THE OFFICIAL NAIT STUDENT NEWSPAPER

VOLUME 27 ISSUE 26

THURSDAY, APRIL 5, 1990

12 PAGES

WHAT CAN

WE DO

FOR YOU?

Roxanne Beaubien
NAITSA President

The new NAITSA executives will soon be starting to plan for next year. This is the time for students of NAIT to speak up and be heard. What direction would you like to see NAITSA take next year? What services/activities could we provide for you? What can we do to make your time at NAIT easier and more enjoyable?

We have lots of ideas, but we are only six people and we need more input from the student body. Please stop by the offices (E133) or drop your ideas in the suggestion boxes around campus. Tell us what we can do for you!!

On a personal note, I would like to thank all of the technology representatives, students, and staff that have supported me over the past year and believe in my ability to lead NAITSA next year.

I would also like to commend all of the election candidates. It takes courage and conviction to run for a position; everyone ran a strong campaign.

A special congratulations to Crystal, Lisa, Archie, Jeff, Scott, Barry, Kirk and Carrie. I am looking forward to working alongside of you next year. NAITSA 90/91 is going to be amazing!

One more thank you to some very special people. To Lynda, Art, and Vicki; your experience and advice has been invaluable over the past year. To Scooter and Pookie I have watched you guys grow as people and as leaders over the past year. Your contributions to NAITSA have been great. You both picked up the pieces when things started to fall apart. Thank you for your dedication to our purpose, for your belief that we could handle anything that was thrown at us, and for your support and belief in me. I will miss you both.

GENERAL COUNCIL UPDATE

By Martin Maltby
News Editor

Tuesday's General Council meeting saw several presentations for various reasons. The meeting started with Stan Bara, Chairman of the Open House Committee, and Helga Kinnaird, Chairman of the Mascot Committee, give out the awards for the best mascots at Open House. The Heavy Machinery technology took first place with Respiratory collecting the runner-up prize. Mr. Bara commended the students' work at Open House and said: "We found that all your displays were first class."

Naitsa President Roxanne Beaubien then presented the new Naitsa executive to the technology representatives.

Next, Dave Parker of the Naiture Club gave a speech about environmental crises that face the world today. Mr. Parker urged the students to become more involved in environmental concerns, and especially with recycling here at Nait. He also revealed plans to set up a table in the Main Lobby on Friday, April 20 to collect paper. The idea is that if staff and students bring paper to the table that would otherwise be thrown out during that day, a graphic message would be sent to Nait of the need for an institute wide recycling program. April 20 was chosen to coincide with Earthday, a worldwide environmental movement involving 125 countries and an estimated one billion people.

Imre Bene, former Naitsa Treasurer/Secretary presented Naitsa's 1990/91 budget which was unanimously approved.

The vote on the Naitrium's smoking status was then addressed. The Instrumentation technology representative moved that Naitsa recommend to Nait that the Naitrium be completely non-smoking. Biological Sciences seconded the motion, and after some discussion the motion was passed 21 to 1. Air Conditioning was the only technology to oppose the resolution, and there were four abstentions.

President Roxanne Beaubien asked for a maximum of \$2,000 to be set aside for a Naitsa executive

retreat to help the members set goals for the year as well as get to know each other better. The tech. reps. asked about prior retreats and how other schools organize such retreats before finally passing the resolution.

Unfortunately, after the Naitrium vote, there was a slow but steady stream of tech. reps. who left the meeting. The retreat money was the last issue to be voted on before Council lost quorum, so all other business was left until the April 17 meeting. That meeting will be the last of the year. A quorum will be needed to vote in candidates for Academic Council's three empty seats. If quorum is not reached, the seats will remain vacant until September.

Other items mentioned at the meeting included the deadline for ordering yearbooks (April 30), the new hiring policy, and proposed by-law changes.

FILM CREW ON CAMPUS

On Friday, April 6, a film crew from Frame 30, a local video/film production company, will be on campus filming footage for a NAIT promotional video to be used in junior and senior high schools across Alberta. The crew will be recording candid scenes indoors and out throughout the day.

NAIT PRESIDENT AND INSTRUCTOR CHANGE PLACES

NAITLINE

When Jack Holliday became President of NAIT on Wednesday, March 28, he knew that he was in for a radical change from his usual role, but he was not quite prepared for the range of experiences awaiting him.

After receiving the key to the President's Office from its usual occupant at 8:00 a.m., Jack suddenly found himself alone behind the big desk. "It was just me, and I got kind of lonesome."

