NOTE: *Participants are no longer required to have a sports physical to attend Camporama.*

Along with their Camporama Application, all participants must submit a completed Medical History Record. The form must include all medical history information requested. Health and safety are of utmost importance.

- Each participant's immunization shots should be current. Immunization requirements are based on recommendations of the U.S. Public Health Service.
- Any allergies, recent surgeries, medications being taken, or other relevant health information must be included on the Medical History Form.
- **The district commander must retain a copy of each district participant's Medical Record Form while traveling as a group to and from the Camporama site.**

Medical Waivers

Camporama can be physically demanding. Many activities are physically strenuous and may result in special medical support consideration. Therefore, it is necessary that the medical staff be aware of participants who have certain physical conditions requiring waivers. Such physical concerns are the following and should be noted on the Medical History Record:

- Cardiovascular problems requiring medication
- High or low blood pressure
- Diabetes requiring treatment
- Marked obesity
- Bronchial asthma (acute or severe) under treatment during past 24 months
- Anemia, hemophilia, or other severe blood problems

Persons who have any of the above or precautionary conditions are requested to consult with their physician and seek his/her opinion on whether or not they should attend Camporama. You may also be required by the national office to obtain a physician's statement of approval to attend Camporama. In some cases you may be required to present a release of liability waiver. There may be instances where proper medical support at the Camporama site is impossible. Under such circumstances, participation may be denied.

Disabilities

Any special accommodations required for a seriously disabled person should be made known to the national Royal Rangers office at the time of registration. In the event the national Royal Rangers office is unable to provide those special accommodations, that person's application may not be approved.

Child Abuse Prevention Policy

Every adult attending Camporama must have in his church's file a Church Worker's Clearance Form. **The pastor of any commander wishing to attend must sign the leader's Camporama application Form**, indicating the leader is a competent and qualified church worker with no known facts or allegations that raise any question concerning the leader's suitability for working with minors in any Royal Rangers activity.

All suspected child abuse at Camporama is to be reported immediately to the Camporama Coordinator. Child abuse will not be tolerated. Child abuse reports will be kept confidential and alleged child offenders will be confronted appropriately. Acceptable conduct concerning man and boy relationships should be defined and agreed with all district adult delegates before coming to Camporama.

Insurance

Accident and sickness insurance will be provided to all Camporama participants as a secondary policy. It will act as a primary policy in the event the participant does not have a primary personal accident insurance policy. The cost of this insurance is included as part of the Camporama fee. Each individual district will provide additional insurance coverage for travel to and from the Camporama site if traveling as a group.

Transportation and Personal Vehicles

Each district commander is requested to offer a group transportation plan for his delegation to and from the Camporama site. Those who are coming by commercial transportation need to provide transportation to Camp Eagle Rock. The district commanders may begin setting up their encampments on Sunday, July 16, at 1:00 p.m. Areas such as the Johnnie Barnes Lodge and the Old Town will not be open until scheduled times. Campground Rules

Security

Security personnel (uniformed and plain-clothes police officers) will be present before, during, and after Camporama to ensure the safety of all campers. These individuals are professional law officers who serve in their local outposts as commanders. Please give them the highest respect. They are here to serve us so let us all live up to the Ranger Code. Please note that you will need to provide the name of each vehicle's primary driver along with vehicle ID information at registration. This will help us locate the drivers of vehicles if needed.

Registration

Royal Rangers, RR leaders, foreign delegates, Camporama workers, vendors, and visitors will be required to go through registration located at the Eagles Lodge at the Eagle's Resort area, the first time they come onto the Eagle Rock Campground. **Each person** will be required to go through registration to receive the appropriate ID card. **YOU MUST HAVE AN ID CARD for security to allow you to proceed through the secure campground gates.** If you do not have an ID card, then you will not be allowed onto the campground site. Visitors, workers, and guests will also receive a colored "Visitor ID card" and will need to sign in and out of the campground as they travel back and forth. This rule is to provide safety for our campers. Please note all vehicles entering camp must give the license number to the registration office. *You will be required to give your vehicle license number and primary driver information to the registration office to receive a parking pass.*

Trash Policy

Trash maintenance is necessary to keep the camp clean and sanitary. Cooperation by all participants is requested to help ensure trash is disposed of properly. Trash dumpsites will be designated.

Parking/Traffic Safety Policy

Motor vehicles will be used to transport materials and supplies by an approved group of staff workers throughout the Camporama site. The following guidelines are for the best interest of all participants.

Pedestrians

- Walk on the left shoulder of the road in a single-file, facing traffic and carrying a flashlight at night.
- Stay off roadways and bridges when footpaths are available.
- Cross roadways only at established crossings.
- Give emergency vehicles the right of way.
- Obey traffic signs.

