

# 2024-25 National Training Schedule

*February 1, 2024*

Once again, we have an excellent lineup of national training events scheduled in 2024-25. Six NRMCS, three NEECs, and thirteen WCOs have been scheduled. These are great training opportunities to help leaders be better prepared to evangelize, equip, and empower the next generation of Christlike men! A record four JBEIs have been scheduled for our organizational leaders to help them increase our Royal Rangers influence and effectiveness in their districts.

In 2024, we mark the official debut of the new NRMCM, National Rangers Ministry Conference, after successfully beta testing the new format at the last three NRMCMs held in 2023. Camping skills training has been replaced with exciting new sessions to help leaders more effectively mentor boys. Formal campsites are no longer setup during this event, and most NRMCMs now have lodging onsite. An Outdoor Skills Action Camp is in development to teach basic camping skills to leaders and older boys.

World Class Outpost (WCO) was also extensively updated in 2023 to encourage outpost leaders to lead their outposts to the next level of excellence in mentoring boys. This event is a tremendous opportunity to bring outpost leaders together to assess their ministry and do strategic planning to inspire, mobilize, and resource all leaders in the outpost.

Logon to <https://royalrangers.com/training/events> to register for any of these exciting training events in the 2024–25 training year:
