STUDENTS HELPING STUDENTS

Story by

Jamie Cunningham

Brad Diemert - This year's NAITSA President, is an avid golfer and loyal Oilers and Eskimo fan. One of Brad's main jobs is representing views of the student body to NAIT and the general public. Besides sitting on several different committees, and attending countless meetings, he oversees the council duties and activities. Brad's direct line is 7608 within NAIT.

Roxanne Beaubien - Your Student Association Vice-President is the main public relations person on council. A lover of horseback riding, she

is busy with the planning and organization of events such as Shinerama, Queen-King Week, and NAITSA elections. She also does an fine job of keeping the boys on council in good behavior. Roxanne wants students to feel free to walk in and say, "Hi" or call at 7603.

Kevin Wimpney - Activities Director, loves parties. In fact, he loves them so much he organizes them. According to NAITSA bylaws, Kevin is responsible for the co-ordination of all social and cultural activities of NAITSA. Beerfests, Rock 'n Talks, and all cabarets are Kevin's forte. If you party, come and rap with Kevin. He loves to talk

(and rock) and encourages his fellow students to use the suggestion box in the office. Phone Kevin at 7690. 7612.

Scott Sugden - Scott is the Publications Director on Council. He oversees three main departments: Yearbook, Photography, and Newspaper. During the summer, Scott was responsible for the organization, production of the NAITSA Student Handbook. Scott is a soft spoken yet fun loving guy who likes when people drag him away from his work and over to the Nest. Come and say hello to Scott, or call his office by dialing 7607 on campus.

Imre Bene - Mr. Bene is the Secretary / Treasurer of NAITSA. Any questions regarding use of Student Association fees should be brought to his attention. His office number is 7609.

Justin Dahlen - Justin, the Athletics Director has the answer to almost any question regarding NAIT sports. It's easy to get him going, but he may never shut up. Drop in and say hello or pick up a white telephone and dial 8877. If it is busy, do keep trying, it will be worth it when you eventually get through.

PEER TUTORING

by Don Price

Since 1984 there have been students helping other students through the tutoring service offered by Student Counselling at N.A.I.T. Students who have exhausted all the regular extra-class services and still find themselves needing help can often get that help from a student tutor.

Peer tutors are people who have already taken the course and received a mark of 75% or higher. They have registered with Counselling and most likely have taken the tutor orientation program offered by Student Counselling. Tutors may be second semester, second year, or graduates of a N.A.I.T. program.

When students request a

tutor they are asked if they have exhausted the other possibilities available, and if they have checked with their instructor first. Some programs also give remedial classes to students free of charge. Others have "study clubs" where groups of students get together on a regular basis to help each other.

There is also the "Drop In Centre" in room #A135 for students who need help in Math, Physics, or English up to grade twelve level. They can also provide tutoring for some trade and electrical subjects.

For the students who need more help a tutor may be the next step. An application for a tutor must be submitted to Counselling. If the application is accepted a five

dollar (\$5.00) refundable deposit is required immediately. The deposit is refunded when the student is finished with tutoring and hands in a "Tutor Evaluation Form" required by Counselling.

The phone number of a tutor is then supplied to the student, (if one is on file for the subject in question). If Counselling doesn't already have a tutor for that subject on file, an advertising campaign is conducted in an effort to find one.

Once the student gets the telephone number of a potential tutor it is that student's responsibility to phone the tutor and make arrangements for a place, time and fee for the tutoring (charges are usually between

\$5 and \$10 per hour). If a student is not satisfied with that tutor, he/she can request a different person and will usually be accommodated when possible.

Not all requests can be met. There are thousands of courses taught at N.A.I.T. each semester and there are not always graduates of those courses who want to tutor. However, last year there were only about three requests that couldn't be filled.

Students in any N.A.I.T. program may request a tutor, including Continuing Education registrants. Any student wanting more information should contact the counsellor for their area, or drop into the Counselling Centre, Room 117, next to the Registrar's Office.

Help Us Win Back The Future

Matthew has Cystic Fibrosis (CF). It is a hereditary disease and both of Matthew's parents carried the gene. Only, they did not know until Matthew was diagnosed.

Cystic Fibrosis kills more Canadian children than any other inherited disease. It is a brutal disease that attacks the lungs and digestive system. CF affects the mucus-secreting glands and causes mucus to obstruct airways, to inhibit breathing, and to increase susceptibility to infections. CF also interferes with the production of digestive enzymes by the pancreas; therefore, most CF patients need to take enzymes everyday to increase the absorption of nutrients in their bodies.

One in every 20 Canadians carries the gene for CF. If two carriers have a child, that child has a 25% chance of suffering from CF, a 50% chance of being a carrier and a 25% chance of not being affected. At the present time there is no test to detect the gene's presence.