Not for long. He was soon required to chair a meeting of the President's Advisory and Review Committee, which includes Vice-Presidents Fred Williamson and Seeth Seethram and Financial Director Ivor Richardson. "When I got a look at the level of decisions the President must make, I found it a bit scary. He has an awesome responsibility."

Following the meeting, President Holliday had visits from several other members of the administration: Denis Budnyk, Art Hooks, Garry Meadus, Sandy Wright, and Bud Zahary. According to an unconfirmed report, one manager tried to talk Jack into a raise - and received a swift kick in the pants. Jack also had a visit from Local 38 President Dale Holland.

In the afternoon, President Holliday took a call from the Advanced Education Deputy Minister's office: something about placement figures on NAIT graduates.

Jack also had some writing to do. As is usual with the regular President, he didn't have time to finish it before the end of the day.

A big, and pleasant, surprise was a cheque for his services for the day; \$1,000. Jack's delight was short-lived, however. After

deductions - for security, speech-writing, taxes, and a host of incidentals - the net amount was 99 cents! "It was a good gag," says Jack, "and a fitting end to the day. I really enjoyed it and was, besides, impressed with the level of candour and competence among our administration."

Meanwhile, in the Business Centre, Accounting Instructor Stan Souch was just finished his day of classes. "It was stimulating to be in a teaching environment again," he says. Stan was a teacher and counsellor for a number of years during the '60s in the Edmonton Public School system. He found NAIT's students "attentive, and they asked good questions."

Assisting Stan, who is not professionally qualified in accounting, was Ivor Richardson, C.G.A., as guest

lecturer. The Instructor for a Day received instructions on his assignment from Harald Daum, who required that Stan (a) bring two dozen doughnuts to the staff and (b) administer the Student Feedback Questionnaire so that his performance appraisal could be completed.

Stan interacted with a number of Business Administration staff, who impressed him with their dedication. "I sensed a continual striving on their part to find new and better ways to present their material and manage their classes."

Despite the lighthearted side of the exchange, let's not forget that there was a serious, practical side as well. The ticket sales in the President for a Day draw raised \$1,065 toward the Foundation Cruise Project.

NUGGET READER SURVEY

Win one of two \$25 gift certificate
to the NEST/STUDENT STORE.

In our ongoing commitment to inform, enlighten, and entertain the student body and the NAIT community, we have undertaken to canvass our reader's opinions. Do we suck, or are we cool? Let us know!

Surveys only partially completed will also be accepted. Please answer the questions which are of interest to you/or apply. Surveys may be submitted anonymously, but to be eligible for the prizes, please be sure to include your name, student ID# or staff position, and phone number.
The Deadline for Entries is
Please return survey forms to E-128.

STUDENTS RECOGNIZED BY BOARD OF GOVERNORS

By Martin Maltby
News Editor

The Board of Governors recognized two groups of students at its April 2 meeting. The Board greeted the new Naitsa executive, Board of Governors student representatives, and the Academic Council member. The National Champion Oaks hockey team was also congratulated for its accomplishments.

Nait President Stan Souch introduced incoming Naitsa President Roxanne Beaubien to the Board and then asked her to introduce the rest of the student executive. Miss Beaubien also introduced new Board of Governors member Kirk Spence but had to excuse Carrie George who was absent due to illness. Barry Gabruch, the student representative on the Academic Council, was also introduced.

Later in the meeting, Dean of Student Services Gary Meadus introduced Athletics Coordinator Irwin Strifler to present the OOKS representatives. Strifler praised the OOKS coach of 12 years Perry Pearn and all members of the team, calling them a "class act and great ambassadors."

Finally, Pearn was allowed his turn at the podium. He claimed that while he was proud of his past teams and their accomplishments both at NAIT and after graduation, he felt this year's team could well have been the best he's ever worked with. Pearn also praised the OOKS off-ice achievements.

Assistant Coach Rick Carriere accompanied Pearn to the meeting along with Captain Blaine Peerless and Assistant Captains Randy Wong and Ivan Krook.

Board of Governors Chairman Cathryn Wyatt ended the presentation by saying "We share your glory and thank you for bringing this honor to NAIT."

A CRIMINAL RECORD

Is yours for life . . . it will still be there when you graduate and will affect your future opportunities for:

- Career Advancement
- Loans
- Travel
- Starting a business
- Employment
- Bonding

Now is the time to consider your pardon. If you meet the conditions set out in the Criminal Records act, you may be eligible to apply for a pardon.

