## Ahh! What A Feeling

Pat McEwen (right), and Bill MaCallum (left), present Wayne Connolly (centre) with keys to Corvette

The annual NAIT Foundation car raffle was a huge success. Tickets sold out with only two days remaining before the draw. This generated approximately \$90,000 revenue.

The grand prize of a brand new 1989 Chevrolet Corvette, was won by Wayne Connolly, a twenty-nine year old

meter man for the city of Edmonton. Connolly and wife, Debbie, have been married for six years and are awaiting the birth of their first child in two months time.

Mr. Connolly recalled buying his winning ticket on Friday, June 16, "I always buy tickets, but never expect to win!"

When asked how he

felt about winning he said, "It's great, really great." His appreciation was very apparent, "I'd like to thank the NAIT Foundation and especially Bill and Carol MaCallum."

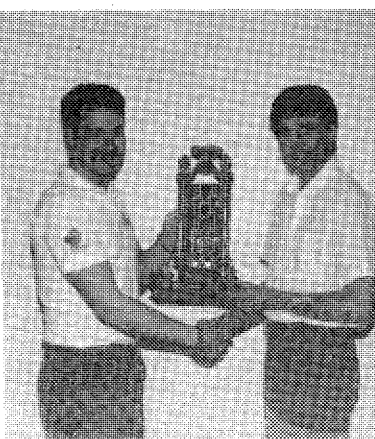

The Connolly family plans on keeping the Corvette for the time being, but may sell later on and put the money

towards a mortgage on a house.

And what is the first thing the owner of a brand new, tomatoe red, Corvette do?

"Go for a long cruise," answers the smiling Wayne Connolly. (Lucky guy - congratulations!)

## CST CO-OP PROGRAM WAS A BIG SUCCESS

right to left: Lil Bowes (CST Assistant Program Head), Helen Banks (past Program Head), Ava Kajrenius (CO-OP Student)

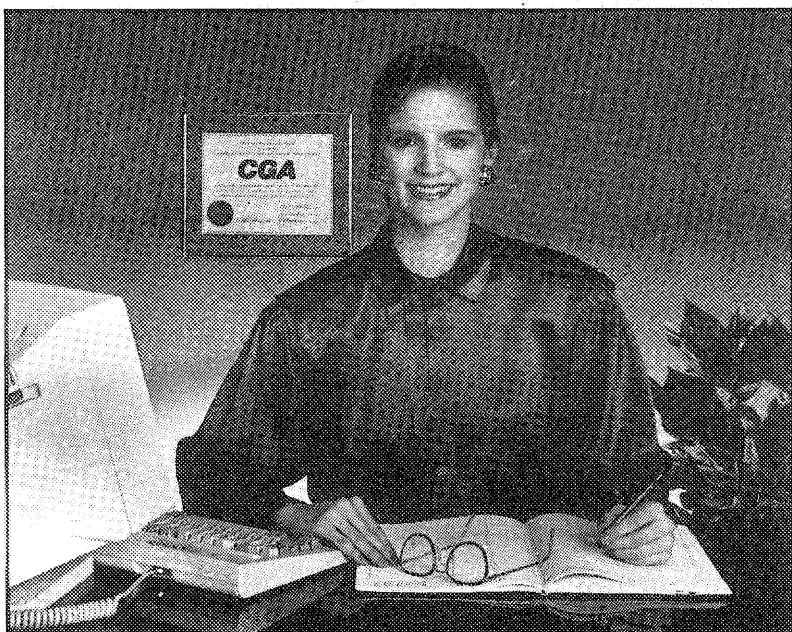

The end of the summer marks the completion of the CO-OP work experience program for several Computer Systems Technology students. This group of future programmers and analysts had an opportunity to use their skills at various companies. Students went through a series of seminars conducted by Andy Kuiper, CO-OP Project Coordinator. Then they applied for several of the available positions. Resumes were written and sent out. Candidates were interviewed and selected. The majority of CO-OP participants started work at the beginning of May. After four months of work they are coming back to school to complete their requirements for their requirements for their CST diplomas.

This is what one CO-OP student, Susan Wilson-Ferguson, had to say about the program, "Anyone who has an opportunity to participate in a CO-OP program should because the experience is invaluable."

On August 24th at the Nest the students had an opportunity to share their summer experience at the CO-OP Wind Up party. They had a chance to say good-bye to Helen Banks, CST Program Head, who is leaving school for a year and to welcome new Program Head Charles Coe and his assistant Jeff Seaver. CO-OP coordinator Andy Kuiper met student's supervisors in an informal setting. There was a lot of positive comments about the skills and high level of competence presented by CO-OP students. Most employers agreed that they would consider hiring CO-OP students after they graduate from NAIT.

