

2019 Training Schedule

January 17, 2019

Training is underway for the new year, and we already have had three successful national training events. Thanks to the hard work of our district and region training coordinators, this new year has shaped up to be another banner year of training. The following is a list of all scheduled national training events for 2019 through January 2020.

If you are still debating about when to register, register early. Our “Go/No Go” decision for an event is made shortly after the published discount deadline due to cancellation stipulations and in fairness to the hosting facilities. Don’t wait to register after a camp is a GO; your registration could make the difference.
