BEWARE

OPINIONS

Tricked and Mis-Treated

Remember when there wasn't a worry in the world & life seemed Endless? When being a kid seemed Timeless? What about Halloween and all the neat costumes Mom would make? Pirates, Jailbirds, gypsies, and ghosts. Remember when trick or treating meant getting all the Candy you wanted or could possibly eat until Mom hid it? Remember when it was safe?

It does seem like some of society's offspring find humor in destroying the tradition of Halloween. Poisoned candy, razor blades, stealing candy from the younger kids or vandalism, all forms of trickery. The point has been reached where some concerned parents are not allowing their children to participate in traditional Halloween festivities. More Home Parties or Community League Parties are happening. This is fun and laughs, but the true sense of Halloween is slowly dissipating.

Too many unhappy events befall some youngsters on Halloween. Maybe if people took the time to remember what Halloween meant to them when they were young things like poisoned candy may not exist. Times may change but should not to the extent of youngsters being tricked or mistreated by adults or teenagers out for a good time.

A. Moskal
Editor

BEWARE!

Tomorrow is Halloween and the scariest thing out there is probably going to be the drunk drivers. They're scary enough any time, but even more so tomorrow because so many kids will be running around half the night without paying any attention to

"...driving while under the influence isn't funny, it's life threatening..."

the traffic.

Most people are smart enough to realize that driving while under the influence isn't funny, it's life threatening, but there are still a few who like to brag about being "so loaded I can't even remember driving home". If they

can't remember driving they should have had someone do it for them.

Impaired driving is no longer accepted by society. Too many people have been killed or seriously injured in accidents that would have never happened if there hadn't been a drunk behind the wheel (usually of the other car).

Give yourself a Halloween treat, spend \$10.00 on a cab and make sure your friends do the same. It's a lot less than the fine you'll pay if you get nailed for drunk driving, and you'll have more fun than you would curled up in a jail cell with a pack of drunks. Most importantly, you won't have to live with the guilt that someone else would be alive today if it weren't for you.

K. Smith

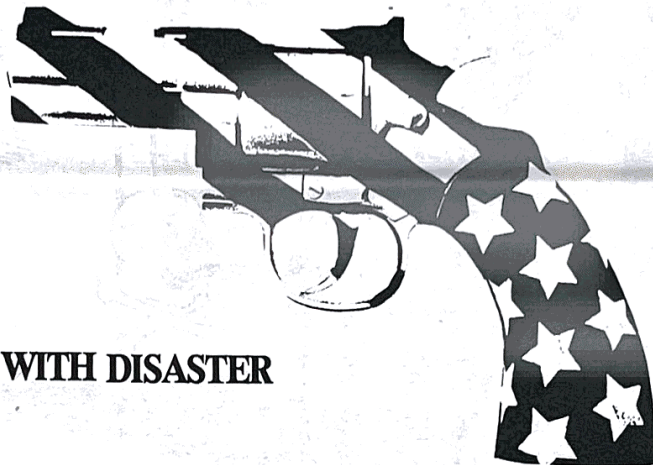

Note: The paper was supposed to be out yesterday, so today is Halloween, not tomorrow.

STAY OUT OF MY SPACE

With NAIT being a post-secondary institution a person would think one must possess some iota of intelligence to attend. Obviously not! There are certain sub-human life forms that attend NAIT who can not grasp the simple concept of parking stalls. The idea of the two yellow lines is to park BETWEEN them, not on them, straddling over them, or parking perpendicular to them. Since this theory is difficult for "some people" to understand, maybe NAIT should offer remedial classes on how to park in a parking stall.

To those of you who occupy two or more stalls because you are afraid you may get your precious doors bumped: 1) it is more likely someone will get mad because they can not find a stall, kick in your doors, and thus cause considerably more damage than originally anticipated 2) if your car is so fragile that it needs two stalls, leave it at home and take the bus!