Are you thinking of travel to the U.S., but may be denied entry because of a criminal record? We can assist you in obtaining a U.S. Travel waiver.

GRAPEVINE KO'D

By
Jamie Cunningham, Editor

When we started out last semester, we knew we had to find a way to increase student participation and submissions in the newspaper. People were not volunteering enough information as we would have liked.

One day, I wrote a fictitious letter to Big John from Wet Wendy, hoping to attract reader attention and at the same time, get students to submit their messages to friends, lovers, instructors, et cetera. For a while, it went really well, and I enjoyed reading and editing them before they were typed. But, I started to get sick of reading them all the time and didn't pay as much attention to the content as I should have.

"That was my mistake. Two messages were submitted by students that were not friendly and playful. Those two messages publicly degraded two students; both of which I now know.

The Grapevine was never meant to be something where one could insult someone else or gain revenge on them.

As much as I hate to see the Grapevine absent in the last two issues, the decision was reached that it had to be pulled before someone else got insulted or ridiculed.

The Grapevine is slated for a return in September's Nugget. I truly hope it does not get abused and if it does, I hope next year's Nugget Editor will hold a tighter rein on it than I have.

The Nugget is published most Thursdays from August to April. Staff and student contributions are welcome. Submissions should be brief and direct, double spaced and preferably typed, and must contain your name and student ID number. The Nugget reserves the right to edit letters and viewpoints for brevity. The opinions contained in The Nugget are the opinions of the individual writers and do not necessarily reflect the views and opinions of The Nugget staff. The Nugget is located in E-128 Main Campus.

Dear Editor:

Two weeks ago Building Construction Engineering Tech put up posters for the Hermit Hoe-Down Cabaret. Last week we were asked to replace the posters because they were sexist. The censored poster was the

replacement.

We would like to offer our sincerest apology to any offended parties. It was never the intention of B.C.E.T. to be offensive

Sincerely,
B.C.E.T. Executive Council
Thanks.

LETTERS TO THE EDITOR

Dear Editor:

On behalf of the Two Study Animals Cuming Hither, we would like to express our extreme displeasure in regards to ending the Grapevine for this semester. Due to the inconvenience caused by this decision of the Nugget, we would appreciate it if you would allow us to make our date in the personals column next week.

Signed,
Two Study Animals Cuming Hither.

Don't you animals ever study?

Dear Editor:

Question of the day: What does this mean?

A.1.3 Students shall have the right to freedom of expression and opinion, subject to limitations noted in B.1, and shall have the right to make representation to any advisor or decision-making body, subject to Institute procedures.

(as taken from the Compendium of Student Rights and Responsibilities, page 130 of the NAITSA Student Handbook and Weekly Planner 1989/90).

Answer: To Photographic Technology Students, almost nothing.

Let me explain further. A few weeks ago we, the Students of Photo-Tech, wrote a memorandum to the Program Head to bring up some solutions to problems directly affecting us in our ability to work and function efficiently. Following the memo, the class representatives for the first and second year students spoke to our Program Head to discuss the problems and possible solutions that were outlined in the memo a week previous. We were to receive a response the following Tuesday. It is over two weeks later and we have not been given a response.

In the memo, one of the problems we students felt important was the issue of being treated as adults and respected for being adult students. By the apparent lack of response from our Program Head our requests have not been addressed and our rights have not been considered. Obviously, by writing this letter we are not satisfied with the treatment

we have received. And, we certainly show that we are not getting the respect that are adult deserves.

Now let me ask this: If I am not an adult, what am I?

Answer: I, sir, am a wiggly worm, sir, a wiggly worm.

A Student of Photographic Technology.

Watch out for hungry birds.

Dear Editor:

BUTTONS--LOTS OF BUTTONS!

So that was Open House, eh? Many people stopped, looked, asked questions, and some entered our free draw by guessing the number of buttons in the bubble at the Tailoring booth.

The prize was a hand-crafted country style mouse. There was a total of 292 entries, but only one guess came close to the correct number of buttons.

Barb McKinnon from Red Deer guessed 873. The actual total was 898 assorted buttons. Guesses ranged from under 40 to 20,000, with most being in the 200 to 300 range.

The Tailoring Tech.
Wow!

Dear Editor:

Re: L. Krushinsky's letter of March 29, 1990.

