OPINIONS

Do It !

There are so many issues and events unfold around us everyday (from global concerns to backyard Alberta) that can, and will, escape our concerned attention.

This past weekend I received a concerning phone call from our Vice-President, Mr. K. J. seeking to ensure that space allotted to the Shinerama Campaign had been provided in this issue. (Of course it was.) Ken is the Director of Shinerama, so this was not an unreasonable inquiry, but in this conversation he made a request that caused me some concern.

Ken was hoping that I would be able to take the time and produce an editorial encouraging strong student involvement with the shining on the 26th. Being involved with a paper operating at half staff, I can understand what he asks.

Many students make significant contributions to worthwhile organizations, yet many have not. In our lives we all will have been at N.A.I.T. for a short period of time. How were you involved?

The only difference each and every one of us can make, is just that, each and every one of us. Make that difference, help support cystic fibrosis research, come shine with us, be involved.

The Editor

Attention: All Students Who Eat Lunch!

If you take your lunch from the cafeteria on a tray to eat elsewhere, please return the tray and dishes to the cafeteria! Do you know how disgusting it looks having days-old trays piled everywhere? Have some pride in N.A.I.T. Also realize that it is neither the janitors' nor food services' responsibility to clean the institute of trays. Come now, we're big boys and girls, let's act like it!

Rumors, Fables and Other Untruths

Journalistic rule #1 - check your facts!

The author of 'A Feeble Fable' published on the "Opinion" page of the September 3rd Nugget broke this rule. N.A.I.T. Library, your on-campus information resource, would like to help the anonymous fabulist by providing the real facts.

Plaza Library Closure

Last year's proposal to close the Plaza II library was a direct response to serious cutbacks in the N.A.I.T. Library operating budget. The proposal was shelved as soon as the Institute provided additional operating funds and -- given continued funding -- the proposal will not be resurrected.

Book Removal

A good library, like a good garden, needs weeding. Yes, **outdated, unused** books were taken out of the Plaza Library. Many were also removed from the Main Library. Newer replacements were ordered. Is keeping current a crime? If it is, then all good libraries are in trouble. Given rising book prices and shrinking book budgets the Plaza II programs are getting their fair share.

Photocopiers

A Plaza II program head requested the relocation of one of the photocopiers from the Plaza library. This photocopier was moved for the after-hours copying convenience of Plaza II students. The second photocopier was removed in error. This error was corrected as soon as the Library was notified.

Photocopy Cards

Copy cards for the photocopiers can be purchased at the Plaza II campus.

The N.A.I.T. Library is in the information business. We are here to meet the information needs of all students. If you have concerns about Plaza II Library services call Helga Kinnaird, Chief Librarian, at 471-8712.

The Philosopher's Corner

Being at N.A.I.T. can be a bit overwhelming when we view the organization solely as an entity rather than as a group or groups of individuals. I think that that is part of the key to the problem of non-involvement. I feel that most people see themselves as being distinct from 'the masses' and in possession of a somewhat different opinion. Becoming involved then equates to giving up one's individuality and becoming one with the masses.

In fact, 'the masses' do not exist other than as an apperency. Masses do not read books or express opinions; individuals do.

Becoming involved does not become desirable until one **looks** and sees others as unique.

As a member of the Academic Council I am trying to view myself as a representative of the majority of individuals rather than the whole -- there is a distinction here -- and I do not feel that the most vocal opinion is necessarily that of the majority.

This column is here to inform individuals who care to read it of my opinions concerning them and life in general in order that I can be a more tangible and thus

more approachable and effective representative. It's also a good opportunity to shoot my mouth off.

Write me at the Nugget or grab me if you see me and let me know your opinion. I can't promise that I will act on it but at least you will be able to air your views. Who knows?...I may even make what you say a topic in this column.

My name is John Brownlee. I am a student representative from BCET. (That's Building Construction Engineering Technology for all you individuals not in Plaza II!)

Cystic Fibrosis - The Facts

Cystic fibrosis is the number one killer of Canadian children. It is a life-threatening hereditary disease, attacking primarily the lungs and digestive system of children and adults alike.

