Dear Don:

Choice Christian greetings!

I don't know when I shall be down you way. If circumstances permit, you will have a visitor or phone call.

Thank you for George's address. I have been in communication a few times since I last saw you.

I regret that I can not help you concerning "Dispatch". We do not have any old ones on hand except for the office.

I do have some of my own. Do you know of anyone that would like to trade? I do have two issues which you do not have for trading purposes. March - May 1965 Volume I, number 3 and December - February 1964-65 Volume I number 2.

I need four copies to complete my collection. They are as follows: Sept - November 1965, December - February 1965-66, March - May 1967 and Summer 1974. If by chance you have any of these, we can get a traden.

I shall also be interested in collecting High Adventure. I need to check and see what I have and need.

The first issued "Dispatch" was for June, July and August 1963. The front cover has a drawing of a mail pouch with words, Royal Rangers DISPATCH. The cover is in black and white. The scenes in a glass bottle is in this issue.

The second "Dispatch" has a yellow cover which was for the Autumn of 1963. I find no record of a Winter issue of Dispatch November, December, January 1963-1964. I don't know if one was published at that time.

The Spring "Dispatch" 1964, I do have. This issue speaks of a new format for "Dispatch" from mimeographed to printing. This copy also speaks of the 50th anniversary of the Assemblies of God.

I do not find any record of a 1964 Summer issue of ever being printed. We do have records of all other issues put out since then.

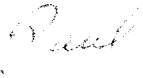

The issue which you referred to, concerning the first aid section and how to make a bird feeder, I would like to see. It may be one of those missing links which I am seeking. Would you please mail me this copy for zexoxing.

I do have Pow Wow patches, but I don't swap because I receive them free from the districts because of my job at the National Office. It cost most people to get patches and to swap them. I wouldn't feel right to swap because I don't have anything in it myself.

Concerning those sun glasses, hold on to them. I know I will try to beat you out of another pair when the ones I have defunks.

Take care - hope to see you soon.

"READY"
