**BARNET HILL'S SADAQA TREE**

## The Children's Tree

At BHF we aim to benefit our children and young people through promoting their education and assisting in the provision of facilities for education at the school for our community including those with disability, welfare or hardship and other social or economic challenges.

Donors are welcome to donate in memory of someone special or make a dedication and we will create a special hand crafted leaf or bird that will hold your message and keep their memory or your message flying on our Children's Tree. We will put your valuable donation towards creating futures, developing the potential of our young people every day and in helping young people lead good, moral lives as upright Muslims of the 21st Century.

In doing so, we ensure every donation is used for the greatest impact helping young people fulfil their potential by creating valuable and unique opportunities for children from the age of four upwards so they can learn their times tables through to the surah's of the Quran. Our ultimate goal is to create a generation of young people who achieve academic progress aligned with the Islamic ideals conveyed through the Prophetic practice.

## Ceaseless Charity: Sadaqa Jaariya

“When a man dies, his deeds come to an end except for three things: Sadaqa Jaariyaa, ceaseless charity, knowledge which is beneficial, and a virtuous descendant who prays for him” (Sahih Muslim)

Education is highly valued in Islam and the reward for this is incredible. Reaching so many young people and children and having a lasting impact on them, their families and consequently their communities futures is a priceless goal.

The Foundation is committed to long term, sustainable educational goals, which can benefit people for a long time to come. That's why we offer our youth a range of opportunities to benefit themselves through our charitable resources.

## Your Charitable Support

Through your support you can ensure the best and brightest minds can reach their full potential at Barnet Hill Academy, regardless of their background or means.

The Children's Tree is on display at the entrance of the Academy, it is a wonderful brass display that will remain with the engraved leaves for public display and as a proud display of our communities efforts and commitment towards our children's futures, God-Willing.