Cystic fibrosis is what Shinerama is all about. Young people helping young people. People helping CF kids to lead normal lives, and live longer across.

Canada, Shinerama provides 18% of the funding for the Canadian Cystic Fibrosis Foundation. This money is used for research on cystic fibrosis.

The facts are:

- The average life expectancy of a child born with CF is the early 20's
- CF patients must undergo rigorous treatment programs just to stay alive.

- There is no cure.

However, a cure is close at hand! Genetic research is very close to isolating the cause. From there, a cure will not be far behind. Also, improvements in treatment have been dramatic during N.A.I.T'S 20 years of involvement in Shinerama, with an increase in life expectancy from 12 to 24 years old, so volunteer to help on Saturday Sep. 26th and give a child the breath of life.

Let's hope for
continued funding
of satellite libraries

Toilet Habits

1. Put the paper towels in the containers, not on the floor.
2. Keep your hands off the toilet seats.
3. Rinse! (a sexist remark, but valid)
4. Flush!
5. We've seen all of the funny sayings that can be written on restroom walls. If you want to be creative, do it in your ~~own~~ assigned area.

You can be as selfish as you want here at NAIT, but somebody's going to get mad at you. Grow up. You're 17. You're here - maybe your Mommy picked up ~~you~~ after you left home for maybe you live in the big barn. ~~But try to be an adult here. We pay money to work here, and some of us don't like making a barnyard out of it.~~ Don't tolerate making a barnyard out of it.

The NUGGET is the official student newspaper of the Northern Alberta Institute of Technology. It is published Thursdays from August to April.

The opinions contained in the NUGGET are the opinions of the individual writers and do not necessarily reflect the views and opinions of the NUGGET staff.

Contributions from students are more than welcome. The NUGGET reserves the right to edit letters and viewpoints for brevity. Submission deadline is Monday at 5:30 pm for each issue. The NUGGET is located at E128. Phone 471-7615.

Resident Only Parking Program Extended

This is to inform you that the Transportation Department will be extending the existing N.A.I.T. parking program to include the Spruce Avenue neighbourhood. The neighbourhood boundaries are 111 Avenue to Princess Elizabeth Avenue and 101 Street to 106 Street.

The planned extension is the result of a petition from the Spruce Avenue Community League requesting a parking program. To gauge the support for such a program two traffic bulletins were distributed in the area this summer. The result was an overwhelming vote in favor of the implementation of a resident only parking program. The implementation will occur at the end of September, 1987 and the restriction will be:

Two (2) hours parking except residents with valid permits 0800 - 1800 hours, Monday through Friday

The map shows the revised N.A.I.T. parking program boundaries for your information.

Power tools for the classroom.

The TI-74 offers BASIC programming with a 113 BASIC keyword set. There's 8K Constant Memory and subroutine capability for advanced programming flexibility.

The TI-95 offers powerful 7200-step keystroke programming and features our exclusive Power Windows,™ which provide easy access to the functions and flexible file management system.

TI programmable calculators have all the right functions and enough extra features to satisfy your thirst for power.

To all you science and engineering majors unsatisfied with mere calculators, TI has good news. Your power tools are

here. The TI-95 PROCALC™ is keystroke programmable and the TI-74 BASICALC™ is BASIC language programmable. Each has a full range of scientific, mathematical and statistical functions, and plenty of power extras.

Both have optional equipment™ such as Solid State Software™ modules,

including math, statistics and chemical engineering, and a module with an additional 8K Constant Memory. Additional power accessories include a separate portable printer and cassette interface.

So if you're into power, look for the display in your bookstore for a demon-

stration of our power tools. They build such a strong case for themselves, our competition doesn't know what to make of them.

ENTERTAINMENT

Cheap Thrills!

Library to Hold Fourth Annual Book Sale.

The Edmonton Public Library will be holding its fourth annual book sale on October 1-4. This is a very good deal, with hard cover books and LP's selling for \$0.75, and paperbacks, periodicals and 45's each selling for \$0.25!