Motor Vehicles

- Use of motor vehicles on the Camporama site is by approval only.
- Always buckle up your seat belt and passengers.
- Travel slower than the posted speed limits, as this is a highly congested area.
- Truck beds/tractors may not be used for transporting passengers.
- Give right-of-way to emergency vehicles and security service.
- Give right-of-way to service vehicles.

On Sunday, July 16, beginning at 1:00 p.m., vehicles may be driven to assigned campsites for unloading gear. You will be allowed two hours to unload, and then you must move your vehicles to the assigned parking lot. No vehicles may be parked outside the designated parking areas. For safety reasons, no personal vehicles including any motor-propelled unit will be permitted for transporting people or equipment in the camp after Monday, July 17, without permission from the national staff. A tow truck will be on site to move illegally parked vehicles. Anyone wishing to use their vehicles off site during the Camporama dates should use the designated parking area outside the secure campground gates. Please designate only one vehicle per group for this purpose and park all other vehicles in the designated regional parking areas.

Regional “Misting Tent”

It is recommended that each region establish a regional misting tent near the restrooms to provide a cool down area. These areas are designed to cool down campers only; they are not for water games or showers. They will only be operating as needed.

Special Activities

The Rifle and Air Rifle Range, Mountain Bike Trail, BMX Course, swimming pools, bouldering wall, climbing wall, and Archery Range are open only during designated activity periods. These areas are off limits during non-designated activity hours.

Going off site

Every individual must notify security when entering and exiting the campground. Each district and foreign delegation will be responsible for the care and liability of the boys and leaders in its group. Any leader wishing to leave the campground after he has registered must fill out a Release and Hold Harmless Form and present it to security at the main gate. Forms are available at registration, national headquarters, regional headquarters, and at the main gate.

Water Conservation

Please practice water conservation and use only biodegradable soaps and shampoos.

Fire Safety

Ground fires are prohibited. All fires must be in a container a minimum of six inches off the ground. Proper fire safety equipment must be present. No fire may be left unattended.

“Buddy System”

Every person 17 or younger must remain with another individual. At all times use the “buddy system.”

Personal Privacy

Leaders should respect boys’ privacy while they are showering or dressing. One-on-one activity between a leader and a Royal Ranger boy is discouraged. Shower facilities have separate boys’ and men’s designations. Only use the appropriate facility.

Banned Items

Tobacco, alcohol, illegal drugs, fireworks, and firearms are not permitted. (Fireworks and firearms may be used only by appointed personnel when approved by the national office for event activities.) This policy will apply to all applicants, vendors, and service personnel.

Dehydration

Missouri can be known for its severe humidity and hot temperatures. Drink sufficient amounts of liquids to avoid heat-related injuries. Frequent drinks and rests in a shaded area are necessary during extremely warm temperatures. Extreme heat can cause a heat stroke. If you drink large amounts of soda without the proper water intake, you can become sick.

FREE Ice water will be available throughout the camp at designated locations. You will need to provide your own water bottle. Please remind boys to drink lots of water. Our wells have chlorination systems and have been tested for safety. **Do not drink water from the creeks, but only from authorized water areas.**

Power

Because of a limited supply of gas and power, participants will be permitted to bring only such items as electric razors and hair dryers. No large household-size electric or gas appliances will be permitted. Generators are not permissible unless authorized by the Camporama camp commander. The power outlets at the shower houses are primarily for grooming purposes although cell phone, video, and

camera battery chargers may also use these outlets. The national RR office assumes no responsibility for theft or damage. No alteration of electric systems will be allowed. All other power outlets are for Camporama operations only.

Laser penlights

Laser penlights are prohibited at Camporama.

Flashlight use

Flashlights are recommended for all campers while walking on roads or trails at night. Replacement batteries may be purchased at the Royal Rangers Trading Post. Flashlights should not be used in the Amphitheater while evening services are underway.

Service attendance

All registered campers are required to attend the evening services and morning devotions.

Early arrivals

The earliest you will be allowed to register and set up camp is Sunday, July 16, 2006, at 1:00 p.m. Certain areas, such as the Johnnie Barnes Lodge and the Old Town will be off limits until Tuesday, July 18, at 9:00 a.m. You will be responsible for your own meals and schedule. The first service is Monday, July 17, at 7:00 p.m.

