Royal Rangers Winter Camp Recap

In early November almost 400 men and boys from across the North Texas District gathered at the Royal Rangers Camp at Lakeview for our annual Winter Camp. And this year it even felt like Winter Camp with cold temperatures and strong north winds! Our theme was "Ready," and our speaker Jayson Cole from Glad Tidings in Austin did a great job helping the boys get ready for the return of our Savior. Here's one of several praise reports we received from Winter Camp:

"I have the pleasure of telling you that we've had the most kids ever (from a single event) from our outpost accept Jesus as their Lord and Savior this past weekend during our Winter Campout at Lakeview Camp near Maypearl, Texas. We had four young men accept the Lord!!! A couple of these boys are pretty new to our church and our outpost - since the most recent Rally Day. Plus, several others rededicated their lives during the weekend as well."

Every Royal Rangers event is focused on presenting the Gospel to your boys and young men. Our next district-wide camp for your boys is our annual Pow Wow. It will be held at the Royal Rangers Camp at Lakeview April 29, 30, and May 1. We hope to see your boys there – and you are welcome to join us too!

Chartering

It's not too late to obtain the benefits of chartering your outpost. Each year outposts across the country are asked to recharter with the national Royal Rangers office around the beginning of the school year. But if you missed chartering then, or if you started your Royal Rangers ministry after that time, you can still obtain these benefits of chartering:

- 15% discount on all Royal Rangers items ordered online through GPH
- 15% discount on national, regional, and district Royal Rangers events and training
- The annual age-specific publication Rangers Now for each member of your outpost
- Annual version of the Outpost Promotional Kit

Chartering is available at <http://royalrangers.ag.org>

Changes to Royal Rangers

In 2010 some pretty significant changes to the Royal Rangers ministry were released. If you would like to explore these changes to see how they can help your local Royal Rangers ministry, check out the link to the changes on our district website – <http://www.ntxrr.org>