There will be thousands of items to choose from, covering almost any subject imaginable, from Apple Records to Zoology.

These materials were removed from the Library main collection because of damage, stale dating, or lack of circulation.

In 1986 over \$12,000 was generated from the book sale. This money is used to offset the rising cost of books, and the falling Library budgets.

N.A.I.T. Has \$1 Movies!

N.A.I.T., under the auspices of the Students' Association, shows movies in the Little Theatre, Room H-5, most Saturday and Sunday nights at 7:00 pm. The cost for these showings is \$1.00 per person. The next presentation will be Saturday, September 19 and Sunday, September 20, when "Back to School" will be showing.

U of A

Our friends over at the university have some interesting entertainment coming up this winter

Their cinema features some very good movies at \$3.50 per person on the weekends. The next few presentations are: Star Trek IV on Sept. 19, Secret of My Success on Sept. 20, Witches of Eastwick on Sept. 25 and Top Gun on Sept. 26.

Sub Theatre will be having some good concerts this winter, too. First will be Irish singer and harpist 'Mary O'Hara' on October 8.

Be a Citadel Usher and See the Plays

The Citadel Theatre is looking for responsible individuals to volunteer up to six hours per week as ushers in return for a chance to work in a creative environment, meet interesting people, and receive free tickets to attend performances.

For Parents

For those of you with children, the Edmonton Public and Strathcona County Libraries have special programs at little or no cost. These include films, reading groups and play and activity groups. Contact your local library for details.

New Program on CBC Radio

Every Saturday morning at 11:35, CBC Radio will present 'Double Exposure'. Double Exposure are Linda Cullen and Bob Robertson, who comment on the news every week with 'guests' such as Ronald Reagan, Don Cherry, Joe Clark, Queen Elizabeth, Pat Carney and Bill Vander Zalm. For the next 13 weeks, no politician nor sports figure nor media celebrity is safe from the duo's barbs and uncanny vocal impressions. The Toronto Sun's Gary Dunford wrote, "How can you not like a radio show whose pilot effort claims it's being broadcast to Canada's fighting men -- playing hockey tournaments all over the world."

And Now a Word From Our Sponsor...

Cheap Thrills will be a column for us, the penniless students of N.A.I.T. I will be trying to collect items that will be of interest to us, but cost little if anything. Drop off future suggestions for this column at the Nugget office (room E128).

WINNER!

The winner of the Shinerama Raffle Early Bird Prize was Faye Hartmetz. She won a pair of Elite shoes courtesy of Sport Chek. There is still time to buy a ticket. The second Early Bird Draw will be on September 17. There will be four prizes of a gift certificate from Franklin's -- value of \$10 each.

The grand prize draw will take place at the Shinerama Beerfest on September 26. The prizes are as follows:

1st Ski trip for two - value \$340. Donated by Okanagan Tours

2nd Trip voucher - value \$200. Donated by Travel Cuts

3rd School Ring - Value \$200. Donated by Fosters

Tickets are \$1 and are available from Student Stores, Plaza II Games Room and NAITSA executives.

LET'S FIGHT CYSTIC FIBROSIS. SUPPORT SHINERAMA.

Graffiti Wall

N.A.I.T.'s 25th Anniversary Graffiti Wall.

What? Graffiti, opinions, ideas, words, pictures, what ever you see as graffiti

Where? South Lobby

When? Oct. 1, 10:00 a.m. to 3:00 p.m.

Who? You, the students

Why? Leave a part of you for the future to see and win a great prize if your entry is one of the three best.

1st prize Balloon Ride courtesy of Windship Aviation

2nd prize Dinner for two at Walden's

3rd prize Two tickets to an upcoming rock concert

As part of N.A.I.T.'s 25th Anniversary we want you to say what's on your mind and put it on our wall. Let your imagination wander, and your felt flow on a 8 x 12 (brick size) piece of paper to be hung on the wall. Say what you feel. Leave something behind that you would like to see and remember 25 years from now. We never know what the future holds for us, but the past will be something to always remember and the Graffiti Wall is your chance to leave something behind from your 1987 year at N.A.I.T.

