## BE A STUDENT ; GET INVOLVED

The welcoming stage of the 1986-1987 school year is no longer, but the GET-TO-WORK stage is. Although this statement may pose a glum shadow of reality it is really not that bad. For the next eight or so months, students will be spending the majority of their time utilizing the thought process. This seems dull and uneventful, but the dreary road does have light at the end.

Along the way bright events do befall the students at NAIT. Many events for students to partake in at their leisure are put on by NAITSA, and Student Councils of each technology. Events such as the Beerfest, Rock'n Talks, Cabarets, Shinerama, and for those sports enthusiasts - everything from intercollegiate sports to intramurals, Nait also shows recent movies in the little theater on the weekends, for

students interested in relaxing. So in actuality, excitement can accompany the regular hum-drum of studying.

Students are encouraged to participate in these events. The only way to have fun is to get involved. Why wait - attend the BEERFEST this Friday and see what it is all about. Have a good year and GET INVOLVED.

Angela Moskal,  
EDITOR

## NOTICE TO ALL STUDENT COUNCILS

The NUGGET is encouraging more participation this year from each technology.

If there is a CABARET you would like to advertise bring in a poster before 5:30 p.m. Monday for that weeks issue or one week prior so it will run in two issues.

Since Nait hosts numerous cabarets a CABARET CORNER (one full page) will be set aside for advertisement. Only 4 ads can be

placed on this page. The order of placement is a first come first served basis.

If there are other events happening throughout the year, come to the NUGGET office and talk to one of the staff about advertising the event.

Make this a great year, participate!

Angela Moskal  
Editor

## NOW YOU'VE SPENT IT; USE IT

EVERYONE IS BROKE!

After spending about five hundred dollars on tuition, use the things it pays for.

The sports facilities here are great, use them as often as you want without spending any money. Even going for an hour every few weeks is a chance to meet people and to release some of the pressure that builds as the year goes on. Join an athletic team. They don't take up that much time, and offer the potential for a lot of fun. Even if you are not on a team or in phys ed, play a game of racquetball or go swimming in your spare time; it is better than sitting in the NAITRUIM watching soaps.

The Media Workshop has some really good equipment, remember that when a project is due! Use their typewriters for free instead of spending money to rent one or to buy one. The centre has other equipment that

would be hard to find and probably cost a lot to use anywhere else.

This paper gets most of its money from Nait. Read it and find out what is going on around the institution. If something you don't like is happening don't just talk about it; write to the Nugget. More people will be reached just one letter could be enough to start a change. (Don't forget to send compliments too!). The paper is meant to be a sounding board for the students and staff, but it does need your input. A good way to buy, sell, or announce something, is through the classifieds and for NAIT students it does not cost a cent!. So use the classifieds.

Since it is already paid for, take advantage of everything NAIT has to offer and have a great year!!!

Kris Smith

## ABOUT THOSE CLASSIFIEDS

During the course of the 1986 1987 academic year there will be some changes occurring on the pages of the NUGGET. For those of you familiar with the NUGGET classifieds, that is where the biggest change is going to take place.

Since the readership is not only limited to the student body of NAIT there is a need for this change. Administration, other educational institutes province wide, and the general public read the NUGGET. Due to this fact, CLEAN UP will happen as of this issue.

For you students who want to submit personals, they will be placed in the NUGGET LITTER BOX to separate the classifieds from the nonclassifieds.

For those students who still wish to submit the bathroom humor, please do. Now it will be placed in an appropriate place, THE NUGGET LITTER BOX. This is not to discourage submissions, but to encourage submissions to the appropriate sections of the paper.

Please don't stop submitting.

THE EDITOR

The NUGGET is the official student newspaper of the Northern Alberta Institute of Technology. It is published Thursdays from August to April.

The opinions contained in the NUGGET are the opinions of the individual writers and do not necessarily reflect the views and opinions of the NUGGET staff.

Contributions from students are more than welcome. The NUGGET reserves the right to edit letters and viewpoints for brevity. Submission deadline is Monday at 5:30 p.m. for each issue.

The NUGGET is located at E128

## REGISTRATION

At some point in time, we have heard the horror stories that University students must go through in order to register. For a brief while students in Business Administration lived those horror stories.

Long lines, confusion, and general all around disorganization led to many students telling their own stories. One student told of standing in the Student Loans lineup for up to an hour, and then having to hurriedly fill out a form when reaching the front of the lineup. Other students told of standing in the lineup simply because they thought the assemblage was for parking.

## HIGHLIGHTS

The biggest problem of all at registration was when exactly the registration was to take place. Second-year Business students were told on their forms to report for class commencement on Monday, but to not register until Wednesday. Any attempt to clear up this confusion just resulted in more confusion, with different people telling of different days and times to report.

First year students did not seem to have too many problems with registration. The problems seemed to be those that normally occur. Students did not know where to go, so seemed to be in a constant daze about what they were looking for but eventually registration proceeded smoothly.

