challenges.

The First Year of our program is aimed at training students to become stenographers, dicta—typists, clerk—typists, word processing operators and receptionists. After successful completion of the first year, a NAIT certificate is awarded. The Second Year of our program prepares the students for senior—level positions where there is more responsibility and challenge. We plan to further develop secretarial skills and secretarial knowledge for the future secretary. This will enable the student to explore a variety of specialties. After successful completion of the second year, a Administrative Secretarial Arts Diploma is awarded.

As in other technologies, the population of the Administrative Secretarial Arts program has increased rapidly in the 1980's. This year we have 208 students enrolled — 152 in the first year and 56 in the second year.

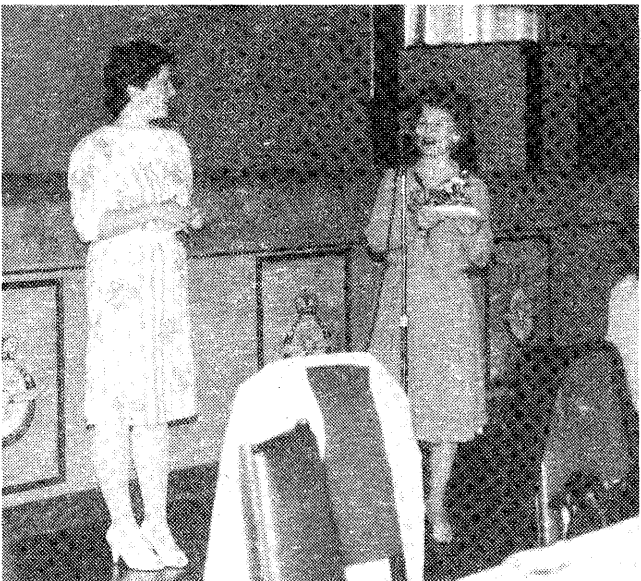

There are many interesting activities in the Administrative Secretarial Arts program. Some of these are:

- Secretaries Day
- Fashion Shows
- Scavenger Hunt
- Cabarets
- Bood Draws
- Various luncheons with secretarial students

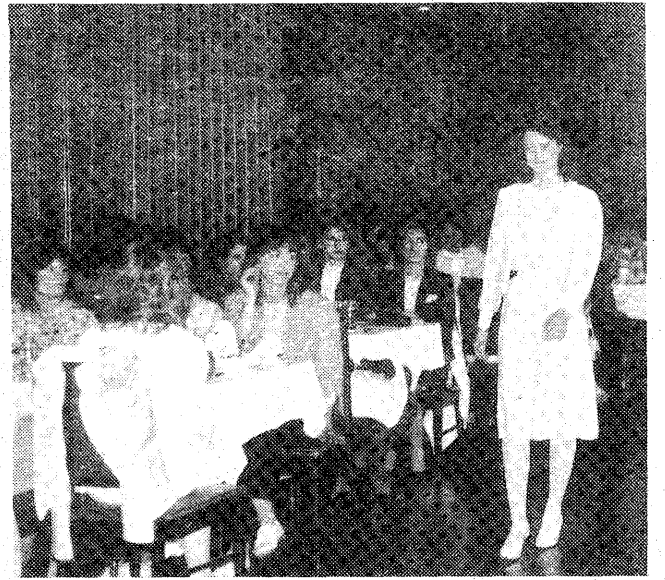

An Alumni Association was started in 1983 and already has 100 members.

For the first time, an all—day Secretarial Conference will be held at the Edmonton Inn with Guest Speakers.

There is one major activity that will be happening this December. The Secretarial Arts Department will be moving to a new campus called Westwood Campus. Our new location will be 12140 — 103 Street.

## ARCHITECTURE

We are the second largest technology in NAIT and are found in Plaza II on the upper level. The Executive Student Council has set up a society membership which gives discounts on activities throughout the year to the students. The Council tries to set up at least one event a month. Our first cabaret is our Hat & Shade Cabaret coming up on the 5th of October. Generally we set a theme for each cabaret.

Last year's Hallowe'en Dress—up Day & Cabaret was full of surprises from a coffin being brought in the cafeteria so Dracula who appeared out of it could have his dinner, to our 6'4" Frankenstein, whom everyone called Gronk. (Believe me he looked exactly like Frankie especially when you met him head on.

During the winter we try and arrange at least one ski trip. Last year we had our Second Annual Hayride which proved to be a great success. Although the night was cold the people kept warm by running after the sleigh after being thrown off; and after the ride was over a fire was a plus.

Our most successful Cabaret for the past five years has been our Hawaiian. It seems to provide a little warmth in the cold winter months.

At the end of the year the Council has a special activity for all members of the Architectural society. Last year we had our windup at Pigeon Lake for an overnight camp out. The weather was poor at first but by 11:00 a.m. it was proving to turn out quite nice. The night started to cool off but the bonfires kept everyone quite warm. The turnout was slow till around 5:00 but then everything started to roll.

We don't always just have cabarets or parties, sometimes we try and stay in shape although from the look of our intramural standings last year no one could tell. This year we hope to change all of this. We also had our own interclass challenges and our 1A class taught 1B not to try and tell us that they are superior especially in football.

These were only a few of our activities last year that will definitely return this year, hopefully some will get better but I don't think things get much better than this!

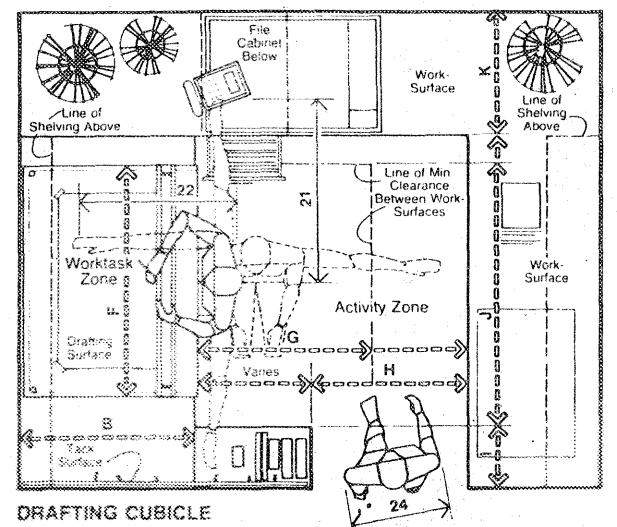

Halloween Cabaret

# Entertainment

## CHEAP THRILLS

Welcome once again bargain entertainment seekers! Once again, we search for good diversions which do not cost big bucks. This week's suggestions are:

**THE LITTLE THEATRE:** Cost \$1.00. Check the "Stuff to Catch" column every week for what's playing. The theatre is located in the basement of "H" wing.

**THE ACTIVITIES CENTER:** You paid your dues - now get your money's worth. All types of after-hour activities are happening, and you can even get family passes. Check it out.

**PUBLIC LIBRARY AUDIO/VISUAL SECTION:** Get your self a library card and you can borrow video-discs and lp's free for a week. Sure, some albums may be scratched, but for the most part the damage is usually negligible. Besides, it gives you a chance to try out albums before you buy them brand-new at the store.

Remember "Cheap Thrills" is an open column - send your suggestions for inexpensive fun at the Nait Nugget Office. Just jot your idea down between classes, along with your name and tech, and slip it into the box just outside our door. Look forward to hearing from you!

## SCAAARY, KIDS!

### THE ANGEL OF DEATH THEATRE NETWORK RUNS UNTIL SEPT. 30

So much of what constitutes horror in the movies today is simply a long parade of violence and gore. The viewer is shocked more than terrified as each director tries to outdo the others in the number of gallons of blood and buckets of pig intestines they can load into a movie screen.

All of which is but one reason why "The Angel of Death" is so refreshing; with only one blood packet, playwright Raymond Storey and Director Stephen Heatley have managed to create a deliciously frightening atmosphere.

Storey and Heatley have realized, as did the masters of horror like Hitchcock, that the simple and the implied are far more frightening and effective than the complex and the blatant. the play is full of moaning winds, creaking doors and closets that shut by themselves. (Much more is in store for you if you go see it, but I'm not about to give it all away!)

And the audience? Well, the one on the night I attended was jumping and shrieking at all the right moments.

The play gets off to a slow start, but quickly builds into a tight psychological thriller. There are good performances from all in the cast, with Barbara Reese doing an excellent job as the superstitious but amusingly lovable Mrs. Kessel. Christopher Youngren's beautiful portrayal of his character (again, a surprise) has the half-mad air of a man driven to the bounds of his sanity by an insane war.

Daniel Van Heyst's stage design is nicely composed, giving an ominous central focus to the attic door. I found my eyes wandering towards it, wondering what would happen there next.

In brief, "Angel of Death" teaches us that after all, it is the unknown things - The ones that "Go Bump In The Night" - That are really the most frightening . . . and the most entertaining.

Reveiwed By Tim Dixon

## NEW NEXUS IN EDMONTON

Nexus Theatre is proud to announce the opening of its Lunch-hour Theatre in McCauley Plaza. This 100 seat, fully equipped, air-conditioned theatre will open its doors October 3rd with the first production of the season "Gimme That Prime Time Religion".

"Gimme That Prime Time Religion" played to sold out houses at this years Fringe Theatre Event, and Nexus is proud to present this production to begin its exciting new season of plays.

"Gimme That Prime Time Religion" was written by Robert Winslow and Ben Henderson and developed collectively by the cast. A biting satire on T.V. Evangelism, this play is based on first hand research of T.V. Evangelists, most of the material is documentary, truth is stranger (and often funnier) than fiction.

Robert Winslow stars as the Rev. Arnest Engley with Marianne Copithorne, Murray McCune and Audrey Webb. Ben Henderson Artistic Director of Nexus has directed this production. Set design by Robert Shannon.

"Gimme That Prime Time Religion" plays October 3rd - 20th

Monday thru Friday Noon till 12:50

Call 429-3625 for more information.

Tickets at the door \$4, with bagel \$5

Thursday 11:45 - 12:35

### DEAR NAIT STUDENT

Dear N.A.I.T. Student:

The following information is to assist you in your studies at N.A.I.T.:

- (1) **STUDENT ACADEMIC REGULATIONS BOOKLET**  
(for all 1st year students who did not receive a copy in the mail). The information includes admission requirements, registration, fees, expenses, academic regulations and student records available at the Registrar's Office.
- (2) **WITHDRAWALS** Should you find it necessary to withdraw, please contact your Program Head or advisor to complete the withdrawal form, check with the nearest Counselling Office to see if they can be of assistance and then present the form and NAIT ID card at the Registrar's Office so that a refund can be arranged.
- (3) **REFUNDS**
  - (a) Upon withdrawal a \$50.00 service fee is deducted from your total fee plus a 1 percent deduction for each calendar day from the date of registration to the withdrawal date.
  - (ie) \$485.00 Annual fees  
50.00 Less service fee  
\$435.00 Balance  
4.35 Deduct for each calendar day.
  - (b) **WITHDRAWAL FOR COMPASSIONATE REASONS**  
The particulars, including a medical certificate if appropriate, is presented to the Registrar's Office. Consideration will then be given for a pro-rated refund of the academic year of instruction.  
If more information is required, phone the Registrar's Office at 471-7411.

L. C. Semrau  
Registrar

## OOK'S HOCKEY

The NAIT Ooks officially opened training camp last week with 65 individuals vying for spots on the final roster. The strong turnout will provide competition at every position between quality players.

Already, the NAIT Hockey Ooks training camp is starting to be trimmed down. A number of players were deleted from camp following the intrasquad contest on Sunday, September 16th.

The intrasquad contest was a high scoring affair with the Blues defeating the Whites 11-8. The contest was typical of most intrasquad matches in the past.

Ron Amyotte, Denis McCormack, Rob Hrystak and Gary Leach each scored a pair for the Blues. Ross Kenny, Jay McFarlane and Colin Leney added singles for the Blues. Gary Haddon sparked the Whites with a two goal performance. Don Simpson, Rick Kreway, Murray Melnyk, Randy Repchuk, Ted Yaworski and Sid Cranston also tallied for the Whites.

Seven goalies saw action in the contest. Each of the netminders was scored upon at least once.

Coach of the Ooks, Perry Pearn, summed up the game as follows, "There wasn't much defense played, but the offensive part of the game was of good quality."

Regarding some of the newcomers, Coach Pearn added, "There were a lot of positive signs from the rookies in camp. I'm sure greater development will come about as the pre-season continues."

### ON THE BENCH:

For the 1984-85 regular season, the NAIT Ooks will once again play a 25 game schedule with five matches against each of the other colleges. Other ACAC colleges with hockey programs include Camrose Lutheran College, Red Deer College, SAIT, Medicine Hat and Mount Royal College . . .

The next game for the NAIT Ooks will be Friday, September 21st at the NAIT Arena when the Camrose Lutheran College Vikings will be the opposition. Action Begins at 7:30 pm . . .

Between September 28th and 30th, NAIT will be participating in the Second Annual Golden Bear Invitational Hockey Tournament. Other participants include the University of Saskatchewan Huskies, the University of Lethbridge Pronghorns, and the University of Alberta Golden Bears. NAIT's first action will be the U of A Golden Bears at 7:30 pm on Friday, the 28th, at the Varsity Arena . . .

NAIT netminder Cleo Rowein has joined the training camp of the Pittsburgh Penguins.

## GOLF

NAIT would like to continue its strong showing of the past six years. During this period, two seconds and two fourths were won. Last year we won the championship by 12 strokes over Mount Royal setting a new ACAC record. NAIT will be sending a men's team and a mixed team to the ACAC Tournament. The championship will be held at (GPRC) in Grande Prairie and will display some of Alberta's best junior golfers. It will take an 80 average over two rounds to finish in the top two.

Any golfer who has a handicap of 9 or less is welcome to try out for the team. Contact Jules Owchar in Room E137 if you are interested.

The Grande Prairie Tournament is set for Thursday, September 27 and Friday, September 28/84.

## WHAT IS AN OOKPIK?

NAIT has adopted this fuzzy little creature of the North as its mascot. Ookpik is a lovable little Eskimo creation, noted for his perseverance and persistence in trying to achieve excellence.

The Department of Northern Affairs and Natural Resources in Ottawa, presented the student body with Ookpik in 1966. You can find him keeping constant vigilance over NAIT students, in a glass case near the gymnasium. Ookpik is an example to NAIT students of enthusiasm, drive and a sincere desire to do your very best. Let's hope that we can follow Ookpik's lead, and become involved in NAIT's activities.

## SOCCER NEWS

The NAIT Soccer coaching staff was delighted to have had fifty players report for the first day of tryouts. This number is now being to a reduced to a workable level. The 1984 Soccer Ookpiks will be announced on Friday and the roster will be printed in next week's Nugget.

The Ooks have only five players returning from the Alberta Champion 1983 Ookpik team. The rebuilding task on hand will indeed be a challenge to the coaching staff.

The Soccer Ookpik's first preseason game will be this Sunday. For the time and place of the game, keep your eyes on the Soccer board, located beside the equipment room underneath the main gymnasiums.

## THE TRIPLE GOLD CLUB

NAIT has an illustrious record in college curling. Since 1872 the Institute has won twelve ACAC titles, seven 4-west championships and one CCAA championship. Last year in a dramatic fashion NAIT became the first college in ACAC history to win three gold medals. In the CCAA championships held in Kamloops only the ladies, last year's inaugural champions, won a medal (silver). In addition two junior teams from NAIT, a ladies and a men's, captured city zone berths.

A new season begins for the NAIT Curling Club. Three teams will be picked from this club, to represent NAIT in the ACAC Championships. A men's, women's and mixed team tryout will be in January. Curling takes place at the Avonair Curling Club on Princess Elizabeth Ave across from the Activities Centre, every Monday and or Tuesday from 4:30 pm to 6:30 pm. The Curling Club will last for 20 weeks. The first draw will be Monday, October 8 or Tuesday, October 9/1984.

Registration will be on Thursday, September 20 from 12:00 pm to 1:00 pm and on Wednesday, September 26/1984 from 12:00 pm to 2:00 pm. You can register individually or as a team in Room E137. There you can contact Jules Owchar for further information.

## THE LAST TRYOUTS FOR MEN'S VOLLEYBALL TEAM

WED. Sept. 20 8:30-10

THURS. SEPT. 21 5-7

FOR MORE INFO.

CALL COACH: 471-7689

## CONTRACT

## CROSS-COUNTRY

## RUN/WALK

Contract cross-country is an event in which any level of runner/walker can enjoy. From the four minute mile runner to the forty minute mile runner, the participator can feel good about his or her result. Individual participants predict their own finishing time. The individual closest to his or her own finishing time is declared the winner. Participants may not carry a watch or pacer.

The entry deadline and the event will be held on Wednesday, September 26/84. Runners/Walkers will meet at the NAIT Athletic Field at 12:30 pm, ready to run/walk. Maps and entry forms (#5) are available on the Intramural Board or at Room E134. This is a great opportunity for students to contribute points to his or her technology's total Intramural points.

## MEN'S & WOMEN'S GOLF

There will be a golf competition on Saturday, September 29/84 at 11:00 am. It will take place at the Victoria Golf Course, 121 St. & 99 Ave. Since the students do not have their handicaps available the Calloway Handicap System will be used. Foursomes will tee-off every 5 minutes. A list will be posted on the counter in Room E134, where tee-off times can be chosen. Green fees are \$1.00 per person, and the first twenty people to sign, will have their fees paid for by NAIT Athletic Board. All participators will need their own clubs. Deadline for entry is on Wednesday, September 26/84. Entry forms are available at Room E134 (Entry Form #3). See you on the greens.

## RACQUETBALL

GENERAL MEETING  
Wed. Oct. 10 - 4:30 pm  
in E129

NAIT RACQUETBALL CLUB is a group of individuals who are interested in playing racquetball at the recreational or competitive level. To further this goal, a system of levels of play has been established.

### LEVEL D - BEGINNERS

-People who have never played racquetball up to people who have played 10 times.

### LEVEL C - BASIC PLAYERS

-People who have played more than 10 times up to people who have played once a week for one year (or equivalent)

### LEVEL B - INTERMEDIATE PLAYERS

-People who have played more than once a week for one year (or equivalent)

### LEVEL A - ADVANCED PLAYERS

-People who have played in city-wide tournaments
