

# FRONTIERSMEN CAMPING FELLOWSHIP UPDATE BULLETIN

---

## March 2010

As the Leadership Training Academy is transitioning to the Rangers Ministry Academy, it has become necessary for the Frontiersmen Camping Fellowship to adjust our requirements for membership and advancement awards for leaders.

The current requirements will remain in effect as they are with the exception of the Wilderness Frontiersmen requirement for leaders to attend NTC. For the duration of 2010, leaders who have not already been to NTC and wish to advance to Wilderness may do so by substituting the new NRMC, the National Ranger Ministry Camp. If they have attended NTC they may use that option.

All other requirements will remain the same until December 31, 2010. All of the FCF applications have been updated to reflect that adjustment. Applications received after that date for any of the three levels of FCF advancement must meet the 2011 advancement plan requirements.

Below are advancement options for 2010:

- New members to FCF may join using either plan.
  - If the 2011 system is chosen, they must stay on that path.
  - If the current system is chosen, they may apply for advancement with the current requirements until December 31, 2010.
- Frontiersmen advancing to Buckskin-
  - If the 2011 system is chosen, the leader must meet all requirements for Buckskin using that plan. If this option is selected, they must stay on that path from this point forward.
  - If the current system is chosen, they may apply for advancement with the current requirements until December 31, 2010.
- Buckskin Members advancing to Wilderness-
  - If the 2011 system is chosen, the leader must meet all requirements for Wilderness using that plan. If this option is selected, they must stay on that path from this point forward.
  - If the current system is used, they may apply for advancement with the current requirements until December 31, 2010.
- All leaders advancement requirements will shift to the 2011 requirements on January 1, 2011
- All boys requirements will remain the same.

*Note: As a reminder, all requirements must be completed before applying for advancement.*

Updated applications for both plans are available at [www.naitonalfcf.org](http://www.naitonalfcf.org)
