Recommitment to Christ

"But ask now the beasts, and they shall teach thee....."

"Or speak to the earth, and it shall teach thee: and the fishes of the sea shall declare unto thee.

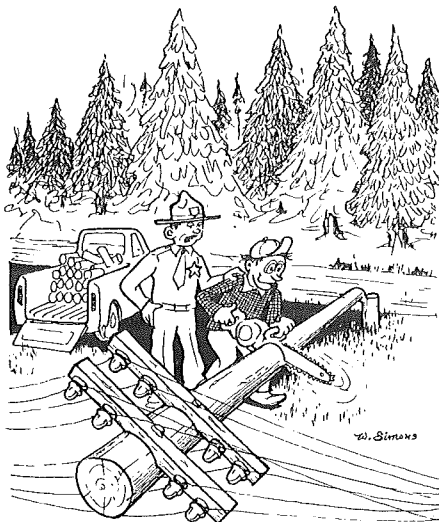

"Who knoweth not in all these that the hand of the Lord, hath wrought this?

"In whose hand is the soul of every living thing, and the breath of all mankind" (Job 12:7-10)

As a good camper you should practice and encourage others to practice measures which will protect our water supply, varied plant life, soil and wildlife. These are national resources necessary for you to enjoy hiking and camping.

You should also learn to appreciate the wonders of God's world and develop a sense of responsibility for their care.

The following check lists are intended to help you to fully enjoy our out-of-doors experiences and to practice good conservation while doing so.

PARDON ME, SIR. MAY I SEE YOUR WOOD CUTTING PERMIT?

Conservation Pledge

I GIVE MY
PLEDGE AS AN AMERICAN
TO SAVE AND FAITHFULLY TO
DEFEND FROM WASTE THE
NATURAL RESOURCES OF
MY COUNTRY — ITS SOIL
AND MINERALS, ITS
FORESTS, WATERS,
AND WILDLIFE

Where IS our Earth....
Gone?

Where are the trees?
Where are the big palm trees?

Where are our lakes and rivers?

Where are our streams and ponds?

Where will the earth be, since there is pollution up to my knee.

The "Blue Ocean" is now a polluted SCA. Don't laugh friend, for this was caused by you and me.

Fish are dying and the children are crying—Man had better look for a new planet to live on for this one is dying.

Frequent Fumbling

by the Australian Contingent

Frantically finding our flight, we said good-bye to friends and family "Farewell!" Fatigue found us fast as we fellowshipped and followed Phillip's formula for fun and fantasy.

Fast freeways, farms, and forests fled in front of us while fragrant food in Fontana, Fremont, Frisco and the federal capital forbade fasting.

Frazzled frames faltered forlornly until faced with fantastic foreigners who forced fast food on our frail forms.

Frequent frustrations found our physiques fighting against further festivities until we flaked on fluffy featherdowns.

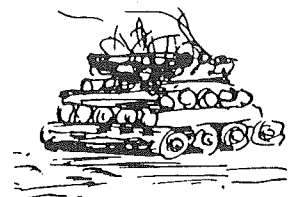

Finally finding fresh and friendly furry fellows at Eagle Rock, we've arrived!

We've talked of peace & repairing "the Old South," but many of the politat-ions are mainly "just mouth".

Many of the polutions are caused by me & you friend, so why not help out, by lending a helping hand.

Birds are dying & the Eagle is crying. For one day we will say, "Where is our EARTH... Gone?"

By J.D. Eller

EYE - SPY

The International Camp-oroma is in full-swing, and reporters are everywhere!

Lets all give a BIG WELCOME to the many FOREIGN DELIGATIONS! For some, it is their first trip to America. Let's make them feel at home!

Check out the FCF Village! Fred Deaver, Sonny Green and staff are doing one fantastic job!

WILDLIFE WATCH:

these animals seen in a meadow early this morning are not goats. They be DEER.

A Ranger from out west in looking for a friend he made from back east at the 1986 Camp-oroma. Hope Billy C. can find Joe S.

WILDLIFE ADVISORY:

What looks like "Striped Kitties" are really SKUNKS.

Have you tried the BB gun range? It's fun!

"Sunrise with the Circuit Rider" is sure some kind if church service. (Did they really have church that early in the old day?)

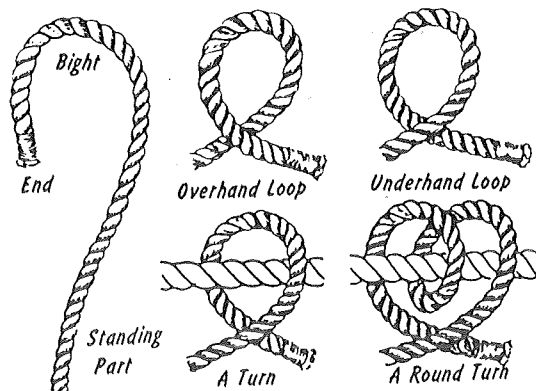

WILDLIFE TIP: not all large birds are eagles. Some may be crows or buzzards. (Right, Sam?)

Everyone from Canada raise your right hand. (Aren't you glad you use Dial?)

Watch for Eye-Spy tomorrow. I may be back!