A Perturbed Parker

FLIRTING WITH DISASTER

by Tony Rivard

In response to the article "Urges Controls" from "The Edmonton Sun, Wednesday Aug. 27, 1986". The column stated that Canada must hang on to its tough handgun regulations. This warning came to the Canadian Association of Chiefs of Police from Minneapolis police chief Tony Bouza. (Last year 20 000 Americans came to an end as a result of handgun shootings.) The article listed the requirement of a local police permit to own a rifle or shotgun for hunting, while the ownership of handguns requires a permit from the R.C.M.P. which strictly limits who can carry the gun and where.

This is all very nice, but what the article fails to state is that the only prerequisite for these permits is that the applicant not have a criminal record. Many people believe this procedure should have a cool down period. The way the permit system is now, if a person does all the

pavement pounding involved, they can decide to buy in the morning and have a handgun by the afternoon of the same day. (Note that no formal safety training is required) Worst of all is that in Canada you may purchase a handgun mail order, only a fool could call these "tough restrictions".

Many try to justify the purchase of a handgun as home security. What the experts say is, for home security a much more practical solution is a shotgun or even better, a dog. The facts are, a handgun purchased for home protection is more likely to cause accidental injury to the ones it was meant to protect. (Last year in the United States, more than a child a day died from a handgun related accidental shooting.)

This person believes we can do without machinery that is engineered specifically for killing humans.

STOP HANDGUNS BEFORE THEY STOP YOU

The NUGGET is the official student newspaper of the Northern Alberta Institute of Technology. It is published Thursdays from August to April.

The opinions contained in the NUGGET are the opinions of the individual writers and do not necessarily reflect the views and opinions of the NUGGET staff.

Contributions from students are more than welcome. The NUGGET reserves the right to edit letters and viewpoints for brevity. Submission deadline is Monday at 5:30 p.m. for each issue.

The NUGGET is located at E128. Phone 471-7615, local 7615.

NAIT NEWS

B.A.S. BULLETIN

What's up for Halloween?

B.A.S. is presenting the "GRAVEYARD CRAWL" on October 31st at MONROES IN THE CITY. Tickets are available at the B.A.S. Office T611 between 11:15 and 1:15. Price is \$3.00 for members and \$5.00 for non-members. We will be offering prizes for best costumes, so dress-up and come down for a Bewitching evening!

BOAT RACE CHAMPIONS

Congratulations are extended to Ron Chryster, Bob Yule, Jim Goode, Ken Jaques and Bob Sand for an astounding Boat Race Vic-

tory at the Ski Nite Out. Keep up the spirit guys! We would also like to congratulate Nick Eleniak and Jeannie Fong for such elegant and co-ordinated dancing in the B.A.S. Dance off! Thanks for the entertainment guys and see you at the next B.A.S. Nite Out.

CHRISTMAS SKI TRIP

Deposits for the Okanogan Tours Christmas Ski Trip are now being accepted at the B.A.S. Office Rm. T611. Minimum deposit is \$80.00. All deposits are required to be in by November 7th. Reserve a seat now before they are all gone.

An Invitation

The news department at the Nugget is inviting the technologies at Nait to submit their own version of a "Bulletin" such as the council at Business Administration does. These submissions would have to contain information directed towards the students of each individual's technology. Topics could include upcoming Cabarets, seminars, items discussed at the individual technologies society council meetings, etc.

Criteria that must be followed are that the technology will be committed to make a submission every week, and that submissions

MUST NOT be repetitions of one another.

NOTE: These will be printed on a first come first serve basis due to printing space being limited. As News

Editor, I will try to do my best to see the information printed. Keep submissions as short as possible please.

Thankyou,
Randy Meszaros

A LITTLE NUGGET NOSTALGIA

Excerpts pulled from the Wednesday Oct. 30, 1974 issue to entertain you. These fiesty articles were written by grades 4-6 students from St. Leo's Elementary School.

every time you get killed you are flying in a rocket and the men are getting eaten up.

Editor's Note: Creative Youngster

SCARY HALLOWEEN NIGHT

BY Franky Twin

Poetry taken from "Creative Plays and Programs for Holidays" by Rowena Bennet.