Yes, minorities have rights. But when the 'right' of a minority affects the health of all others (even other minorities), it is no longer a right. By demanding equality, Immigrants to Canada and other minorities, do not infringe upon the health of all Canadians. Smoking is worse for the non-smokers inhaling the second-hand smoke than for the smokers themselves.

Smoking is not a right, it is a privilege, and if it is abused, it should be lost.

S. Sugden
I agree.

Dear Editor:

This is coming from a concerned non-smoker. I do believe that smoking sucks. But for those who have got hooked on smoking, they should have a place to wreck their lungs in comfort, if that is what they call comfort. I believe there is such a thing as "Human Rights". I believe that instead of banning smokers from the Naitrium, or building another "Naitrium" for the smokers and remodeling the old Naitrium, just put in a good ventilation system.

An excellent ventilation system is an air exchanger, which bears with it a minimum cost. For if another building is built, mine, ours, and your tuition will probably increase.

Another topic I've been reading about is that when they remodel the Naitrium, why don't they rip out the

present carpet and lay down all tile?

So instead of discrimination against the smokers, let's try and make the Naitrium comfortable for everyone.

Your Sincerely,
Todd Guest.

I think everyone should just quit the filthy habit.

Dear Editor:

I would like to reply to Lori Krushinsky's letter in the March 29, 1990 issue of the Nugget.

Lori, you are absolutely, unequivocally correct when you state that minorities have rights too. Every person has the God-given right to choose what they do in life. If you want to smoke then that is entirely within your rights to choose to do so. Nobody can say or do anything to take away that right.

However, with your choices come responsibilities. Your responsibility is to ensure that your actions don't harm bother or otherwise take away from my rights. I have rights too. Just as you have the right to smoke I have the right to choose not to. There is a difference between each of us as we exercise our individual rights. By exercising my right not to smoke I can't possibly bother the person next to me. When you exercise your right to smoke you can bother somebody. My right must win over yours because your freedom of choice cannot extend beyond into other people's rights. Put bluntly, you do not have the right to smoke if, by your exercising or that right, you infringe on my rights. You may smoke in your home or in your car or any place where it won't harm or bother others. That is only fair.

Editor, your reply to Lori's letter was that everybody should be able to enjoy the Naitrium. I wholeheartedly agree. But people who don't like smoke can't enjoy it, can they?

Having a room declared half smoking and half non-smoking does not work. Even if the smokers stayed in their half (which some don't) the smoke doesn't stay in its half!!! The smoke drifts!! Even smokers must acknowledge that! It's a scientific fact.

Therefore, the only way for EVERYONE to enjoy the NAITRIUM is for it to be non-smoking. If someone wants to smoke then they must go outside or someplace where their right to smoke does not infringe on my right to breather fresh air.

Sincerely,
Garth Fitzner
680 signed their names for non smoking. 260 signed for smoking. Should majority rule?

THE RUSHIANS WERE HERE!

By Martin Maltby
News Editor

On Tuesday, March 20, the Canadian rock trio Rush returned to Northlands Coliseum after a three year absence. It was worth the wait.

The evening started with Mr. Big, a hard rocking quartet looking to make a name for themselves. The group came out firing with good music, a strong stage presence, and incredible solos. Billy Sheehan, former bass player for David Lee Roth, led Mr. Big through its paces and provided an excellent guitar duel with Paul Gilbert, lead guitarist. The lead singer also came through with a strong voice and incredible vocal range. There were definite hints of Lita Ford and Aerosmith in all the music.

When Rush took the stage, though, it was obvious who the headliners were. From the first drum beat of Force Ten to the last guitar riff of In The Mood, drummer Neil Peart, guitarist Alex Lifeson, and singer/bass player Geddy Lee gave the audience everything it wanted.

As always, Rush's performance could be taken on almost any level. The stage show, for instance, was superb. Constantly

changing spotlights followed the band's movements, while other smaller lights cut through clouds of smoke to illuminate both stage and audience. Lasers fired from the back of the stage over the audience's heads, creating wonderful and diverse patterns. The huge projection screen behind the band, which has become a mainstay of the show, was used for everything from animated song openers to dramatic news clips.

Some of the spectators had come for Peart's provocative lyrics. Unlike much of today's rock, Rush's songs reflect a deep intellectual awareness of the group's surroundings. From Superconductor, the song about Hollywood images, to Time Stand Still, about people's interaction with each other, the songs demanded a second look.

