LETTER FROM THE PRESIDENT

FELLOW STUDENTS,

Fall has arrived once again, and brought with it a sea of new and familiar faces in the hallways of MacEwan. As you gear up for another year of classes, extracurriculars, and assignments, I wanted to take a moment to welcome you to campus on behalf of SAMU. As your students' association, SAMU exists to make your experience at MacEwan better, from advocating to the university and government on your behalf, to fun and meaningful programs, services and events.

The past year has been a difficult one. The skyrocketing costs of living and education presents a major barrier to most students, if not all of us. Your challenges have not gone unnoticed by your elected representatives at SAMU, and we've been working hard to advocate on your behalf to government and university decision-makers. In order to ensure our advocacy is informed, we continued our commitment to being student-led by running a series of surveys throughout the year to gauge students' experiences and issues.

We heard from students that affordability continues to be a major barrier to mental well-being and academic performance, and we also heard the impacts that various global conflicts are having on the students of MacEwan. This is why we have recommitted to advocating for better financial supports for students from the provincial and federal governments, and focusing on access to affordable housing for students in our ongoing work with the city. We also increased our outreach with student groups affected by conflict, and our work there is ongoing as situations evolve and change.

On the MacEwan front, your Executive Committee is hard at work advocating for on-campus measures and resources to improve your student experience. Whether it's tackling the tuition and fees consultation process, attending the General Faculties Council, or working with the team at MacEwan Student Affairs, the students elected to represent you are championing and addressing the issues impacting us.

As you go into this new academic year, know that SAMU is with you every step of the way to help you navigate the complexities of post-secondary education while providing you with plenty of opportunities to have fun and meet new people. Community is at the heart of what makes MacEwan the warm and welcoming place it is. Without students, the very being of this university would not be possible.

It's true that university is what you make of it, so I invite you to be open, curious, and adventurous as you enter or return to the halls of MacEwan University. Community is not something you can often stumble into, but with a little bit of work, it's something you can build within your university and take with you for years to come.

Warm regards,

Gabriel Ambutong

Gabriel Ambutong (He/Him),
SAMU President 2024/25

STUDENT GOVERNANCE

STUDENT GOVERNANCE

Student governance at SAMU works like this: MacEwan students elect 14 of their peers to represent them as Councillors and five to serve as the Executive Committee. Together, they form **Students' Council**. The Students' Council is the highest governing body within the Students' Association. Along with student consultation, they set SAMU's direction through bylaws and policies.

The Executive Committee oversees the SAMU General Manager. In addition, each member of the Executive Committee is responsible for advising both Students' Council and other Executive Committee members on their portfolios.

It may *sound* complicated, but this system ensures that the needs of MacEwan students are met in a diplomatic manner and that everyone is held accountable to the MacEwan students who vote for them. That leads us to...

ELECTIONS

Eligible students are welcome to run for a Councillor or an Executive position. Elections for Councillors take place in the Fall and Executive Committee elections take place in the Winter. All Executives are responsible for their specific portfolios and other responsibilities as described in SAMU Policies.

Joining a student group is a great way to meet new people with similar interests, get involved in campus life and attend student-led events. Student groups are also a fantastic way to network and learn a variety of important skills, including event planning, leadership, financial management and marketing. Student groups offer students both opportunities and community.

SAMU is home to many diverse groups, which include, but are not limited to, educational, political and activism, interest and hobby-based, and spiritual and cultural groups. There's something for everyone, and if you have a new idea and want to start a group, we'll gladly help you create one.

All records are confidential and cannot be released to anyone else without your consent.

As a student, you will also have 24/7 access to print off documents related to your Academic Records through self-service on your myStudentSystem portal.

Aside from being able to print off your unofficial transcript at any time, you can print off your Enrolment Verification. This document is a comprehensive summary of your academic status with MacEwan. A very common use for Enrolment Verification is for your bank or your RESP provider.

Please ensure your popup blocker is turned off before generating the letter.

Steps:

1. Log in to myportal.macewan.ca.
2. Launch myStudentSystem.
3. In the Academic Records tile of the Student Homepage, click Enrolment Verification.
4. Select Term Enrolment Status.
5. Click on the magnifying glass icon to select the term or range of terms you would like to verify.
6. Click Submit. A PDF will open & you can print it out and/or save your Verification of Enrolment.

ACADEMIC STANDING

Academic standings are applicable to satisfactory and unsatisfactory academic performance. They include: Dean's List, First Class Standing, Good Standing, Academic Probation and Required to Withdraw. Detailed information regarding these standings can be found in the Academic Standing Policy under macewan.ca/policies.

Academic Standing Grade Point Average (ASGPA) is calculated at the end of each term, while applicable academic standings are assigned at the end of each Winter term. At the end of the Winter term, students with unsatisfactory academic performance will be notified of academic standing actions such as Academic Probation or Required to Withdraw.