The door slammed and I heard the creepy sound behind me and I turned around and I saw a mammoth ghost with big eyes and a werewolf bit me and I had a bleeding arm and a mummy caught me and I had to see Dracula and someone screamed and it was a skeleton and I started to go and a storm came and thunder and hail and lightening and a flying saucer and a werewolf howl, and a man sawing a mans head off and as a train crashed on a bridge and the bridge fell in a big hole and the hole is getting filled with water. The bats attack you

At Goblin Time

The way to scare a scarecrow is to wear a sloppy coat And tattered hat, and in your hair Stick wisps of hay and oat.

The way to scare a witch is to wear a floppy cape And peaked hat, and as you walk Stoop down and change your shape.

The way to scare most any spook From goblin down to elf Is just to buy a funny face And be a spook yourself.

THE NIGHT OF HALLOWEEN

It was the night of Halloween, and through all of Plaza II Lounge; All the ghosts and goblins of Halloween past were all abound.

Yet it was noticed that there was a new chap on the block; For the vision of an old, grey haired man was seen moving a grandfather clock.

The ghouls were heard to ask each other, "Who is this And one spoke out with the words, "It's Stan, the old Sears deliverytruck man

Quietly as he moved, not whispering a sound; Stan was loading up his truck in preparation for his delivery rounds.

Yet unknowingly, a student not attending a Halloween cabaret came into the room; Disturbing Stan from his work, and in haste the deliveryman of the past quickly lurked.

But the student's eyes caught the vision of the deliveryman as it disappeared into the haze; And the student swore he had heard the vision say:.

"Instead of these kids working on what they want to be; All they do is come in here and watch MTV."

X-RAY MACHINE

Left to Right Bill McCallum, Stan Bara, X-Ray Tech. students, Ron Hodgson, and Dr. S. Souch

A new day has been ushered in. On Thursday, October 16 the staff and students of x-ray technology received an early Christmas present. It was on that day that the NAIT Foundation handed over to the x-ray department, a brand new portable x-ray machine.

The Mobile x-ray unit is a high power and high quality machine that allows the unit to come to the patient. This state of the art machine will allow the staff and students of NAIT's x-ray technology to teach and learn the tools of their trade on a high technology machine.

The machine itself was presented to Program Head Stan Bara in a rather informal ceremony. The NAIT Foundation Chief Administrator, Bill McCallum, mentioned that the machines funding was raised through a car raffle that actually began over a year ago. He then, subsequently turned the floor over to the Foundation Chairman Ron Hodgson who with the words, "Good luck and good x-raying", formally turned the x-ray unit over to the staff and students of NAIT. Thank you, it will be put to good use.

STUDENT WORK ABROAD PROGRAM

Students of NAIT: Do you want to do something interesting this summer. If so, SWAP has a deal for you. The SWAP program is for those students who wish to work overseas while earning their keep. If you, yes you, like to travel, see the world, enjoy earning a living, and are between the ages of 18 and 25, you are eligible for the SWAP (so to speak). Foreign work experience also looks good on a resume.

NATIONS OF YOUR CHOICE COULD BE:

BRITAIN: Students interested in travelling to the home of Lady Di and Prince Charles, the cost is \$150 for registration, \$800 for return

flight, and be expected to have approx. \$800 for support. There will be two departures, one in spring, the other in summer. This money for support will help you get a job.

SOUTHERN IRELAND:

This program is open for departures all season long. There is a \$100 registration fee, and although it will not get you a job, it will help you in your job search.

BRITAIN/IRELAND PACKAGE:

Registration fee \$190. Please include in your application: 3 references, registration fee, for this program. NOTE: Apply at least 6 weeks before departure date wished.

AUSTRALIA:

2 departures: May 15, application deadline is March 1st. Aug 25, application deadline is June 1st. If you apply before Dec. 31st, 1986 you will receive a discount of \$20 on the registration fee of \$150. This program is a competitive one so apply early.

JAPAN:

There is no English in this program.

Japanese enjoy the opportunity to speak English, so most of them are very friendly.