Start with an idea or theme, expand on it and then hang it. It could be you who wins any one of our great prizes. The top 25 will be preserved for all to see in the year 2012 when N.A.I.T. celebrates its 50th anniversary.

B.A.S. Bulletin

by Jay McMartin
Activities Director

Congratulations! The "Back to the Books Boo-ga-loo Bash" was a huge success. We would like to thank all for attending and making the cabaret the great time that it was.

For all of you with B.A.S. memberships, a list of your benefits will be ready some time next week. For those of you without B.A.S. memberships, they will continue to be sold in the B.A.S. office (T611).

The Administrative Assistant position on the B.A.S. Executive is currently vacant. The position has many benefits and can be a lot of fun. Anyone interested in assuming the position for the current school year can contact any member of the B.A.S. Executive. Anyone interested in being a member of the Grad Committee, please come to T611 and leave your name. Also, any class without a representative is asked to please elect one or no cabaret tickets will be issued to that class.

Please keep an eye out for upcoming events, including our next cabaret some time in October.

IMPORTANT MESSAGE TO STUDENTS

If you missed P.L.E Registration...

Go to the activity at the time you wish to participate and check to see if there are openings.

ENTERTAINMENT

Rodney is My Hero

by Brian Stein

"I'll tell ya, I get no respect" Those are the words of one of Hollywood's most revered stars of the '80's. After struggling to gain recognition in his earlier years, Rodney Dangerfield has become one of the hottest cult heroes among the college movie going population. Dangerfield epitomizes the adventures of the social outcast. Dangerfield was a regular on The Dean Martin Show before strong performances in movies such as "Caddyshack" and "Easy Money" catapulted him to fame.

One of Dangerfield's best performances occurred in the 1986 summer flick "Back to School". Dangerfield played the role of a well-to-do father who sends his son to college. Well, his son has problems and Rodney, the kind soul that he is, decides to go back to school. The situations are surprising and somewhat unpredictable. Sally Kellerman turns in a fine performance as one of Rodney's professors and Ned Beatty, as the dean, also shares a couple of colorful scenes with the star.

In "Back to School", Rodney give a new meaning to the word "Dad". Dangerfield shows his son that the way to life is one way. That is, be with the in crowd and do things that no one else would dare to do.

This Saturday and Sunday at 7:00 p.m. in the Little Theatre (H-5) you can see Rodney Dangerfield in "Back to School". Admission is \$1.00 for one of the top movies of 1986.

SPORTS

Sports Comment

At this time athletic departments across the nation are caught in a financial squeeze. The squeeze that has occurred is in part the result of government cutbacks. Government funding both at the federal and provincial levels has dropped dramatically in recent years causing a number of colleges and universities to cut their athletic programs as well as their educational programs.

The presence of athletic departments at colleges and universities in Canada has opened up education to individuals who might not have benefitted otherwise. Some students were in the past drawn to schools due to their athletic activities. While these individuals just wanted to participate in a sport at first, they realized that a sound education would be the key to their destiny. As a result, individuals could make a change in career in a method that would cause minimal stress and hardship.

Now with the downsizing of advanced education institutions in general, opportunities for development and self-growth have dwindled. The CIAU and the CCAA have slashed budgets drastically and institutions such as NAIT and the U of A have difficulty maintaining the standards required for the world today.

To ensure an educated work force and to encourage development of talents, more government funding is required instead of less. Let's get some action from the governments at both the provincial and federal levels instead of lip service.

Badminton Registration

In March, NAIT played host to the CCAA National Championships in badminton. This year, members of the NAIT team will also have a chance to get the nationals, if they are tops in the ACAC. Team tryouts will start on Tuesday, September 22nd from 7:00 p.m. till 8:30 p.m. in the NAIT Gym. For further information, see NAIT Badminton coach Eileen Harle in E-134 or call 471-7426. In addition, the NAIT Gym is available twice a week for badminton. You can play on Tuesdays from 4:15 p.m. until 5:00 p.m. and on Fridays from 2:00 p.m. till 4:00 p.m.