Nest manager Bob Short and his staff did a great job catering the party. Proceeds from the party will go towards the 1990 graduation fund.

### "My first executive decision was to become a **CGA**"

Becoming a Certified General Accountant was my first professional decision — and it's really paid off!

CGA gave me the background in financial management and opened doors to even greater opportunities.

Business, industry and government are hiring Certified General Accountants to fill senior management positions. That's because CGA graduates offer a wide range of highly desirable skills.

The CGA program teaches computer expertise, tax, auditing, financial and management accounting and financial administration. What's more, you can earn your professional accounting designation while you continue working.

Becoming a CGA was the best decision I ever made. Make it yours, too.

# PET. TECH. FINDS NEW HOME

by Martin Maltby

Over the summer, various program and location changes were carried out on the NAIT campus. One of the programs most affected by these changes was the Petroleum Engineering Technology which ended up with new locations, equipment, and courses. In the process, several problems were solved.

For instance, instead of students and instructors having to shuffle between the basement of E-wing and J-wing's second floor, all classes are now held in the Engineering Techs Annex, which was formerly named Plaza II. In addition, the move allowed an updating of all courses. This modernization included the addition of a computer lab

for students and the combining of some courses to streamline the program and eliminate some less important aspects of the lessons.

Changes such as these can only help improve the high standard of NAIT education. Best of luck to all members of the Petroleum Engineering Technology in the coming year.

## Corrected Correction

We may finally have got it right! Kevin Wimpney is NAITSA's Activities Director and his on campus phone number is 7612. He is not the Athletics Director (Justin Dahlen is) as was printed in last weeks edition. Sorry Kevin (you gotta admit though - you haven't had this much attention for a long time!)

"Our Standard is Excellence"

Many will be shocked to find  
when the day of judgement's near,  
That there's a special place in Heaven  
Set aside for volunteers

Furnished with big recliners,  
Satin couches and foot stools,  
Where there's no Committee Chairman  
No group leaders or car pools,  
No eager team that needs a coach,  
No bazaar and no bake sale,  
There will be nothing to staple,  
Not one thing to fold or mail,  
Telephone lists will be outlawed,  
But a finger-snap will bring  
Cool drinks and gourmet dinners,  
And rare treats fit for a king

You ask, "Who'll serve these privileged few  
And work for all they're worth?"  
Why, all those who reaped the benefits  
And not once volunteered on earth.

## EDUCATION: QUALITY vs. QUANTITY

Editorial:  
by Barry Gabruch

NAIT has expanded in many departments to keep up with the *techno-wars* which they must wage against opposing institutions vying for our educational dollar. Meanwhile oversights have been made in critical areas, while two-year old wallpaper is being replaced with trendy color schemes.

Every student on campus will at one time or another need to visit the **Media Workshop** on the 2nd floor of the Library. It is here where you can turn a book into a novel and a simple report into a presentation. They have machines coming out of their ears but in the 1989-90 school year there will not be one computer available to students.

Watchout! They'll argue, "We have typewriters." But as hundreds of thousands of dollars worth of renovations continue, students wait in the wings patiently for funds to be allocated for the purpose of buying computers. The likes of which my nephew has access to in elementary school.

What is more important? Quality or quantity? NAIT's expanding, but let's not forget the foundation we're building on. There's no doubt student concerns met now will provide this institution with the type of reputation that can only project into larger numbers later.

The question is: Will our administration be able to wait?

NAITSA Activities Director, Kevin Wimpney would like to thankeveryone who participates in the Paper Toss at the NAITRIUM on Tuesday. Prizes won included hats, t-shirts, Posters, Patio umbrellas and a cool Coors Lite BBQ. Way to go people! The folks at the burn treatment love ya.

## SCHOOL'S BACK!

First day jitters were obvious as the hallways swarmed with new and familiar faces. The cobwebs were evident in a few faces as many of our teachers and other personnel were brought back to earth with the commencement of classes. Summer let the wheels of NAIT rust, somewhat, but not enough to slow the pace of our 27 year old institution.

Registration had thier hands full this year, but because of some new and improved services they were able to handle the congestion. Customer Service Supervisor, Cora Nicholson said, "It would be hard to say how many students we recieved but there is a definite increase in the number of students being handled by our office this year."

The recptionists handled everything from student loans to the arranging of student class structures. Often playing the role of traffic cop. "Students come to confirm their registration, but some come just for guidance or information. Wer're here to help," said Mrs. Nicholson.

