## Royal Rangers

### Royal Rangers Sessions at the All-Church Ministries Convention

The district Royal Rangers will host three seminars at the All-Church Ministries Convention on March 8.

**Safety and the Church.** This three-hour seminar presents areas of safety and risk mitigation related to kids and activities within the church and during church outings. Topics covered include safety protocols, equipment safety inspections, safety risks related to children activities, and legal risk mitigation. This is an ideal session for anyone in the church who ministers to children.

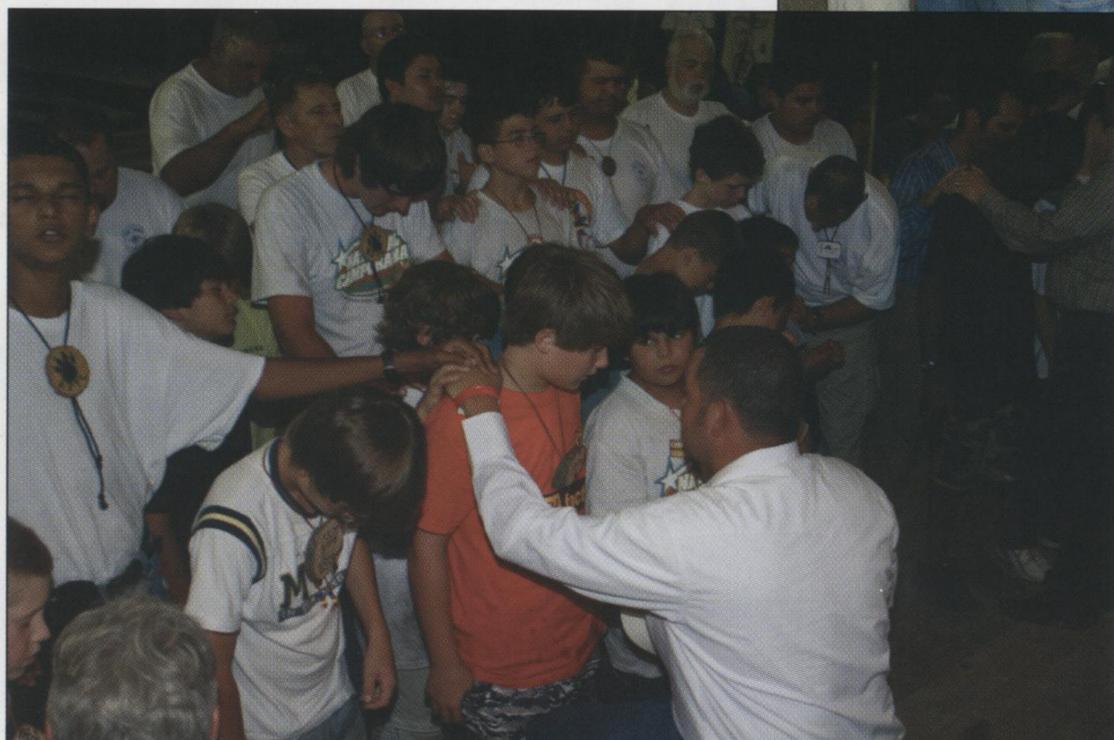

### District Pow Wow

Our annual Pow Wow date has moved for 2008 to April 25-27. Pow Wow packets will be mailed soon.

We are looking forward to the ministry of Pastor Jeff Hunter during our services Friday and Saturday night and during our church service on Sunday morning.

**How to Start an Outpost.** A successful Royal Rangers ministry doesn't just happen. It takes many different people with different strengths and backgrounds to provide the ingredients for a successful Royal Rangers outpost. This seminar is a look at how to successfully start a Royal Rangers outpost in your church.

**Developing & Presenting Devotions to Kids.** Meaningful devotions to kids provide excellent opportunities for the Holy Spirit to touch their hearts. In this class we will discuss methods of turning opportunities, ideas, and subjects into meaningful devotions.

Lots of fun activities are planned for your boys during the day.

Encourage your leaders to take your boys to Pow Wow.

Your boys do not want to miss it!