Of course, some were there just for the music. Rush is an amazingly tight group, resulting from 16 years without a lineup

change. The group performed five songs from their latest release Presto, along with such classics as Tom Sawyer, Freewill, and Closer To The Heart. In total 11 of the group's 13 studio albums were represented in the set. If Rush does have a weakness, it is that they have too many good songs and so must leave out many fan favorites.

The individual members each showed why they are considered to be among the top players in the world. Lifeson's lengthy guitar pieces, such as La Veilla Strangiato, reflect several diverse styles. Peart consistently weaves drum rolls into songs, and regularly performs an intricate drum solo that is rarely matched. Lee easily holds his own during the bass solo, and still displays one of the most unique voices in music today.

Together, it is easy to see why Rush is Canada's most successful rock and roll export ever.

Study Areas

Where did the brainstorm come from to remove one of the all to few study areas to set up a "comfy" little corner in H wing?

Since that money is already spent and gone why not move those now unused study cubicles to J wing.

The J wing complement to the H wing comfy corner is a plastic bench.

Let's put those study cubicles back to use. Put them in J wing where at least the people who are interested in studying instead of listening to MTV can better themselves.

CAREER SECTION

Produced in co-operation with THE NAIT PLACEMENT CENTRE Room 111 South lobby

JOB POSTING PROCEDURES

- Read beyond the position title when considering a posting. Opportunities may be overlooked if you do not fully understand the scope of a job.
- If you feel qualified for a job, apply. Often employers will consider a combination of education and experience.
- Apply as soon as possible on postings. Small or medium size employers may hire a suitable candidate before the closing date.
- Job postings are published only once in the Career Section, though it will remain on the posting boards until the closing date.

REGISTRATION WITH THE PLACEMENT CENTRE

- Students are registered with the Placement Centre 2-3 months prior to graduation. A representative from the office will be visiting your class.
- It is important for you to be registered with the Centre if you are available for employment. This information assists us in advising employers' on the number of graduates available.
- Contact the Placement Centre to report a change of phone number or address.

DAFFODIL DAY

By Martin Maltby
News Editor

On Friday, April 6, the Canadian Cancer Society will be coming to Nait for Daffodil Day. The Society needs volunteers to help from 10:00 a.m. to 2:00 p.m.

Volunteers will be given trays of real and plastic daffodils to carry throughout Nait to be given away. The volunteers will also collect donations for the society, but a donation is not necessary to receive a flower.

According to Nait's Vice-President Crystal Mechor, the day is intended to raise the Cancer Society's community profile rather than to collect money. She says anyone wishing to help need only go to the kiosk in the main lobby or the booth in the North Cafeteria on Friday to get a tray. Volunteers will not be given shifts, but can just pick up their tray whenever they are free and return it when they are done.

The Cancer Society chose the daffodil because it is the symbol of Hope. The society conducts Daffodil Day each year.

For more information, contact Crystal Mechor in the Nait's offices (E-133).

CORRECTION

By Martin Maltby
News Editor

Two weeks ago, the Nugget ran a story about the Nait Alumni Service that had a couple of errors. This article is to point out the corrections.

It was reported that alumni holding a Privilege Card could use all athletic facilities along with "locker and travel services." There are currently not enough lockers to service students as well as alumni, and the towel (not travel) service is still in the planning stage.

The article also mentioned "continuing education programs." These programs would not be traditional continued programs. Rather, they would pursue topics of interest to people of different backgrounds in Nait (eg. different technologies, previous education). These programs would be separate from any planned travel programs that the Alumni Service is planning to set up.

Finally, the planned Affinity Card will not be a "partnership" between Nait and a credit card company. It will be a credit card program with a percentage payback to Nait based on the number of purchases made by the alumni using the card.

For more (accurate) information, contact Judy Chichak in the Student Services Office (E-134).

SLOGAN/LOGO COMPETITION

WANTED:

Your bright ideas for a slogan and/or logo design.

The NAITURE Club and the NAIT Foundation are sponsoring an important new project designed to make life just a bit better for all of us. With your help, we're proposing to replace those environmentally unfriendly styrofoam cups used in NAIT's cafeterias with reusable plastic mugs that can be purchased for \$3.00.

WHAT'S IN IT FOR YOU? Well, everytime you use the 12 oz. mug in any NAIT cafeteria outlet, you'll get 5¢ off the price of your cup of coffee or soft drink (at that rate, the mug will pay for itself in a few short weeks!) And you'll be helping to protect the environment. And you can have some fun doing it...