NAIT has not fallen benhind the technological revlouton on such fronts as a toll free service and on line registration services. Cora Nicholson explained, "Students could register over the phone. As were able to

enter the appropriate data as we spoke with the individual."

Other places were not as fortunate in handling the extra number of students this year. Ed Semeniuk finds this one of the most gruelling times of the year. "We hired eight full time cashiers, six inventory personnel on a part-time basis to keep up." That point alone was cause for concern for Kathy, night cashier at the South Cafeteria. "I realize nothing has gone up more than 10¢ per item, but we handle hundreds of people per day on these war-time cash registers." The ladies who run the tills have to add the items up in their heads as they go and Kathy is a little less than impressed, "This is the 1990's, not the 1920's," she says with a sheepish grin. "My boss will understand."

Security guard, Red Sterling smiled when he looked back on Tuesday. "Four young ladies pulled up in this fancy sport car and looking to me for guidance said, 'We're here, where do we go, what do we do, and how do we do it?' I said, 'It's your first day isn't it?' 'Yeah.' 'Mine too.'"

What can you say? It's only Red's first week.

NAIT is finally fired on all cylinders again and there is plenty to do and see. Go out and meet new people or see old friends and classmates. Get back into the groove. Do it up. Go for it, have a little fun. Orientation Week was a huge success. Thanks to the NAITSA executive for putting on a great week of activities. The comedians were outrageously funny, the dunk tank was, well, let's say it was wet. A great time was had by everybody. And we all managed to make a great donation to the Burn Treatment Center. Way to go people!!!

But, I think it's time to get to the good stuff. So, here it is again...

#### STU'S PICKS

Stu's pick of the week is the classic Slaughter of Alberta on Friday night at Commonwealth Stadium. Yes folks - it's our beloved Eskimos against um, hold on, oh yeah Red Deer. NO! WAIT!

Hmmm...Calgary. Yeah, that's it. The Calgary Stampede. Should be good for a laugh. If you're a sadist that is.

EMT (Paramedics) is throwing a Peach Fest at Sun Ridge Ski Hill (formerly Hidden Ridge). It's at 10980 - 17st (right off the Yellowhead East). Should be a good one.

Molson's Welcome Back Night is at the Nest Friday (tonight). Go in and say HI to Bob and Gord and the rest of the gang. They are a good bunch (Stu's official seal of approval). There should be some kind of drink specials - check it out.

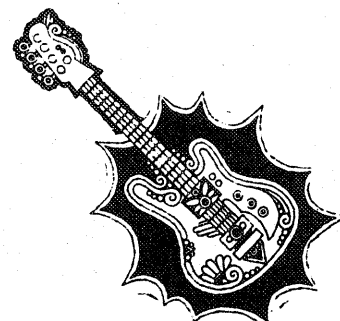

Sept. 15 is the tentative date set for the Business party. These ones usually sell out, so look for posters and get tickets fast.

On the club scene, best bet for all around good tunes is CLICK at the Metro and The Eddie Patterson Project is at Andanté. This guy is one hot blues guitarist, and

definitely worth checking out. Remember, if you're loaded take a cab home.

People with a craving for comedy have a chance to win two tickets to Yuk Yuk's. Simply deposit your best (or worst) two Mother-in-law jokes to The Nugget office in E-128. Draw will be made Wednesday Sept. 13th. Do it. Make my day.

There's a great sale on books at the Centennial Library on Saturday, the 9th. Great deals on all sorts of stuff, including LP's, periodicals, and encyclopedias. Support your local library and stock up your own collection as well. That's it for now. Stay tuned. Stay hip. Stay awake. Bye.

## Ooks Will Play the Junior Oilers

In less than a week, the NAIT Hockey Ooks will play their first exhibition games of the 1989-90 campaign. The first home game for the Ooks will be on Friday, September 15th when they entertain the Junior Oilers in an 8:00 p.m. match at the NAIT Arena.

The Ooks opened training camp with 60 prospects including 14 veterans. Already, the training camp roster has been trimmed down to 40. For the 1989-90 season, the Ooks will carry in the neighborhood of 20 to 25 players.

The first action for the Ooks will be their intersquad game slated for 4:00 p.m. at the NAIT Arena on Friday, September 8th. The Ooks then travel to Fort Saskatchewan to play the Traders on Tuesday, September 12th at 7:30 p.m. The Ooks then return home

to the NAIT Arena for their match against the Junior Oilers on Friday, September 15th at 8:00 p.m. The Ooks round out their first week of preseason games with a match against the Saints in Saint Albert on Saturday, September 16th at 7:30 p.m.

