to give and to serve

FCF Patch and Pin Ordering Information

FCF Advancement Pins and Patches are now restricted items through Gospel Publishing House. They may be ordered in two ways:

1. The District Director or designee may order Frontiersmen and Buckskin patches and pins and Trapper's Brigade pins on the GPH district account number through the GPH order system. The charge can be applied to a credit card and as long as the district account is used the order will auto approve. Item numbers are available through AG Passport on the district director links and on the training links.
2. If you are not able to use your district account number you may email JR Whinery (jwhinery@ag.org) and he can assist you in placing your order. You may also order the new Wilderness patches from JR Whinery through March of 2011 to allow members to update their utility uniform. After March 2011, the Wilderness Pins and Patches will be restricted to Territorial FCF and National FCF staff members.
3. Charter discounts only apply to chartered churches. Only orders placed on chartered churches accounts receive the 15% discount. Districts receive a district discount which is greater than the charter discount on most items.