-J.D. Eller

ISAIAH 6:8

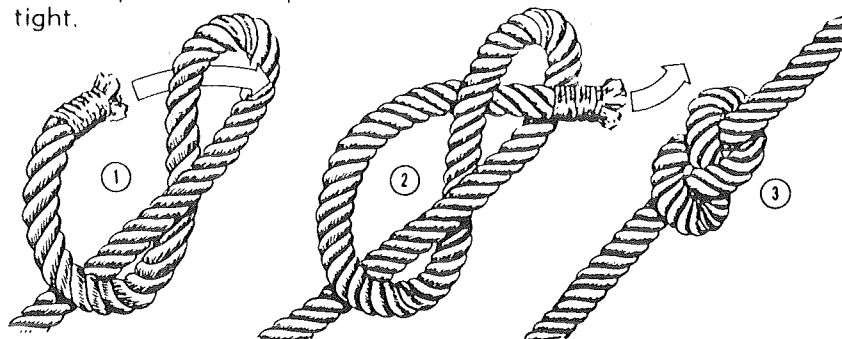

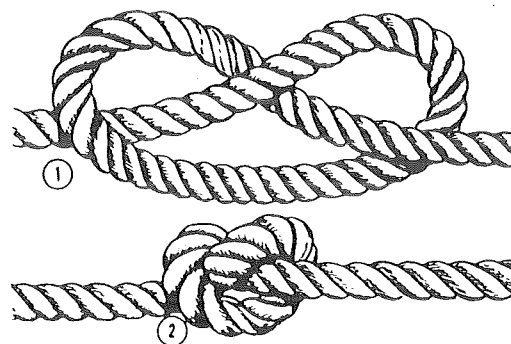

KNOT TYING

In knot tying a rope has three parts: The **end** is the end of the rope with which you are working when you tie a knot.

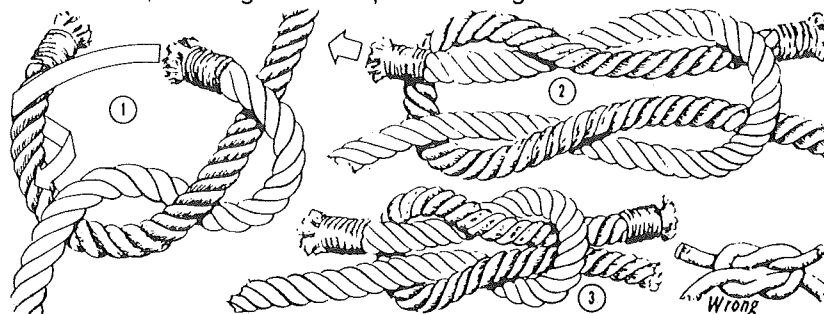

The **standing part** is the length of the rope not being used.

The **bight** is the central part of the rope between the working end and the

The **Overhand Knot** is the simplest and smallest stopper knot and is used to begin many more difficult ones. It is generally used on small cord or twine, since it jams and is hard to untie. To tie: Make an **overhand** loop. Pass the end under and up through the loop. Draw up tight.

The **Figure Eight Knot** is a stopper knot and is easier to untie than the overhand knot. To tie: Make an underhand loop. Bring the end around and **over** the standing part. Pass the end under and then up through the loop. Draw tight.

The **Square Knot** is a joiner knot used to tie parcels or bundles and bandages in first-aid and to join two ends of rope or string of the same thickness. To tie: Pass the left end **over** and under the right end. Curve what is now the left end towards the right. Cross what is now the right end over and under the left. Draw tight.

A First of Its Kind

The 1990 International Camporama is the first Royal Rangers international camping event of its kind. More than 3,500 people from across the nation and around the world are expected to attend.

We, the Camporama staff, trust you will have a fun and safe stay at the National Royal Rangers Training Center. We pray that the event will bring a time of renewed commitment to Christ for all.

Some of the guest speakers during Camporama will include the Rev. G. Raymond Carlson, general superintendent; the Rev. Joseph Flower, general secretary; the Rev. Silas Gaither, national director, Division of Church Ministries; and the Rev. Ken Riemenschneider, secretary, Men's Ministries Department.

Special ceremonies will include recognition of the late Rev. Johnnie Barnes. National Commander Barnes

founded the Royal Rangers ministry in 1962. He passed away in 1989. His wife Juanita will be present for this and other activities.

Numerous other activities—pageants, crafts, hot air balloon rides, hikes, rappelling, archery, and much, much more—will be highlights of this great camping excursion. See your Information Packet for further information.

Meet Our Special Evening Speakers

Special speaker last night was Fred Deaver, national FCF president, U.S. Commander Deaver has served the Royal Rangers ministry since 1966. He is an artist by profession. Many of his paintings can be seen on covers of Royal Rangers training books and in the Royal Rangers magazine *High Adventure*. Be looking for his art in the upcoming fall 1990 *High Adventure*.

June 27—Tonight's special speaker is the Rev. Mark Gentry. Commander Gentry is national field advisor, U.S. He has traveled to numerous Latin American nations and Australia as a Royal Rangers representative. Commander Gentry once served as deputy national commander for the national Royal Rangers office in Springfield, Missouri. He now pastors Faith Assembly of God in Fort Smith, Arkansas.

June 28—The Rev. Paul Stanek will deliver a special message Thursday evening. He is the deputy national commander and national training coordinator for the Royal Rangers. U.S. Commander Stanek has served 16 years with the national Royal Rangers office.

June 29—Friday evening will be a treat for everyone. National Commander Ken Hunt will share his vision and burden for the Royal Rangers ministry. Commander Hunt was named national commander on September 12, 1989. He was appointed to succeed the late Johnnie Barnes.