Following their first three exhibition games, the Ooks play host to the NAIT Blue Gold Classic Hockey Tournament which runs from Friday, September 22nd through Sunday, September 24th. The Red Deer College Kings, The Camrose Lutheran College Vikings and the U of A Golden Bears will be guests at this year's tourney.

## WANTED: PLAYERS FOR WOMEN'S BASKETBALL

The Women's Basketball team at NAIT had steadily improved to the point where they were challenging for the ACAC supremacy. Tragically, that challenge screeched to an abrupt halt last season when the team faced a critical player shortage and was forced to withdraw from the league for the year. This season the squad has had to post a \$1000.00 performance bond to re-enter league competition. This bond will be refunded if NAIT meets all their league commitments. Failure to do so would result in NAIT dropping Women's Basketball from their athletic program.

Last years crisis came as a complete surprise to veteran head coach Gregg Meropoulos who had built the program into a contender. They had recruited well in the off-season and had plenty of talent accepted into their respective academic programs. However, many of those recruited chose not to play for a variety of reasons.

The nucleus of the squad did remain together and played a series of exhibition games. Therefore, this season's team will not exactly be starting from scratch. Coach Meropoulos has noticed a fair response, during registration, from girls interested in playing. He hopes for at least fifteen to twenty ladies to show up at the Organizational Meeting, September 11th.

In addition to the twelve Athletic Scholarships of \$1000.00, the Women's Basketball team offers the following:

- \$15/day meal money on road trips
- first class travel and accommodations
- a top-notch training facility that includes a private team room, laundry service and sports injuries clinic
- the opportunity to compete in the top college conference in Canada for Women's Basketball
- **AND THE SCHEDULE INCLUDES A TRIP TO VANCOUVER!!**

All students interested in playing for the Women's Basketball team are invited to attend the Organizational Meeting; Monday, September 11th at 5:15 in the gym. Hope to see you there!!

## Bob Prince Speaks Out

by Bob Prince,  
Sportswriter Extraordinaire

After December 31st, sports lovers in Canada will suffer the consequences of a government that is unresponsive to the voice of Canadians.

For months, Michael Wilson has been heralding the new GST (also known as the Grab and Steal Tax) as the best thing for this country. Face the facts, the tax is not what Canadians want.

With the implementation of the tax, the cost of recreation and exercise equipment will rise by at least nine per cent. As a result of the tax, a number of Canadians will be less apt to spend their shrinking disposable income on recreation and the fitness of Canadians is likely to slide. Consequently, health care costs will shoot upwards as more Canadians will be less physically fit.

As for the towns of Banff and Jasper, the number of skiers making these towns as destinations is likely to decrease. More individuals will take advantage of resorts on the other side of the border which will become more attractive. With the decrease in tourism dollars, spent in Banff, Jasper, and throughout Canada, jobs will be lost and the cost of unemployment will increase.

There is not doubt that Michael Wilson's attempt at implementing the new GST is ill-conceived and not required.

What is required is drastic cuts in mindless government spending. For example, instead of spending millions of dollars using military aircraft to shuttle M.P.'s around the world, let them use commercial airlines.

Write your M.P. now, before it is too late.

# THE NAIT ARCHIVES

## Parking Madness

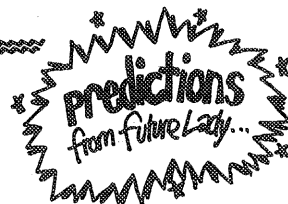

Yes, once again Parking Permit Madness has struck certain students attending NAIT. This madness seems to strike at the beginning of the school year. The madness begins as students are forced to stand in disorganized lines for long periods. Gradually symptoms of Parking Permit Madness appear.

These symptoms include a growing tension and impatience amongst the students. A new symptom was recently discovered through the actions of one poor soul. This poor fellow felt that the best way to distribute the permit forms would be to fling them into the air. His action caused a great deal of pandemonium in the crowd.

FROM "THE NUGGET"  
SEPT. 11, 1981

Perhaps someone in the Administration could find a cure for the madness. I believe the permits could have been sold in a more civilized manner. Could they have been sold in the unused portion of the arena? Even better, could prearranged form be sent out with fees and later distributed with permit with I.D.'s. Hopefully someone can devise a better system than the one presently in use.

Until then, may I offer some relief to those poor souls that are still suffering from this madness. Check the bulletin boards and general office for parking permits. They will soon become available as students either graduate or withdraw from NAIT.