In talking with students of other technologies, the general consensus was that registration went very smoothly and was not all that confusing. No real problems were accounted for except in the case of minor delays in the student loans lineup.

On the whole, it can be said that for the overall population of N.A.I.T., registration proceeded according to plan. It was only when confronted with a sudden inflow of students that the system broke down, and that can be excused, for what works right when it is being overworked?

## THE MUSIC SCENE

The music scene in Edmonton is about as diversified as a Monty Python movie is insane. Here we have a mixture of folk, blues, jazz, rock, and of course the always present but never heard of punk. Each coming from its own venue with its own following. So if this is the case you'd think there'd always be plenty to talk about. Usually there is, but like I said before, its so diverse that you could devote a page of the paper to it each week. Instead you have to be selective and get what you can. I think this summer had to be one of the best, musically speaking, in a long time.

Starting out with great musicians like John Hammond and rocker Paul James then continuing with shows like the Lincolns, Judas Priest, powerhouse AC/DC and many more, which will

soon include Huey Lewis and the Manhattan Transfer. There's supposed talk of ex-Van Halen singer David Lee Roth, currently on tour, dropping by this fall. Even Van Halen is rumored to be touring in the fall.

Also in the summer we had great festivals. The first was the Jazz festival, which featured, at one point, the Shuffle Demons. Even though it was a Jazz festival who can ever forget the Blues Bash that happened with the great Albert King. Then the Folk Festival hit and left a very memorable scar. My favorite part was seeing Donovan, who is still a fantastic entertainer after all these years.

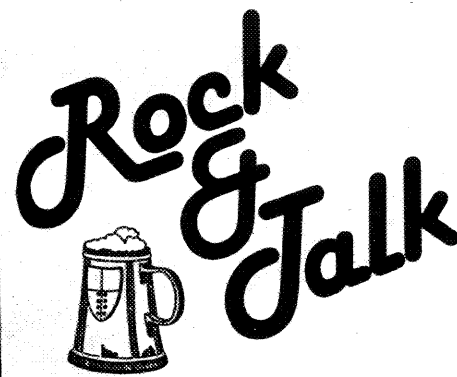

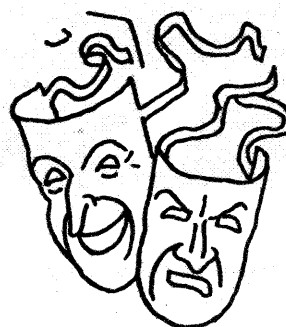

But before I get carried away and forget I should mention the Bonnie Doon Hall and a man named Gubby. If it were not for people like Gubby, a lot of the hardcore thrash punk and basic alternative music would

basically go unrecognized.

Even if you are not a big fan of punk or alternative music there still is alot of great up and coming musicians playing Bonnie Doon Hall and other smaller venues.

I guess what I've been trying to get across all along is that there is lots of good musical entertainment in town. So if any of you fellow students happen to catch a group or a new album, scratch down what your thoughts are. We here at the paper will be your voice, so use us to the fullest.

Catch ya later!

## JUST A MINUTE

Welcome fellow Ooks and Ookettes to another year of tutorial endeavours and another edition of the nugget. First I would like to congratulate all of you for choosing NAIT, as well as taking the time out to read this section. As the title says this should take just a minute of your time.

Over the past years, including this summer, I found Edmonton to be a town full of different artistic venues. From Ballet to Rock Concerts, Art Shows to live theater, and the list goes on. Due to this extensive array of venues I hope to give you an idea of what's happening in town and around. Just from the excellent cross section of music in Edmonton there should be plenty to please all. As for Art displays, ballet and live theater, they will be given ample space for proper exposure. Thus I hope you are as excited about the next 8 months as I.

Now as for changes in the entertainment section. Well for one thing, I hope that if anyone sees anything that pertains to this section please feel free to write a review or opinion and submit. I would be more than willing to have it published. No there is no money involved only the personal satisfaction of having your name in the paper. So I hope that at sometime you do decide to contribute your talents to us.

Also coming up in the next 8 months I hope to start a weekly poetry section. As for this part nothing will be rejected. Unless of course the Editor or Assistant Editor find something in some way offensive.

Other than that I would just like to say good luck and I'll see you at the cabarets. Let's all pitch in and make this year not only a learning experience, but also a moving experience.

THANK YOU

ENTERTAINMENT EDITOR

Going through a life of  
delusion.  
Never knowing the real  
illusion.

Never change and never  
care.  
Blindly believing life is fair.  
And what a shock it seems to  
be.  
When they come face to face  
with reality.

Fear and prejudice are  
covered by pride.  
Yet they claim to feel inside.  
Shame fills them at every  
turn.  
But still they never learn.

But hope shant be cast aside.  
For oneday, out beyond their  
pride.  
They'll find the real  
meaning.  
And stop all this dreaming.

