# ROYAL RANGER PATCHES

Compiled and Edited

by

ALAN GELL

ROYAL RANGERS – A camping ministry for boys  
Sponsored by the Assemblies of God

## IMPORTANT NOTE -PLEASE READ *The Worth of a Patch*

The "worth" or "swap value" of a patch is only determined by two people -- the person that has the patch and the person that wants it. Obviously, some patches are valued much higher than others, due to many different reasons. Before you trade, consider the following:

- \* COLORS (How many colors are there on the patch? Is it attractive?)
- \* SHAPE (Does it have an unusual shape to it?)
- \* AGE (How old is the patch? Older ones are generally worth more than newer ones.)
- \* SPECIAL EVENTS (Was the patch commemorating a special event, or just an ordinary activity?)

Generally speaking, National and International event patches are worth more than most others. Then next would be Regional / Territorial event patches. Next in line would be District Pow-Wow patches. After that, it's pretty much up for grabs -- whether a Sectional event is "worth more" than some district event is debatable and other factors should be considered.

Generally speaking, adults should only trade with adults and let the Ranger age boys only trade with Ranger age boys. Although most adults are honest, they usually are all trying to "get the best deal" that they can and sometimes don't realize their "yarns of folklore" can dazzle a youngster right out of a valuable patch in trade for one not quite so fair.

We strongly recommend that you trade or swap with the motto that's popular -- W.W.J.D. ??? What would Jesus do if he was swapping those patches of yours? Would you try to take the best of him or give him a good deal? Think about it.

When you begin to swap or trade, use some plain, common "horse sense." If you and the other trader are both happy with the trade, then good. Don't listen to those around you telling you how you "got skunked!" If you are happy, then it really doesn't matter what anyone else thinks about it, since the trade was only between the two of you anyway.

### Historical Background of Data

This is our fourth publication listing Royal Ranger patches and events. Patches have been issued for many different reasons, but usually to commemorate a special event. With the help of many district staff members supplying information, we have attempted to fill in a lot of blank spaces and maintain a complete data bank of events. To those who have helped, thank you so much. There's too many of you to list by name. Special thanks go to Dade Massey and Raymond Baker for their input and listings. This information would not be as complete as it is without everyone helping out, but there are still lots of blank spaces.

If you have any information that would help "fill in the blank", please send it to us. Give us as much information as you can remember -- who was the speaker, where was the event held, who designed the patch, what was the theme if any, etc.

If possible, please send a sample patch. That helps us get the information correct. If you can't, then please send a photocopy (commonly called xerox). Anything at all helps us in maintaining this database.

Thanks again to everyone who helped us in this massive undertaking, especially those that responded to our inquiries the past few months. We really appreciate it.

## INDEX

Pages 3 - 52 Data listing of patches and events

Pages 53 - 57 Patch Identifier and Alphabetical Listing

Pages 58 - 60 Sort lists by Districts

Page 61 Unknown patches

SAN ANTONIO SECTION

ABOUT THE AUTHOR -

Alan Gell is widely known throughout the Royal Rangers for his knowledge of the ministry and program of Royal Rangers. He began as a Lt. Commander in 1962 while attending the University of Texas in Austin. He established Royal Ranger Outposts in Austin, Monterrey, California, Aberdeen, Maryland, and San Antonio, Texas while serving on active duty with the military. He stayed in the U.S. Army Reserves and retired as a Lt. Colonel. He has several degrees, including an honorary Doctorate in Humanities. Alan served as a member of the Royal Rangers National Executive Committee for 20 years, as well as Regional Coordinator for the South Central Region. He was instrumental in formulating many of the policies and programs in the early developmental years of Royal Rangers, including the Ranger of the Year program. He is a Past Vice-President of the National Council, a Wilderness Vigil member of the Frontiersmen Camping Fellowship, a multi-experienced training camp staff member, and a popular Pow-Wow speaker.