Family members (non-Camporama participants) may wish to camp or stay in a resort area near Camp Eagle Rock. For information contact the following: Branson Chamber of Commerce (phone: 417-334-4136), Roaring River State Park (phone: 417-847-2539 or 417-847-2330), or Cassville Chamber of Commerce (phone: 417-847-2814). For individuals staying in Springfield, Missouri, call the Springfield Chamber of Commerce (phone: 1-800-678-8767).

Visitors/Visiting Hours

All visitors must check-in at the registration office at Eagle's Lodge in the Eagle's Resort area. There is no charge to visit the Camporama. You must receive a Visitor ID badge to enter camp. A visitor's area will be available to rest and eat during lunchtime. A snack bar will be available to visitors who wish to purchase food during the lunch break period. Visitors may pre-purchase lunch from the National Royal Ranger Ministry office, (417) 862-1447 extension 4181 or by faxing your meal order to (417) 831-8230, using the form available on the Royal Rangers website before the June 30, 2006, deadline. At no time are female visitors permitted in the district campsites. These are the men's and boys' sleeping quarters so please respect their privacy.

Visitors Hours/Regulations:

- Monday -Wednesday: 9:00 a.m. to 5:00 p.m.
- Monday-Wednesday: Evening services are closed to visitors.
- Only specially invited guests, such as A/G Headquarters personnel and pastors family members (to include both male and female) are permitted to attend the Monday-Wednesday evening services.
- **Thursday: 9:00 a.m. to end of service.** All visitors may attend this special closing service.
- Some national competitions and activities such as the BMX, Mountain Bike, BB-Gun, Archery, Pinewood Derby, and swimming pools are for registered campers only. The Trading Post, Vendors' Row, Traders' Row, and many other activities are open to visitors.

Portable Toilets

Portable toilets will be strategically placed through the camp. These toilets will be serviced daily. When one has been filled to its capacity, please move to another so overflow will not occur. Do not place trash or bottles in the toilets.

Insects

Precautions need to be taken to avoid ticks and chiggers ("red bugs"). The use of insect repellent and avoiding high weeds and wooded areas will help prevent infestation. Every camper should take precaution to avoid infestation. In the event ticks or chiggers infest a person, he should immediately go to the regional first aid center for treatment. OFF® brand repellent (with 25% Deet) has been found to be an effective insect repellent. Use of Chigrid® has also been found to be effective.

Snakes and Wildlife

Do not confront or touch snakes and animals. We are visitors to their environmental home. If a snake or animal bites a person, he should report immediately to the closest first aid station.

Injuries

Injuries should first be reported to the regional or activity field area first aid stations. The seriousness of each injury would determine if the patients should or should not be transferred to the Camporama field hospital. The medical staff will take appropriate action in the event someone becomes injured. An adult leader must accompany sick or injured boys from his district to and from the regional first aid station, Camporama field hospital, or local community medical center.

Emergency Evacuation

In the event of a forest fire, tornado, flood, or other unexpected hazards, all delegates should quickly return to their district campsites. All headquarters staff will report to the Johnnie Barnes lodge for evacuation directions.

Prohibited Use and Sale of Firearms

The national Royal Rangers office of The General Council of the Assemblies of God has adopted the following policy regarding the use and sale of firearms at any Royal Rangers activity: Firearms, including black powder firearms, may not be sold, awarded, traded, or conveyed by any means as personal property to anyone under the age of 21. This policy, however, will not prevent the person under age 21 from being in possession of black powder firearms at a Royal Rangers activity if the individual is properly supervised.

Prohibited Use and Sale of Knives

The national Royal Rangers office of The General Council of the Assemblies of God has adopted the following policy regarding the use and sale of knives at any Royal Rangers activity: Knives, including folding knives, may not be sold, awarded, traded, or conveyed by any means as personal property to anyone under the age of 18 who does not have written parental/legal guardian consent. The possession or sale of any knife that opens by spring action or centrifugal force (i.e., switch blades, butterfly knives, etc.) is expressly prohibited at any Royal Rangers activity.

- Earthquake
- Heavy rain over an extended period

The following actions shall be taken when an immediate possibility of a severe storm (as defined above) is present.

Threatening Tornado

In the event of a threatening tornado, move quickly to the lowest area nearby and lie flat on the ground. Sirens will blow, providing time permits. Remain in place until the “all clear” signal is given via the public address system or a siren. Take roll following the “all clear” signal. Contact the national headquarters concerning persons missing or injured.

- All pool and waterfront activities shall be immediately terminated.
- All activities at *all* other program areas shall be immediately terminated.
- All campers shall be sent back to their respective campsites.
- All staff members shall immediately report to camp headquarters.
- Each district commander shall respond to his respective Regional Headquarters.
- All loose equipment, tents, awnings, etc., shall be made as secure as possible by staff members without jeopardizing the safety of staff personnel.
- Each district camp and camp staff shall take roll to account for all persons.
- The use of electricity and telephones should be limited during electrical storms.
- All activities at the waterfront, pools, and program areas may continue *only* after the **camp coordinator** or his designee has given the “all clear” signal.
- When the “all clear” signal is given, each camping unit shall immediately take roll. The regional director will gather the reports from each district and report to the **camp commander** or designee.

Flood Plan

The following steps should be taken when the possibility of a flooding condition at Camp Eagle Rock occurs.

- All waterfront activities shall be terminated.
- All campers shall be sent back to their respective campsites.
- All waterfront staff shall relocate canoes and boats to high ground, making them secure. Special precautions should be taken by staff in emergency procedures to not endanger themselves.
- The camp commander shall make a determination that all staff and campers are accounted for.
- After flooding danger has passed, the camp manger shall inspect all waterfront areas, making a determination as to condition and advisability to resume or not to resume activities.

Fire Guard Plan

Reporting the fire:

As soon as a fire is discovered, its location, extent, and type (i.e., woods, grass, building, etc.) shall be reported to the **camp manager** immediately. All communications utilizing the emergency number **911** will be **placed only by the Camp Eagle Rock camp manager**. It is the **responsibility of the camp manager** to notify the Eagle Rock Fire Department and/or to place all calls to the 911 number.

Organizing to Suppress the Fire

- The first staff members to reach the nearest NRRC fire fighting equipment location will pick up the fire equipment, form buddy teams, and proceed to the fire scene with the **camp manager**. The remaining camp staff will stay at the NRRC lodge to assist in first aid, sending messages, or as a relief crew.
- The Camp Eagle Rock **camp manager** will notify the entire camp by activating the emergency alarm system.
- When a camp alarm is sounded for a fire, *all* campers shall return to their campsites. Camp staff should be prepared to be picked up, along with fire equipment, by the **camp manager**.
- Each camping unit will send two responsible persons to the camp headquarters to act as runner/messengers. The use of such runners is the responsibility of the **camp manager**.
- A runner/messenger from the fire scene will meet with the Camp Manager, directing him and others to the scene of the fire.
- The Eagle Rock Volunteer Fire Department may be called upon to assist. This fire department will be informed and assisted by the **camp manager**. Determinations will be made by them as to how to proceed.
- The fire department may ask camp staff and other volunteers to continue to assist in fire fighting or may request that the staff and others return to their respective campsites.
- Each camp is expected to respond with all available manpower and equipment requested, proceeding quickly and safely and obeying all speed and traffic laws.
- As soon as the danger is over and an "all-clear" signal has been given, all staff and campers may continue the day's activities.

Additional Manpower/Equipment

The Camp Eagle Rock **camp manager** or his assigned representative (designee), who is the first to arrive at the fire scene, will determine the following:

- If additional manpower and/or equipment is needed.
- If the Eagle Rock Fire Department should be called.
- The information shall be communicated to the main NRRC headquarters lodge. The local fire department will be notified as needed.
- The **camp manager** or designee is authorized to request additional manpower. This will be known as the ALERT SYSTEM. The following is an example of how the ALERT SYSTEM will work.

NOTE: Remember that all staff will take directions from the fire department officers until such time the fire is declared extinguished. It is possible that the fire department officers *will not* want the staff to continue fighting the fire. If so, the staff will return to their respective camps and await orders.

- The support staff shall prepare and deliver drinking water for fire-fighting personnel at the fire scene. The kitchen/dining hall staff shall prepare to feed the fire fighting personnel (as directed by the Camp Eagle Rock **camp manager** or his designee) after the fire has been extinguished.

Under Control—All Clear

Under Control:

When the fire department officer in charge of the fire scene declares the fire to be "under control," this information will be relayed to the NRRC headquarters by the Camp Eagle Rock Camp Manager or his designee.

Fire Scene:

When the fire department officer in charge of the fire scene declares the fire to be "extinguished" and releases all personnel, the NRRC **camp manager** or his designee at the fire scene will radio this information to the communication headquarters.

All Clear:

When an “all clear” is received at camp headquarters, the **camp manager** or his designee will notify the **camp commander** and advise him that the camp may return to normal operations.

Critique

As soon as it is practical after the fire is extinguished, a critique of the operation shall be conducted by the Camp Eagle Rock **camp manager**.

The following points shall be considered:

- Manpower at the scene—enough? too many? Proper response?
- Manpower response—timely? Obeyed traffic/safety laws and considerations?
- Communications—good? bad? adequate?
- Equipment—enough? in good repair? correct type?
- Other considerations?