## CHANGE IN BRIDGE BUILDING DATE

The BCET Club would like to  
notify you of a change in this  
years calander. Bridge  
Building has been moved up  
by one week to Sept 27 and  
will not be on Oct. 4. We  
hope that this will keep all  
the concerned parties happy.

Also, just for the  
uneducated, Bridge Building  
is a competition between  
technologies to build a  
suspension bridge of their  
own design across the  
Whitemud Creek. The tech  
that build the fastest bridge  
with the least amount of  
defaults is the winner. The  
event takes place during the  
day of Saturday, Sept. 27 and  
there is only ten teams  
permitted on a first come first  
serve basis. Each team has

20 members and registration  
is \$10.00 a person. The fee  
includes the use of two main  
ropes, trophies for best per-  
formance, unique bridge etc.  
and one cabaret ticket per  
team member.

Our tech will be hosting an  
orientatin meeting on Wed.  
Sept. 10th Between 1 pm  
until 2 pm. at Plaza II in  
room L52. If you require  
information or would like to  
register, it would be  
beneficial for your team or a  
few team members to be  
present at this meeting.  
There will be films to view,

## THIS WEEK IN P.L.E.

The Physical and Leisure Education Department welcomes you to NAIT. This program aims at providing you with an opportunity to learn new skills, improve your fitness level and make new acquaintances.

Students are given credit for attending classes, this is recorded on your transcript. The norm for students to aim for is sixty hours per year, that is thirty hours per semester. This is most easily obtained by participating in two classes per week in both 1st and 2nd semesters.

Since most employers credit in physical and leisure

education may be a significant factor on getting the most desirable position in a tight job market.

If you did not register you can go to the LATE REGISTRATION in the front of the gym between 11:15 and 1:00 pm from Wednesday Sept. 3 until Monday Sept. 8th. If you miss that go directly to the class you want and see if there is an opening. If all the classes are full that you want now, go back to the class later in the semester as there may be an opening then.

# A WORD FROM NAITSA

## DO YOU WANT TO BE INVOLVED? DO YOU WANT SOME SATISFACTION?

Then the NAIT Student Association (NAITSA) needs you!

### WHAT IS NAITSA?

NAITSA is the official representative body for all NAIT Students. We provide channels of communication between the students, the Department of Advanced Education, the Board of Governors, the community and other post secondary institutions. We also provide many ways for the students to participate in extra curricular activities, such as intramural sports, rock and talks, cabarets, and Queen week, just to mention a few. NAITSA also supports charities with our major one being Cystic Fibrosis (SHINE-RAMA). We would like to recommend each individual technology support a charity as well.

Since its conception in 1963 the objective of the NAIT Students' Association has been to provide the students with an opportunity for development of athletic, social and cultural activities to enhance your time spent on campus.

Over the years NAITSA has adopted a slogan:

**'WITH YOU WE CAN.....'**

We are your representatives and we want your input and ideas. Your ideas and opinions can be given either to your tech reps or directly to us. Our offices are on Main campus (Room E 133). Come in to talk or visit with us. Our door is always open for you. With your help such amenity's as the NAITRIUM and the new lounge in Plaza II have become a reality.

There are many ways for you to become involved with the Students Association. There are employment opportunities in our two major publications, the NUGGET (newspaper) and the Yearbook, along with working at cabarets, with the intramural program as a referee and many other ways. You can also be a part of special committees that interest or appeal to your needs. Most importantly, you can become involved through participation. Your attendance at NAITSA sponsored events will make them a success. For more information come in and see us.

One of our objectives is to improve the communication links between our satellite campuses. We plan to accomplish this by holding forums. The forums are one way in which you can talk to us and give us new ideas for what you want to see done.

The Students Association looks forward to a great year and with your support and ideas we can accomplish a lot.

Lets 'TWIST AND SHOUT' and have a good year.

## CHEERLEADING SQUAD

The concept behind the cheerleading team is to stimulate more integrated and diverse involvement from everyone in support of our athletic teams.

It is expected that this will be achieved by the usual and audible entertainment provided by our mascot, "THE OOK" and the cheerleaders. Thus increasing our athletes morale.

The cheerleaders would also be looked upon as ambassadors of NAIT. They would be representing the populace of NAIT where ever they go. Cheerleading is a positive move for increased involvement from everyone to generate fun in our various athletic programs.

In order for this to be successful, initial support would be required from everyone. I am referring specifically to those people who have been involved in cheerleading in the past, and also to anyone who wants to get involved in any aspect of the organization.

As far as the training is concerned, one of the aerobics instructors at NAIT, Sandy Klassen has volunteered to conduct the classes.

We have a group of enthusiastic people who have signed up and are waiting for the word go. I guarantee a lot of fun. Let's keep our feet on the ground and keep reaching for the stars in our quest for excellence, for it is attainable.
