

Student Group Locker Request Form

This form is used to request use of one of SAMU's student group lockers. Student Groups in good standing will be assigned lockers on a first-come-first-served basis until all unreserved lockers are assigned.

If a group is not in good standing, a request may still be submitted, but nothing will be assigned until the group regains good standing. If the group is not in good standing, you will be informed of what needs to be done.

All student groups that use SAMU's student group lockers must use the provided lock and follow the requirements for locker use.