SCIENCE CENTRE HOSTS EVENING FOR ASTRONOMERS

Martin Maltby
News Editor

The Edmonton Space Sciences Centre is planning two evenings with the stars... and the planets, galaxies, and constellations. The Centre will be celebrating 100 years of amateur astronomy in Canada on Friday, April 6 from 8:00 to

11:00 p.m. and Saturday, April 8 from 12:00 to 9:00 p.m. and from 8:00 to 11:00 p.m.

The Centre, which is a member of the Royal Astronomical Society of Canada, will be hosting slide shows, telescope and computer displays, and night-time observing

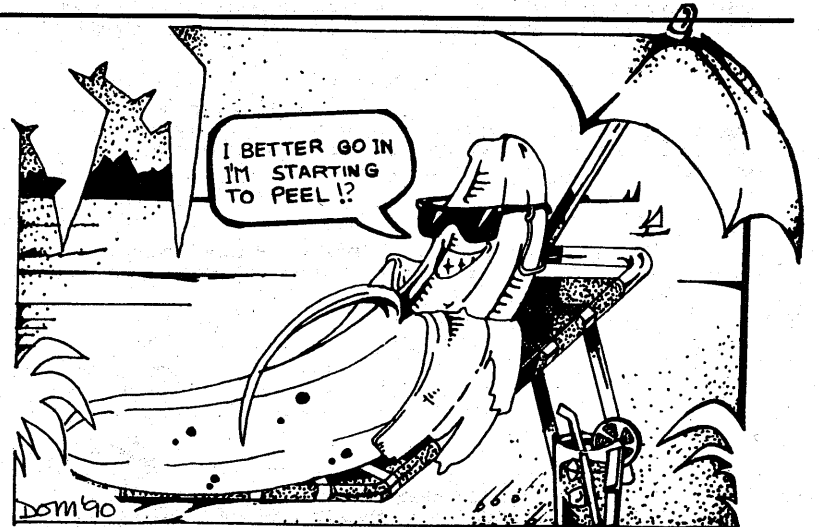

weather permitting. The Centre also has regularly scheduled star shows, movies, and laser light shows.

For more information, call the Centre at 452-9100 or drop by in person. The Centre is located at the corner of 111 Avenue and 142 Street.

HOW?

We're looking for a catchy slogan and/or logo design to decorate the mug.* So - rev up that latent creative talent and enter the contest. Closing date is April 22, 1990. Please submit your entries (no entry fee, no limit per person) to the Student Services Office (Room E134). Your design may win you a valuable prize package!

*Keep logo design simple - must be able to be printed clearly in 1 - 2 colors.

Graduating Electronic, Electrical, Instrumentation, Chemical Technicians and Technologists; and Power Engineers:

Ontario Hydro wants you. We've got great careers in southern Ontario, with excellent training, pay, benefits, and lifestyle.

Find out more! We'll be on campus next week, so plan to attend one of our info sessions on April 11th. We're so confident in your qualifications, we will be scheduling our testing sessions for the 12th!

The Road to a National Title

By Brian Stein
The Nugget

EXHIBITION

Although the Oaks did not play any exhibition games outside of Alberta during the 1989-90 season, the legend of the Oaks continues to grow across the nation.

In early September, the Oaks scored victories over the Fort Saskatchewan Traders (4-2) and the St. Albert Saints (4-1). The Oaks also dropped a 9-3 decision to the Oiler rookies after leading the contest 2-0 following the first period.

In late September, the Oaks posted a 2-1 record in the NAIT Invitational Hockey Tournament. The Oaks posted wins over Camrose Lutheran College (7-1) and Red Deer College (5-4) and lost to the U of A Golden Bears (7-2).

In early October, the Oaks finished fourth at the University of Alberta Golden Bear hockey tournament. In the tourney, the Oaks played well against the CIAU teams but lost to the University of Calgary (5-2), the University of Alberta (4-2), and the University of Saskatchewan (6-3).

In mid October, the Oaks won the ACAC Preseason Hockey Tournament for the first time since 1985. The Oaks went undefeated in the tourney and thumped Grande Prairie Regional College Nordic Wolves (11-1), the Mount Royal College Cougars (8-2), and the Camrose Lutheran College Vikings (7-2).

In early January, the Oaks won the SAIT Invitational Hockey Tournament in Calgary. In the tourney, the Oaks went undefeated notching triumphs over the SAIT Trojans (6-3), the Drumheller Miners (5-0), and the Kelsey Amaruks (9-4).

In mid-January, Greg Geldart's goal with 26 seconds left in the contest gave the Oaks a 6-5 win over the University of Alberta Golden Bears at Face Off '90. Ivan Krook and Craig Sterzer each chipped in a pair of goals for the Oaks.

REGULAR SEASON

For the second time in history, the Oaks went through the ACAC regular season undefeated. The Oaks posted a record of 22 wins, no losses, and two ties. The last time the Oaks went undefeated was the 1984-85 season when they posted a record of 25 and 0.

In October, the Oaks posted three wins. The Oaks opened the season with a 5-2 win over Red Deer before sweeping a series with Mount

Royal scoring 7-2 and 7-5 wins.

In November, the Oaks improved their record to nine wins and no losses with wins over Red Deer (5-2 and 7-6), Camrose (7-2 and 6-1), SAIT (6-0) and Mount Royal (4-2).

In December, the Oaks record included two wins and a tie. The Oaks defeated SAIT 7-4 before the teams fought to a 3-3 draw. The Oaks also scored a victory over the Camrose Vikings.

In January, the Oaks added six more wins. The Oaks posted victories over Red Deer (5-4 and 5-0), Camrose (11-2 and 8-1), Mount Royal (4-3), and SAIT (10-1).

In February, the Oaks finished off the season with five wins and a tie. The Oaks scored victories over SAIT (6-5 and 6-2), Camrose (12-3), Mount Royal (9-1 and 6-3). The Oaks also erased a 5-1 deficit to salvage a 6-6 tie with Red Deer.

Once again, the Oaks lead the league with most goals scored and fewest goals allowed.

PLAYOFFS

The Oaks posted a record of nine wins and one loss in the playoffs en route to their fifth national championship season. The road to victory was not an easy one.

In the ACAC semi-finals, the Camrose Lutheran College Vikings gave the Oaks a scare. Although the Oaks won the best-of-three series two games to none, the Oaks needed a late goal from former Viking Mark Thiessen to win game one 3-2 before clinching the series with an 8-1 victory in game two.

In the ACAC finals, the Red Deer College Kings hoped to avenge their loss at the CCAA nationals in 1989 to the Oaks, but they did not. The Oaks swept the best-of-five series from the Kings in three games. The Oaks scored victories of 3-1, 4-3 and 6-1 to win their ninth ACAC championship.

In the best-of-three CCAA semi-final series, the Oaks eliminated the Kelsey Amaruks of Saskatoon from further competition in two games. The Oaks skated to a 9-1 victory in game one and a 5-3 triumph in game two.

In the best-of-three CCAA final series, the Humber Hawks pushed the Oaks to the limit before succumbing. In game one, Greg Geldart scored the game winner for NAIT at 18:53 of the third overtime period. Humber then tied series with a 2-1 victory in game two. In game three, Mark Hilton of the Oaks tallied at 14:44 of the second overtime to cap off back-to-

back national titles for the Oaks.

INDIVIDUAL ACCOMPLISHMENTS

The NAIT Oaks success as a team has been phenomenal during the past decade. The success of the team is most apparent in statistics and in recognition.

For the first time in history, one club--the NAIT Oaks--filled the ACAC All-Star first team. Goaltender Rob McKinley, blueliners Randy Wong and Blaine Peerless and forwards Murray Bokenfohr, Ivan Krook and Todd Lorenz were named to the first team. In addition, the Oaks placed winger Ian McAmmond on the second team.

At the CCAA National Championships in Toronto, three Oaks were selected as all-stars. Forwards Greg Geldart and Ivan Krook along with defenceman Jeff Wildeboer were chosen to the team for their outstanding play.

At Faceoff '90, a number of Oaks played the game of their lives. Craig Sterzer's two goal performance earned him player of the game honours.

In the ACAC regular season, Ivan Krook of NAIT won the scoring title while Derek Shyunka and Rob McKinley of NAIT teamed up to post the best goals against averages in the league.

THE LEAFS ARE BACK

Editorial

Bob Prince

The Toronto Maple Leafs are back. The team is playing the hockey that Leaf fans have longed for and are strong contenders to take the Norris Division title.

The improvement is not due to one reason, but rather a combination of factors.

Behind the bench, Doug Carpenter has molded the team into one that can win with a lethal offensive punch. In addition, Carpenter has instilled a blue-collar work ethic and a pride in the blue and white that hasn't been seen in years.

On defence, veterans Brad Marsh and Rob Ramage have proved to be excellent additions to the Leaf blueline core. As

A SEASON IN REVIEW

By Michael Harasiniuk
Manager Mens Volleyball

The season started on a tough note. The team had to find a head coach as last year's coach moved on. After some searching, the very capable Mike Trent was found to take over the volleyball program. The first half of the season was very difficult for the team as the team lost three matches in five sets a third of the way into the season. The team started to gell and play more to their potential. The last half of the season proved to be much more competitive, and the team finished strongly winning four of their last five matches to finish in fifth place overall with an 8 win and 10 loss record. The team finished with some impressive statistics including leading the league in staff blocks with 196 and finishing third in aces with 97. There were also many excellent individual statistics which the team turned in. These include: John Mazur, finishing first in the ACAC in aces with 24, finishing fourth in stuffs with 48 and

VOLLEYBALL--MEN	MW	ML	GW	GL	PTS
MEDICINE HAT	17	1	51	7	54
RED DEER	14	4	48	14	28
MOUNT ROYAL	14	4	46	21	28
GRANT MACEWAN	14	4	42	23	28
NAIT	8	10	32	37	16
GRANDE PRAIRIE	8	10	32	38	16
SAIT	7	11	33	38	14
LETHBRIDGE	6	12	27	41	12
LAKELAND	1	17	9	52	2
OLDS	1	17	4	53	2

sixth in kills with 178. To top off his season Glen Mundy finished third in the league in stuffs with 51 and fifth in aces with 20. Wess Grenhe finished eighth in stuffs with 33 and 27 in the kills with 97. This is most impressive, considering Wes played over half the season in the setter position. Graham Schofield finished eleventh in aces with 15 even though he missed three matches due to injury. Devin Gray finished twelfth in aces with 14 even though he joined the team a third of the way through the season. There were also improvements in play from Terry Maik and Garret

Wilkie who picked up their setting game to enable the team to use Wes in the power position, and also Jeff Clark and Andy Cherwonka who could always be counted upon to go in and do whatever was needed. With Coach Trent coming back next year as well as many of this years players, next year should be a solid season. Many thanks must go out to the following people who helped inspire the team. Rich Cunningham, Parrish, Bill French, Dianna Paton, Glen Farmer and the rest of the Women's Volleyball team, Doug (the best bus driver any team could have), Michele, Janet, John, Leanne and Rob all from the equipment room and of course Rusty!

OVER TO YOU
BILL

Maur
With Sports
By Maury
Bautz

The fate of the Edmonton Oilers now rests on Bill Ranford's shoulders. The question still remains--can he rise to the occasion and lead the Oilers to glory? The torch was handed over to him last Friday in Calgary--it was handed to him by arguably the best goalie to ever lace up pads in the NHL--Grant Fuhr. This is an extremely heavy weight to put on a young inexperienced athlete's shoulders. But it should pay dividends for the Oil. Ranford was waiting for it. Now no one can rely on Fuhr to be the savior. Bill's the one. The critical factor that will ultimately decide the fate of the team. Let's pause and look at history for a moment. There was Ken Dryden in the 1971

playoffs. This rookie goalie, fresh out of the minors, brought his team to a Stanley Cup climax by sheer adrenalin and the thrill of the moment. Billy Smith, although through questionable tactics, did it for the Islanders in their glory years. Then there was Andy Moog who, almost single handedly, made the Oilers a force to be reckoned with. Grant Fuhr proceeded to dazzle the sports world, back stopping the Oilers to consecutive championships. Ron Hextall, Mike Vernon, and Patrick Roy displayed similar heroics in the years after. the point is; the goalie makes or breaks even the soundest National League teams. With these thoughts in mind let's be optimistic, realistic or even a little bit auspicious and predict the Oilers to storm through the playoffs to Stanley Cup glory. If Ranford, Messier, Kurri and troops can pull together and play like we all know they can, we all will be partying through the streets of Edmonton in early June.

"LEAFS" FROM PAGE 8 captain, Ramage provides leadership that was instrumental in the Flames success of last year. On the other hand, Marsh uses his heads-up play to inspire his teammates. Up front, Ed Olczyk, Dan Marois, Vincent Damphousse and Gary Leeman have spurred the Leafs to be among the leaders in goals scored by a team in the NHL. The

balanced attack of the four Leaf forward lines has given nightmares to other teams in the league. The Leafs are longshots to win the Stanley Cup, but they can do it. In the 1988-89 season, the Leafs were the only team to win their regular season series with the Calgary Flames. The Leafs are a longshot and may win the Cup. However, a Calgary-Buffalo final is more probable.