Hockey Ooks Open Preseason on the 17th

The N.A.I.T. Hockey Ooks opened training camp with over 80 individuals hoping to make the squad. Of the 80, only eight played with the Ooks last season. Back from last year's A.C.A.C. Hockey Champions trying to win spots are defencemen Marty Volcan, Brenn Leach and Pat Mohrmann, wingers Nigel Cripps, Murray Melnyk, and Darryl Shudra as well as centers Rick Chauvette and Kent Maltais.

Four players trying out with the Ooks have A.C.A.C. experience. Goaltender Bill Clyne and forward J.C. McEwen were members of the Ooks national championship team of 1986-87. Denis McCormack played briefly with the Ooks two years ago. In addition, former Western Hockey Leaguer and Camrose Lutheran College Viking Dan Hart will be trying to stick as a forward.

The Future Looks Bright for Hoop-Chicks

With the initial week of tryouts behind them, this year's edition of the Basketball Chicks are looking much improved from last year's squad.

A fine mixture of youth and experience should help the Chicks improve on last year's sixth place finish in the tough A.C.A.C. The Chicks are led by three returnees, guard Kathy Prochnau and forwards Chris Franke and Tracy Guhle. Two rookies with college playing experience will add even more maturity to the squad. Denise Mills (Red Deer College) and Val Duree (Grande Prairie Regional College) should bolster the Chicks front line. Add in a strong rookie crop and the future looks bright for the squad, who have an extensive exhibition schedule planned.

The exhibition season kicks off Oct. 22-23 in Grande Prairie with the North West Invitational Tournament, followed by the A.C.A.C. Preseason Tournament in Red Deer. The first league action will be on November 20th when N.A.I.T. plays host to the S.A.I.T. Helenas.

1. Brooklyn Dodgers
2. New York Giants
3. Philadelphia Phillies
4. Cincinnati Reds
5. Washington Senators
6. Minnesota Twins
7. St. Louis Browns and St. Louis Cardinals
8. Montreal Expos
9. Pittsburgh Pirates
10. Philadelphia Phillies

Answers to Sports Quiz

On defence, the Ooks have a number of promising hopefuls. Leading the way is Blaine Peerless a hard-hitter with six years pro experience. The Ooks have also obtained Wayne Bosse from the University of Alaska. Three players with Alberta Junior Hockey League experience are trying out for blueline positions. Murray Yewchuk and Brian Powell both played with the Hobbema Hawks while John Curran toiled for the St. Albert Saints.

At the forward position, the Ooks are looking at a number of players. Allan Cherniwchan (formerly of the Sherwood Park Crusaders), Vince Ashton (previously with the Hobbema Hawks), and Dean Ruthledge (past member of Richmond in the BCJHL) are three players with a good chance to make the Ooks.

Superstars This Week

Once again on Saturday the 19th N.A.I.T. athletes will join together for their annual Superstars Competition.

Athletes are divided into eight teams and compete in a number of athletic events, concluding at Goose Loonie's with the Superstars' Bash. Tickets for the affair are \$6.00 each which gain you admission and a free drink. The Goose has reduced its prices to \$1.75/drink and will draw several door prizes making the Bash one you can't miss.

Tickets are available from athletes or the N.A.I.T. Hockey, Volleyball and Basketball teams. Be part of a good time and help the Athletic Program at the same time.

Sports Quiz

Let's go back in time with the boys of summer. Below are listed a number of facilities that were once home to major league baseball. I'll give you name of the park, you tell me which team called it home

1. Ebbets Field
2. The Polo Grounds
3. Shibe Park
4. Crossley Field
5. D.C. Stadium
6. Metropolitan Stadium
7. Sportsman's Park
8. Jarry Park
9. Forbes Field
10. Connie Mack Stadium

The Ooks have also strongly recruited from the Junior B ranks. Craig McJannett, Dean McDonald and Craig Cripps were all members of the Alberta Junior B all-star team last season.

The Ooks played two pre-season intersquad games on Thursday and Sunday of last week. Players who looked particularly impressive were Kent Maltais, Wayne Bosse, and Blaine Peerless.

