

# **Eagle Rock Camp**

## **Preparing for Camporama 2006**

- 
- **Main Entrance to Camp.**
  - **Now large enough for incoming and outgoing traffic.**
  - **This is rough grade, will be finished with nice entrance, gates, lights – etc.**

- Archery Range now has 2 – 24x70 Pavilions
- Removed rock to make site large enough for Camporama – Archery Events

- More rock from site – cost \$\$\$\$\$
- Looks GREAT!!!!

- 
- **Second Archery Pavilion**
  - **Rock wall is approximately 6' high**

- **Eagle Resort Cabin #8 site now ready for foundation. Lots of Rock removed and put at new wider Entry to Campsite.**

- Photo from the hill looking down on Old Town, now called “Stanekville” Old Town.

- Stanekville cabins have several new cabins.
- The older cabins, chapel and trading post have new roofs.

- **Chapel receives new Roof**

- **Re-built Steeple on Church**

• **Chapel Looks Good!**

- **Deaverton Pavilion Complete**
- **This will be one of the snack bar location at Camporama.**

- **Cabins in Deaverton will be used for camp staff at Camporama along with the staff tent city next to this location.**

- **Ceiling to be finished after electrical for lights are finished.**

**Eagle Rock Kitchen 60'x110'**

**Grading around the Kitchen**

**Razorback Cabin**

**Razorback cabin from the front view**

A rustic fireplace with a stone surround and a brick interior, set against a wood-paneled wall. The stone surround features a large circular opening in the upper center. The interior is lined with light-colored bricks. The fireplace is topped with a wooden mantel.
