

# Master's Toolbox 2015 Project: HealthCare Ministries

**Change 2 lives with just 1 Master's Toolbox!**

**Every Master's Toolbox will provide two children medical and dental care and a gospel witness through HealthCare Ministries.**

One of the Master's Toolbox projects for 2015 is HealthCare Ministries. The idea is to see how many Master's Toolbox offering boxes your church and district can fill. HealthCare Ministries can provide medical and dental help and a gospel witness to a child for just \$9.

**Please take a moment to pray and choose a goal for your church. Ask God to stretch you, your church, and your district as you participate in the Royal Rangers ministry of Master's Toolbox.**

## **Meeting the Need**

HealthCare Ministries is about meeting these realities with the love of Jesus and the hope of the gospel—Hope that Heals. Since 1985, HCM has partnered with Assembly of God in-field missionaries to provide impoverished communities with short-term medical, dental, and optical clinics; HIV testing and counseling; culture-specific community health evangelism; health education; disabilities outreaches; and disaster relief.

The stethoscope often provides access to countries and cultures that would otherwise be closed. By ministering to their physical needs, HCM allows people to see Jesus' love in action. This gives HCM team members an open door to turn a patient's attention to his or her deepest need—to know Jesus personally. HCM has had nearly 446,000 patient contacts in 89 countries with over 95,000 individuals praying the prayer of salvation.

Beyond bringing physical relief to the suffering, HCM's goals for every outreach are to:

- Demonstrate God's love in a way that people can see and feel
- Present every patient with the gospel of Jesus in countries where this is possible
- Offer each patient spiritual counseling and prayer
- Build community trust and goodwill for local missionaries and national churches
- Provide a vehicle for local church growth
- Partner with local A/G missionaries and churches who will follow up with each clinic patient and disciple newly converted Christians
- Treat the whole man—body, soul, and spirit

## **The Gospel and You**

As a Royal Rangers boy or leader, your help is genuinely appreciated and will be used to "Bring His Hope that Heals" to the boys and girls, and men and women in these faraway places.

**For more information on how to participate in this Master's Toolbox 2015 project, email the national Royal Rangers office at [royalrangers@ag.org](mailto:royalrangers@ag.org).**

**To view and download the HealthCare Ministries project video, go to <http://bgmc.ag.org/toolbox/projects.cfm>.**

**Thank you for helping us reach the boys and girls around the world for Jesus**