Airfare (return) and registration fee \$1200

For More Information - Brochures are available at the NAITSA offices.

GENERAL COUNCIL MEETING

By far the highlight of the General Council Meeting of October 14, was seeing CIVIL in Diapers. After much anticipation and delay, the bet between CIVIL and BAS was finally completed. The CIVIL executive came strutting down the aisle to peals of laughter, and gave a little levity to a meeting that would turn into one of mixed feelings.

Shortly after Chris brought

the meeting to order, he paused and announced that to his regret Chuck had resigned his position as Activities Chairperson. He further stated that voting for a replacement will take place next Council meeting (Nov. 4) and be limited to one vote per technology.

Chris also announced some happy news. Plaza IV, as per request from a previous Council meeting will be receiving 20 more chairs for their lounge. They will be arriving shortly, if they are not there already.

Another comment from a previous meeting dealt with parking lot K. NAIT has promised that repairs will be made to it as necessary. Hopefully, that means sometime soon!

A couple of quickies from Mark about Shinerama; someone from Respiratory please come by and pick up the Shinerama Trophy, and there are still some outstanding raffle tickets, Mark would like them in immediately.

Charities were also brought up by Mark, it seems as if some technologies still have not chosen their charity. Lets get on with it techs, remember the tech collecting the most money for their charity gets \$500 from NAITSA to put towards GRADUATION!

A final concern was voiced by some of the tech reps. They feel the computer hours should be lengthened Chris promised he would look into it, and get back to the Council on it at some later date.

Techs, please don't forget to attend next General Council Meeting (November 4 at 4:15pm in H5) as the new Activities Chairman will be elected. Please do not be late.

LIBRARY HOURS

At least one weekend before final exams they are extended:

10:00 am - 10:00 pm on Saturday and Sunday If there are funds available they will use the extended hours for two weekends before finals.

ELECTION UPDATE

The nominations are now all in. Now there is only the wait for the counting of the ballots at the next NAITSA general council meeting on November 4, 1986.

Nominations deadline for the candidacy for Activities Chairperson was Tuesday, October 28, 1986, and there are four candidates running for the position. These students are...

- 1) Bill Tobey, BAS
- 2) Samir Sharkavi, Chem.
- 3) Farley McKenzie, Civil
- 4) Sam Chehayeb, Admin.

Mark Grubisich, vice president of NAITSA, is extremely pleased about the turn-out of candidates for the AC position, and is reminding all technologies that their representatives will be voting on the election.

Again, each technology is allowed only ONE vote, so students of all technologies, let your Reps know who you want to see as AC so they can convey the general opinion to Council and cast their vote in the best interests of the students of their technologies.

Note: If there is a tie vote, the Presidents vote will decide the Winner.

NATIVE ART

The Alberta Indian Arts and Crafts Society is presenting: "The National Show and Sale of Canadian Native Arts and Crafts" at the Edmonton Convention Center, November 7, 8, and 9 from 11:00 am to 6:00 pm. The shows include daily

prizes, Native dancers, children's toys, games, art displays and ongoing traditional crafts demonstrations. The Alberta Indian Arts and Crafts Society is a non-profit organization dedicated to the promotion of Native Arts and Crafts throughout Alberta.

This Week in P.L.E. Co-Ed Volleyball

This is an extremely popular activity in the Physical Education Program. This activity is a combination of speed, high speed development, hand eye co-ordination, flexibility, and general physical fitness. All these ingredients combined with team work makes this activity exciting to be a part of.

In each lesson the time is spent teaching the various skills, however plenty of

time allowed for match practice. This activity is offered in the NAIT gymnasium. If you like fast, exciting team sports, Volleyball offered in the Physical and Leisure Education program is for you.

If you would like to join a Volleyball class, check the P.L.E. boards outside the gym or weight room to find a class time which suits your schedule. Report to the class and ask the instructor if there is any vacancy.

SOCCER NEWS

The NAIT OOKS finished their regular season with a two-two tie against GMCC. This was a game where the OOKS jumped into an early lead but slumped toward the end of the 1st half allowing McEwan two goals. The second half belonged to the OOKS when equalized and had many fine opportunities to go ahead but failed to do so.

The OOKS are now busily working in preparation for the nationals at the UofA Butterdome Nov. 8th to 11th. Watch this paper next week for the OOKS draw in the Nationals.

NAIT ATHLETICS ACAC

CHICKS BASKETBALL

This week the Chicks leave our turf to meet GMCC team in the pre-season Tournament. That's on Friday at 6:30 p.m.

VOLLEYBALL

On Friday Oct. 31st the ACAC pre-season Tournament starts.

Sat. Nov. 1st the women take on Mount Royal College while the men face their opponents at SAIT.

Chicks place second at the Northwest Invitational Basketball Tourney in Grande Prairie.

In weekend action the Womens Basketball squad were in fine pre-season form at Grand Prairie Regional College. The NW Invitational Basketball Tournament was a classy event featuring four mens and four womens teams in a straight round-robin play. The womens side featured the Douglas College Royals from New Westminster, B.C.; 4th place finishers at last years Nationals, Caribou College Goldrush, NAIT and the host Lady Wolves from Grande Prairie.

NAIT 59 - Douglas College 70. The Chicks drove up to Grande Prairie and stepped right out onto the court against the heavily favored Royals from Douglas College. The Royals feature 10 returning players from last season and include six players 5' 9" or taller and 85-86 All Canadian Mirjana Juric. The Chicks jumped out of the starting gates with some full court pressure and quickly established a nine point lead but gradually, the size of the Royals began to wear down the smaller Chicks and res-

Chicks Place Second

ulted in some easy hoops and a 43-38 half time lead. The second half was much the same as the NAIT forwards could not cope with the inside game of the Royals despite some outstanding play from guards Kathy Prochnau (25 pts) and Sherry Lee (15 pts).

NAIT 73 - GPRC 52. The first half of this contest was very tight as the young Lady Wolves played some tough defense and frustrated the Chicks for the most part with NAIT holding a 36-32 lead at the half. NAIT's guard pressure and offensive rebounding was the difference in the second half as Kathy Prochnau (27 pts) and rookie forward Tracy Chalmers (15 pts) led the way for the Chicks.

NAIT 59 - Caribou College 49. Sunday morning Basketball was far from inspirational for either team as NAIT emerged victorious in a backbuster affair. The defensive minded Goldrush sat in a 2-3 zone all game and the Chicks were limited to outside shooting and little rebounding. Once again the quick NAIT guards proved the difference with numerous steals for easy

points. Kathy Prochnau (28 pts) and Kim Farris (12 pts).

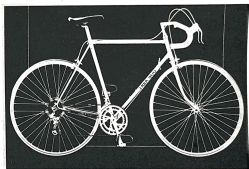

Douglas College went undefeated through the weekend to take top spot with NAIT second. However, the Chicks didn't go home empty handed as Kathy Prochnau was voted tournament M.V.P. and Kim Farris was voted a tournament all star. Kathy finished the tournament by hitting 10 three point shots in 45 seconds to win the three point shooting contest.

Overall the tourney was a first class event and one that other teams in the league could use as a benchmark. Great accommodations at a reasonable price, a team social and buffet plus a smooth running schedule makes the Northwest Invitational one to look forward to next year.

FOUL SHOTS

The Chicks are at Grant McEwan Community College this weekend where the open ACAC preseason tourney against their long time rivals the SAIT Helens.

CROSS COUNTRY RUNNING CHAMPIONSHIPS

NAIT MEN'S CROSS COUNTRY RUNNING TEAM WINS GOLD MEDAL FOR NAIT

On Saturday, October 18, 1986 NAIT's Cross-Country Team competed in the A.C.A.C. (Alberta Colleges Athletic Conference) Championships at Goldstick Park in Edmonton. The NAIT Men finished first out of ten competing colleges and institutes while the Women finished fourth. The 8km

Men's and 4km Women's course was a tremendous challenge for all runners. The course included a 50m section of mud, a water crossing and some fierce hills. The Womens team event was won by Mount Royal College.

The top finishers were Barbara Rankin (MRC) in 18:46 and Daniel Ouimet (SAIT) in 31:51. NAIT's top finishers were Chris Franke-10th and Todd Antoniuk-7th. The NAIT coaching staff

made up of John Reeves, Frank McNamara and Judy Chichak were very happy with the results after placing 3rd and 4th in most of the pre-season meets. This is the 7th time since 1964 that the NAIT Men's Team has won the ACAC crown.

Most of the athletes will now start training for the Cross-Country Ski Team which begins with an organizational meeting on MONDAY, November 1986 at 5:10 in Room E129.

SPORTS NOTE

The NAIT OOKS appear to be a well balanced team consisting of 14 veterans and 15 rookies. They've demonstrated their abilities and strong performance at a recent exhibition game. Mind you, don't be too shocked when you see the continuous banging against the boards as the defenseman is getting his body smashed. Coach Perry Pearn states this is a bad example of college hockey.

NAIT Basketball OOKS Ready for Challenge

Canada's toughest College Basketball Conference is the ACAC. This year the ACAC pre-season tournament will be hosted by NAIT. Basketball fans will be treated to some of Alberta's outstanding college players and teams, including defending ACAC Champions SAIT Trojans.

Several ACAC teams have done some good recruiting and are vastly improved, and could challenge SAIT for the tournament championship.

Here is a look at some of the pre-tournament favorites and their strong points.

Forrest, an ACAC Allstar, 6' 8" center Peter Brown, and guard Kevin Grinde.

Mount Royal College-The Cougars are also coming off a fine year as they finished second in the ACAC last year. Again like most teams in the conference, most key players are no longer playing. One key change in the Cougars this year is at the helm, where Doug Baker has moved from GMCC to Calgary to coach the Cougars. Returning from last years team is guard Brad Fay.

NAIT-The OOKS are coming off one of their finest years. Returning are two top ten scorers. In guard Travis Heighington, and 6' 8" center Brian Lazariuk. Also returning is point guard Adrian Toppin, who will provide quickness to the front court. The OOKS expect good things from forward Frank Mrkonjic 6' 5", and guard Kirk Jones, who are both rookies.

Also participating in the pre-season tournament are Lethbridge College, Camrose Lutheran College, Grand Prairie Regional College, Red Deer College, Olds College and Medicine Hat College.

Action begins Fri. Oct. 31st at 9 am. The OOKS open the tournament against Olds College at 2:15 pm. Come out and support the OOKS!

BOWLING TEAM TOURNAMENTS

NAIT is looking for students who are interested in trying out for the Alberta Colleges Athletic Conference (ACAC) Team.

NAIT meets SAIT, Medicine Hat, Red Deer, Grant McEwan, UofA, and UofC at the Alberta Intercollege Invitational Bowling Classic on Jan. 24 and 25 in match play.

The Bowlers then face off with all colleges for honors at Lynwood Bowl Feb. 14 and 15, 1987. Last year NAIT men won gold; our ladies

came in third and mixed came in fifth.

If you want to act as a representative for NAIT on the Bowling Team fill out the form below and return to the Bowling Alley before Nov. 3, 1986.

It will cost \$5.00 to bowl in the tournament. This money will be refunded if you complete your commitments as scheduled and if you agree to continue to come to practices and games when you make the team.

THE WRITTEN WORD

Lady Of Mine

Enchanting are the hours
That intoxicate like wine,
Whilst in the fragrant
presence
Of a lady oh so fine.

Silken hair cast round about
A face fair and divine,
With eyes so true
that seek me out
And question, "Art thou
mine?"

Oh sweet the hand that
reaches out
And gently cradles mine.
It touched my soul,
my heart cries out,
"Yes truly; I am thine."

Commissioned by Ron Casey
as a gift for his lady.

ATHLETE OF THE WEEK DON BUTLER NAIT CROSS COUNTRY RUNNING TEAM

Don was one of NAIT's outstanding Cross-Country runners for the 1986-87 season. He finished 15th in the ACAC Cross-Country Championships on October 18, 1986 in Edmonton. Don helped the men's team to a Gold medal in the championships. Don fought with a bad cold during the championship run but finished well.

In other college meets this season Don finished 6th in Red Deer, 2nd in MRC - Calgary, 30th in the NAIT/Golden Bear - Edmonton and 2nd in the Men's Open Class in the Edmonton Cross-Country Grand Prix series.

Don is a second year student in Mechanical Industrial Engineering Technology. Formally, he was an 800m runner in Alberta Track, and trained with the UofA Track and Field Team.

The Cross Country Running Team congratulates Don Butler as NAIT's Athlete of the Week.

HOCKEY OOKS

The NAIT Hockey Ooks are preparing to start the ACAC hockey season of 1986-87. The Ooks are the defending ACAC and CCAA (National) Champions and will have a long, hard road in front of themselves if they want to repeat their success of the past two seasons. NAIT finished the exhibition schedule with a record of 6 wins, 4 losses, and 1 tie.

The highlight of the pre-season occurred at the ACAC Pre-season Tournament in Camrose when a number of teams proved that they will be vying for a play-off spot. All teams in the league have recruited new talent paving the way for a very competitive and interesting season. The 1986-87 season will probably be remembered for its surprises when it is finished. The surprises may start this weekend when the season gets underway.

The Ooks opened training camp with 85 individuals. Heading into this weekend, NAIT coach Perry Pearn and staff have trimmed the roster to 29 players. Coach Pearn has indicated that the team will carry about 24 players this season.

The Ooks started the exhibition season with a 9-4 triumph over the Saint Albert Saints of the Alberta Junior Hockey League. NAIT and arch rival Camrose Lutheran College fought to a 6-6 draw on Fri., September 26th. NAIT then travelled to Saskatoon for the University of Saskatchewan Huskies' Invitation Tournament. At the tourney held between October 3rd and 5th the Ooks wound up with a one and two record. The Ooks scored a 7-6 victory over the host Huskies, but they also lost a pair. The Ooks dropped a 5-2 decision to the U of A Golden Bears and were on the short end of a 2-1 score to the University of Manitoba Bisons. The Ooks then gained revenge over the Bears with a 10-9 victory at Varsity Arena on October 10th.

On the weekend of October 17th and 18th, the Ooks swept a two game set from the Red Deer College Kings. On Friday, the Ooks squeaked by the Kings 7-6 in overtime at the NAIT Arena. NAIT then rebounded for a 5-2 victory on Saturday night in Red Deer.

The Ooks started off their final weekend of the exhibition season on a promising note downing the Seneca College Braves 5-2 at the NAIT Arena on Thursday,

October 23rd. At the ACAC Pre-season Tournament in Camrose, the Medicine Hat Rattlers upset the lacklustre Ooks 8-7 in overtime on Friday the 24th. On Saturday, NAIT permitted the SALT Trojans to score four first period goals, and the Trojans held on for a 7-6 triumph. The NAIT Hockey Ooks open up the regular season against the Camrose Lutheran College Vikings in a home-and-home series. The Ooks entertain the Vikings at the NAIT Arena on October 31st, at 7:30 p.m. NAIT then travels to Camrose on Saturday November 1st for the rematch starting at 8:00 p.m..

ON THE BENCH: NAIT hockey coach Perry Pearn is in his ninth season behind the Ooks bench. The assistant coaches for the 1986-87 season are Rick Carrierre, John Phelan, and Darrell Bokenfohr. . . The ACAC hockey schedule for this year is a bit different than those in past years with more back-to-back matchups. Ten times in the season NAIT will play the same team twice in a row. Each team in the ACAC will play 25 games. . . Six teams will be competing in ACAC hockey

this year: the NAIT Ooks, the Camrose Lutheran College Vikings, the Red Deer College Kings, the SALT Trojans, the Mount Royal College Cougars, and the Medicine Hat College Rattlers. The 1986-87 Canadian College Athletic Association (National) Hockey Championships will be held in Camrose from March 25th through 28th, 1987.

