

# Next Three Months in Training

*September 2, 2020*

The 3<sup>rd</sup> quarter of national training was a tough quarter due to the continued effects of the COVID-19 pandemic. Nothing was scheduled for July because that would have been the month of Camporama. All national training for August had to be cancelled. September only has two training events with enough registrations to make them a GO—a NEEC and the National/Advanced Academy.

You will see below that I've also included the training events for January 2021. Between now and then, we still have (5) WCOs, (2) NEECs, and (1) NRMC on the schedule.

**Word of Encouragement:** Before I say my usual, “Go ahead and register now because you could be the one to make it happen,” I want you to know that I’m aware of the hardships and devastation this pandemic has caused many of our leaders and their families. Your family comes first, and I want you to know that while I will continue to encourage you to register for those training events you want or need to advance, I also understand you need to take care of your home first. That is your first priority, period. This pandemic will subside, and training events will still be available.

Now, if you are able, I want to encourage you to sign up for the national training events that you are interested in. Your risk is zero. If a camp or conference gets cancelled, full refunds or transfers to another camp or conference will be offered. Please do not wait until an event is a “GO.” It is possible that a venue is up and running, but we must cancel due to insufficient registrations. Register now.

Keep an eye on the national training website as it continues to be updated.