The Ooks will open up their pre-season schedule on Thursday, September 17th against the Hobbema Hawks of the Alberta Junior Hockey League at the N.A.I.T. Arena. The action starts at 7:30 p.m. On Friday, the 18th, the Ooks travel to St. Albert to take on the Saints and on Sunday, the 20th, the Ooks go to Hobbema for a return engagement with the Hawks.

The Ooks then close out the September portion of the preseason with three home games. The St. Albert Saints will visit the N.A.I.T. Arena on Tuesday, September 22nd. Game time is 7:30 p.m. The University of British Columbia Thunderbirds will be in the city for a pair of games at the N.A.I.T. Arena. On Friday, September 25th, the T-Birds play the Ooks at 7:30 p.m. while the contest on Saturday, the 26th will commence at 7:30 p.m. as well. The Red Deer College Kings will play the Ooks on Sunday, September 27th in a 1:30 match at the N.A.I.T. Arena.

ON THE BENCH: If you are interested in becoming a timekeeper or a goal judge at N.A.I.T. hockey home games, please contact Perry Pearn at 471-7424 during office hours, or see him in S113.

Northern Alberta Institute of Technology

vs

Lethbridge College

5 pm at

N.A.I.T. Field

SPORTS

Ooks Soccer Ready for Kick-Off

N.A.I.T. Ooks soccer are ready to start the 1987 college season with their first game against Grant MacEwen Community College at Victoria Field Edmonton on Friday Sept. 18th. On Saturday Sept. 19th the Ooks play their first home game against Lethbridge College on the N.A.I.T. field at 5 p.m.

The Ooks, who finished with the bronze at the Canadian Championship last year, have ten veterans back plus some very fine rookies. One of the veterans is Dave Vriens, who played this

summer with the Edmonton Brickmen. Also on the team are three members of the Edmonton Scottish team that will be representing Alberta at the Senior Men's Nationals in Winnipeg on Thanksgiving weekend. They are Scot Parson, Brian Daniels and Charles O'Toole.

Although the Ooks have an impressive line-up, the team realizes it cannot underestimate other colleges' teams if it hopes to represent Alberta in the College Nationals in Montreal in November.

THE WHAT'S IT'S NAME ?

NAME THE PAPER

As of yet, our school newspaper is without a name and feels naked without one. Clothe it by giving it one. Write your suggestion on a slip of paper along with your name and course and turn it in at the Newspaper Office, Room E129.

The entries will be judged by a board, consisting of three instructors. If your suggestion is selected, you will win \$5.00 and the knowledge that yours is the name the newspaper will wear all its life. So make it a meaningful one.

WHO KNOWS N.A.I.T.?

Last week the N.A.I.T. Radio Club conducted a survey by calling 50 people at random from the Edmonton telephone directory. Four questions were asked. The questions and results of the survey are as follows.

QUESTION 1

Have you heard of N.A.I.T.?

Yes - 1 No - 48

(One lady replied by saying she didn't want any and hung up.)

QUESTION 2

Have you seen the new technical school?

Yes - 19 No - 30

QUESTION 3

What do they teach there?

Apprenticeship type training 18

Sub-high school 7

Post-high school 3

Don't know 21

QUESTION 4

What is a technician?

No one knew.

EVALUATION

96% of the people called did not recognize the word N.A.I.T. and 60% had never seen it. Over 80% could not say exactly what purpose N.A.I.T. served and not one single person could say what a technician was, although some thought t.v. repairmen and heavy duty mechanics were somehow linked with that alien word TECHNICIAN.

ODE TO A PIPEWRENCH

When winter comes with snow and ice,

The plumber throws away his vise;

Picks up a book and kisses his mate,

Hops on a bus, and heads for N.A.I.T.

With copper pipe and 1/8 bend,

And rows of figures end to end;

From dawn till dark with taps and thread,

He struggles for his daily bread.

Blueprint reading, that's the stuff,

Gas and math are also tough;

The staff they pound to make him think,

And offer tests on paper, pink.

By now he's almost won the race,

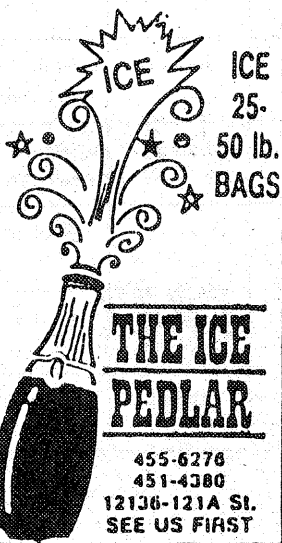

And things are falling into place;

He hears the quiet voice of fate,

"Your pay will be a little late."

A WORD FROM NAITSA

NAITSA NEWS

by Gord Matthews

In coming weeks, NAITSA will be utilizing this space to communicate with students about current issues, pass on information, give a student's perspective, and offer feedback to students. We will also be offering our opinions on a wide range of issues affecting us, as your representatives. In addition, we will help pass on information that has been discussed at General Council, where your technology should be represented.

For now, we would like to offer a condensed version of our goals for 1987-88. It is important for students to know because these are goals we will all be involved in. Most are goals that need your participation. As we all work to achieve these goals, N.A.I.T. will be that much more special for students.

Basically, we, your representatives, want to have fun with you through many activities, make progress on our mutual concerns, and establish strong lines of communication between all students.

NAITSA GOALS

87-'88

1. Increase awareness of N.A.I.T. Athletics through posters, promotions, and better fan turnout.
2. Work towards the Student Lounge. Try to have construction started before Christmas.
3. \$25,000 for cystic fibrosis through Shinerama.
4. 25% voter turnout for elections.
5. Establish forums for Main Campus, Westwood, Plaza II, and Plaza IV >
6. Increase student participation in the Nugget. Improve the Nugget.
7. Lobby for an office bank for Nugget/Yearbook photography.
8. Work to encourage at least 75% of N.A.I.T. technologies represented at General Council meetings and to have productive, efficient meetings.

9. Ask administration to consider more parking facilities on campus and a large meeting hall for the future.

10. The executive would like to maintain their marks, and continue to be active students.

11. To hire a receptionist/bookkeeper.

Next week:
A.C.T.I.S.E.C. -- What is it?

ATTENTION
25
YEAR OLD
STUDENTS

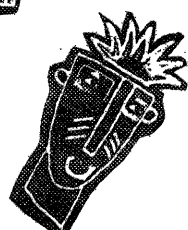

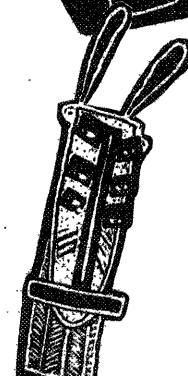

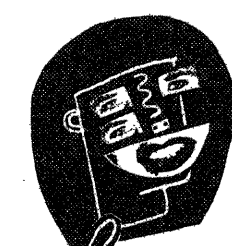

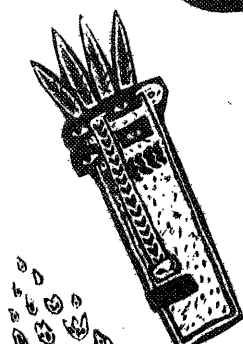

Because it is NAIT's 25th Anniversary, 25 is a magic number. If you are 25 years of age on October 1, you have a chance to win a prize. All you have to do is shake the Ooks hand on First Class Day. Look in the Nugget for more details.

BIRTHRIGHT

1987 Graduating Class

On behalf of the N.A.I.T. Foundation a most sincere thank you to the 1987 Graduating Class for the gift of the painting entitled 'Slough at Mundare'. It is indeed an honor to be presented with such a beautiful work of art painted by Joe Acs, a 1965 graduate.

Words cannot express the sense of appreciation that is felt by the N.A.I.T. Foundation. Gifts such as

this help to beautify the N.A.I.T. environment and bring much enjoyment to the viewer.

We are in the process of preparing an application for a matching grant from the Alberta Advanced Education Endowment and Incentive Fund. This will lend even greater value to the gift.