EDMONTON, ALBERTA T5G 2J2

Dr. Bob

To begin my article, I would first like to quote you some statistics. In North America 24/ of the women are classified as Blondes. 53/ are Brunettes or Mousie and the remaining 23/ are either Red or Grey haired. I find myself to young for dating women with Grey hair, and have no desire for women with Red hair. That leaves me two possibilities, Blondes or Brunettes. I've had it with Blondes, they're good for nothing. Most of them are bar wenches and have the intelligence and personalities of a soap dish. Spinny chicks aggravate me severely. They don't know what the Halifax they want. Brunettes on the other, are usually sweet and innocent. There are exceptions and this is due to the influence of some dumb, giggly, out for a good time, airheaded Blonde. Blondes have more fun picking on and using members of the Male race. They even use members of the Female race. Guys, don't fall for that typical Blonde hair flip. When you see that you may as well just leave because you have just run into a person with the intelligence of a person such as myself. Brunettes are usually more attractive in my opinion. By now you Blonde girls are probably downright ticked off. Well the truth hurts doesn't it Sweetheart. If your thinking of marrying a Blonde there is still time to change your mind. Out of all divorces filed by women last year, 74.36/ were filed by Blondes. Only 25.64/ were filed by women with Red, Grey, Brown, and Purple hair. You can't trust a Blonde girl. They don't care about us males and are just out for a good time at our expense. Blonde girls are good for two things, Slavery and Target practice. As far as Brains go, Blondes are severely lacking. They barely have enough Brains to control their vital functions. There are twice as many Brunettes as there are Blondes. Why not go for a Brunette. Leave the Blondes

GO

OOKS

GO

FOR MEN ONLY

BLONDES VS. BRUNETTES

for the mentally Handicapped people such as myself.

It's time for you Blondes to smarten up and stop pretending that you're Hot Stuff because you're not. A recent U.S. study conducted by Doctor Bill Needle showed that the average 18-22 year old Male looking for a potential wife was focusing on a Brunette. The alarming part was that 96.03/ of the Males surveyed were looking for a Brunette mate. Blonde girls, it's time to try and redeem yourselves. I'll be watching around the campus this week, and I better see some drastic changes. Not all Brunettes are sweet and innocent. Some have affected by the Universal Love, Money.

Dr. Bob:

I met a girl at a bar and I thought she was a really nice girl, before I knew it I moved in with her. Our relationship has continued to grow until one day the question of marriage came up. This is something I had not really thought about. She wants to marry me in the worst way but I just do not know. I am rather wealthy and I think she might want to marry me to take me for all I am worth.

Sincerely
Swiss Bank Account.

Dear Swiss Bank Account;

What I would suggest is to draft up a pre-nuptial agreement which voids you of financial commitment if the marriage is terminated, if she is out for your money. If she loves you she will consent because she realizes what is yours is yours and what is hers is yours.

Dr. Bob.

Dear Dr. Bob:

I have just completed the section the Nugget provides you. Your article, a most entertaining piece, developed from some primitive and uneducated era is no doubt quite humorous although not intended to be as such. Full of stereotypic and chauvinistic comments it leaves me wondering what type of person could be considered capable of writing. I also wonder what it is like to have a high intelligence? For the answer to these questions I assume I would have to ask you, but frankly I do not believe it is worth the time.

Sincerely A male business Student.

Dear Male Business

Your views are totally erroneous. You have made your adjudications of me without relevant data the would infact show you I am a benevolent and equatable adult male in the Business world a man (I think) with your infantile attitude which is not at all applicable to a businessman surely cannot plan to succeed. Your comments about my intelligence was irrelevant and without factual basis. However you are entitled to your own opinion.

Dr. Bob.

CONTEST

NEED CASH ??

CONTEST

CAN YOU DRAW OR TAKE A PHOTOGRAPH?

The 1986-87 Yearbook is having a contest for the cover of the Yearbook.

RULES:
