

# POTOMAC DISTRICT ROYAL RANGERS

Patch Guide  
1975 - 1994

First Edition

March 1995

Fellow Patch Collector,

Welcome to the wonderful world of collecting Royal Ranger patches. The enclosed database from the Potomac District covers all Pow Wows (District & Sectional), Frontiersmen Camping Fellowship and District Buckaroo / Straight Arrow events.

The listing includes the number of patches manufactured (sometimes estimated) and a value for each patch. The value is not intended for any monetary valuation, but for a point of reference when considering a trade. For example - a District Pow Wow 1984 (18) would be equal to a District Pow Wow 1988 (12) plus a District Pow Wow 1992 (6).

The valuations are based on the age of the patch, quantity, and type of event. Respectively, the older a patch is, the greater it's value. The fewer patches made, the greater the value. District patches would be of greater value than sectional, in that they have greater appeal to the district at-large. As always, the true value belongs to the trader!

This is the first edition of the Patch Guide and we plan on updating the material annually. I wish you happy patch hunting and trust that your collection will be filled with wonderful Royal Ranger memories.

In His service,  
George W. Raduano  
District Commander