Find your calculated ASGPA on myStudentSystem:

1. Log in to myportal.macewan.ca.
2. Launch myStudentSystem.
3. In the Academic Records tile of the Student Homepage, click View Grades.
4. Select the applicable term.
5. At the top of the page, under View Grades your Academic Standing GPA (ASGPA) will be listed.

If you have concerns regarding your ASGPA, we encourage you to contact an Advisor in your Faculty or School. Visit your program's website for your advisor's contact information.

COURSE WITHDRAWAL

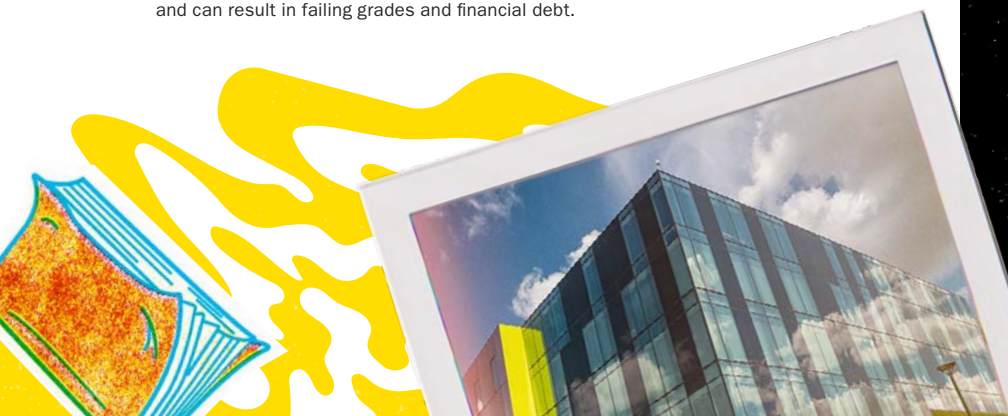

If you're planning on dropping a course, it must be before the published Add/Drop deadline of that course's semester. You may be eligible for a fee adjustment and the course will not appear on your academic record.

After the last day to Add/Drop, it is considered a Course Withdrawal:

- The course will appear on your transcript with a "W" grade.
- You will not be eligible for any fee adjustment and will be responsible for tuition/fees associated with the course.
- A "W" grade will not negatively impact your Grade Point Average (GPA).
- You are responsible for making changes to your enrolment on myStudentSystem.

Consulting your program advisors is strongly recommended as well as checking the Academic Schedule, myStudentSystem or the Office of the University Registrar for important deadlines.

If you decide to withdraw from the university, you must formally withdraw from your courses on myStudentSystem. Non-attendance does not constitute a withdrawal and can result in failing grades and financial debt.

SCHOLARSHIPS, AWARDS AND BURSARIES

MacEwan offers scholarships you can apply for in each September and January through myStudentSystem. Make sure to check your MacEwan email often for important application dates and deadlines.

The scholarships, awards and bursaries distributed by Fees and Financial Aid are made possible through generous donations from community and corporate supporters, university staff, faculty and alumni.

For a full list of MacEwan awards, please see macewan.ca/awards.

LOCKER REGISTRATION

Each student has the option to rent a locker through the online system while registered at MacEwan. The cost is \$40 for September-April, or \$20 if just attending one term. Locks must be supplied by the student, and can be purchased on-campus at the MacEwan Bookstore.

How to get a locker:

- Lockers marked reserved are not available.
- Find an empty locker and put your lock on it.
- Snap a photo of your locker # with your lock on it.

2. Complete all fields for your specific locker number

- Items left in unregistered or expired lockers will be discarded after 14 days.
- MacEwan University is not responsible for items stored in lockers.

MACEWAN UNIVERSITY HEALTH CENTRE

While enrolled at MacEwan University, you have access to coordinated, comprehensive, team-based health care at the MacEwan University Health Centre. Services at this facility include, but are not limited to, disease prevention, health promotion, mental health services, acute and chronic care needs.

This clinic is based on the innovative “Medical Home” model, which gives our student and staff community one-stop access to a spectrum of healthcare professionals. This includes doctors, primary care nurses, mental health professionals, dietitians and kinesiologists. The clinic does not routinely accept walk-ins, so a scheduled appointment is required. Still, all reasonable efforts are made to accommodate urgent concerns on a same-day basis with one of the physicians or allied health staff.

C.H.A.R.M.

The Coalition for Harm Reduction at MacEwan (CHARM) is a collaboration between campus and community members who have common goals to support MacEwan University students and community members through a coordinated harm reduction approach. A harm reduction approach aims to reduce the potential negative consequences of higher risk environments or engaging in higher risk behaviors, without necessarily reducing the behavior itself.

CHARM's objectives include, but are not limited to; resources, programming, training, opportunities, improvement, and awareness.