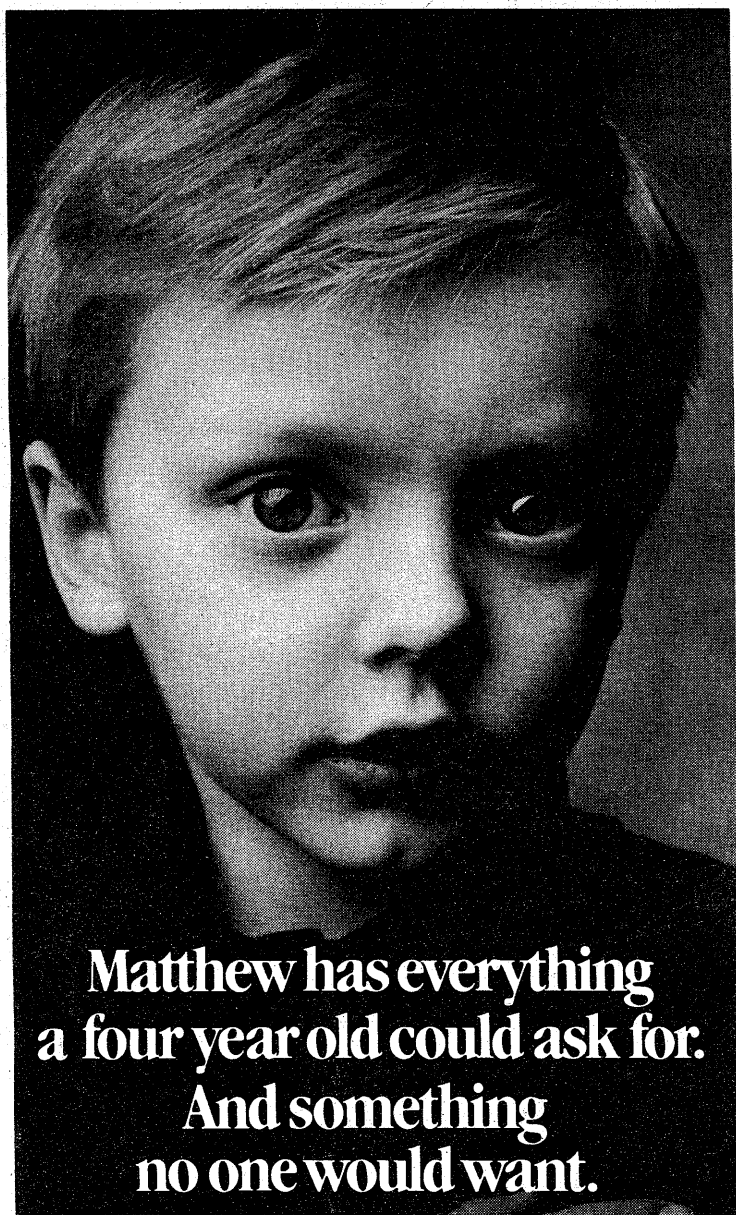

Slowly the Future is being Won Back

- Since the early 1960's the median age of CF patients has increased from under age four to age 25 due to development of new drugs and treatments.
- Within the last five years, the average daily intake of pills that CF patients must consume has decreased from 100 to 20.
- Scientists are very close to identifying the elusive CF gene.
- Canada continues to be a world leader in CF research which can be partly contributed to a number of fundraising events conducted by various groups.

One of these events is Shinerama. Shinerama is a shoe shining blitz where students donate a day of their time to raise money for CF. Since it started 26 years ago, over 5 million dollars have been raised for CF research. Over 64 post secondary

campuses across Canada are participating in Shinerama this year. The Edmonton committee consists of representatives from NAIT, Grant MacEwan Community College, Royal Alexandra Nursing School, Misericordia Nursing School and U of A Medical Science students. NAITSA Vice President and Shinerama Chairperson, Roxanne Beaubien comments "The organization of Shinerama '89 is going to be great. All of the school representatives have been working very hard since June putting this campaign together. However, the reality is that the students from each school are going to make the campaign successful. This success depends on students coming out and shining shoes on September 30."

Watch the Nugget for information updates on Shinerama, or if you have any questions contact Roxanne Beaubien at the NAITSA offices E133C or phone 471-7603. Help us win back the future, Matthew's Future. Get involved in Shinerama Edmonton '89.

"Our Standard Is Excellence"

by Stu Marshall

Welcome to the brand new all improved Entertainment Section of the Nugget. My name is Stu Marshall and I will be with you for the next eight months (GASP!).

First let me begin by telling you all about this page. It will not only serve as a brief guide to the many interesting on and off campus events, but will be your source of reading pleasure when you're short the 50 cents it takes to buy a Sun or Journal.

This page will also contain previews and reviews of movies, plays, concerts and anything else worth mentioning. This will give you an educated opinion on an event you may wish to attend or one that you might have missed.

One thing I wanted to set the record straight on...**ROCK AND TALKS**. Last year I talked with too many people who, upon hearing my colloquial conversation starter "Goin' to the Rock and Talk?", would only respond with a blank expression and a one syllable answer, usually "Huh?" or "What?" Enough of this nonsense!

A Rock and Talk is a bi-weekly activity held in the North Cafetorium, right by the library (which might explain why there was such a huge percentage of bookworms and intellectual types getting ready to party at 4:30 p.m.

sharp every other Friday).

The purpose of this social gathering is to meet members of the opposite gender, groove to some fine tunes, and to quench the thirst with some tall cool ones. Check them out. The first one is September 8. Don't miss it!! Tickets are available at the Student Store, ETA Games Room (Engineering Technologies Annex, previously Plaza II) and at the door. Get tickets early - they usually sell out.

Oh, yeah! Another hip joint to check out is our own The Nest. A fully licensed lounge in the Activities Centre, it's a great place to have a bite and a brew. Bar service starts at 4:10pm.

And now for ...

STU'S PICKS

We have an incredible concert line up this week including Ringo Starr and His All-Star Band at the Coliseum on Aug. 25. BTO, Doucette and Meatloaf (this one should rock) are at the Convention Center on the 26th. Also, on the same night Johnny Winter (yes that is Edgar Winter's brother) at the Myer Horowitz (formerly Sub) Theatre. Also playing the Coliseum is Bon Jovi with special guest Skid Row on the 29th.

I'm at E128 (on your way to The Nest). So, remember if you have entertainment news you want people to know about, stop by and say "HI", I'll even give you a free Molson poster.

The Nest Is Back!

After a two month break, Bob, Gord, Nadia and all their staff are ready to serve the Nait population the great food and drink that made The Nest so popular last year. If you haven't been to The Nest for breakfast, lunch, dinner or an after-class or afterwork drink, you've got to try it! You'll love the service, relaxing atmosphere, great food, and well-stocked bar. (Bar service begins at 4:10 pm).

THE NUGGET

LIFESTYLE CORNER

GRAPEVINE • SPECIAL OCCASIONS • FUTURE LADY

PREDICTIONS FROM THE FUTURE LADY...

ARIES (March 21-April 19)
Don't do anything that
involves the use of your nose.
Several lotto numbers will be
chosen that you don't have.

TAURUS (April 20- May 20)
That annoying pest who's been
bothering you for the past six
months suddenly becomes the
apple of your eye, suckers!

GEMINI (May 21- June 20)
Take another look at that
potato chip you're about to
shove in your mouth... that
black thing isn't very tasty.

CANCER (June 21- July 22)
If someone you don't know
suddenly gives you
flowers...call the cops, this
person is wanted in several
states.

LEO (July 23 - August 22)
Judging from the past week I
think it would be a good idea if
you stay away from me.
Remedy: Watch "3's
Company."

VIRGO (Aug. 23- Sept. 22)
The refusal to do a job will
come back to haunt you in the
future. If someone tells you to
scrub the toilet...do it!

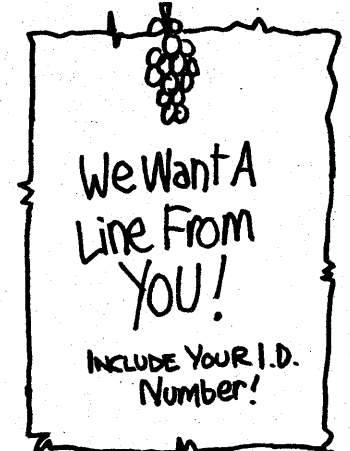

LIBRA (Sept. 23-Oct. 23) Be
very careful how you treat
your best friend today. This
person knows secrets about
you and the addresses to every
supermarket tabloid.

SCORPIO (Oct. 24- Nov. 22)
Be nice for the next week.
Thank You.

Brad: You've sure got my
vote babe! I really dig
authority figure types.

Sexy, But Shy.
Mel Tormay - I miss you.
Come see me.

J.C.

**SAGITTARIUS (Nov. 23-
Dec. 21)** Be yourself this
week. That Ronald Reagan
impression of yours really
sucks.

**CAPRICORN (Dec. 22- Jan.
19)** People who say nice
things to you are really only
after one thing... an expensed
paid trip to the beautiful city
of Paris.

**AQUARIUS (Jan. 20-Feb.
19)** Pay those bills, pay up on
those debts then go and buy
yourself a big dinner... oh
wait, you don't have any
money left. Sorry.

PISCES (Feb 20- Mar. 20)
Breathe in and out, in and out,
in and out, in and out, in and
out, in and , out....
