

Topic

Children will learn to identify **the seasonal and weather patterns in the UK**.

Children will locate hot and cold areas of the world in relation to the equator and identify features and landmarks on an aerial photograph or plan perspective. Children will learn about Africa's geographical structure and can identify the similarities and differences between two places.

They will also illustrate information in an organised structure.

SPLENDID SKIES

English

[Lila and the Secret of Rain by David Conway](#)

Lila's Kenyan village is suffering a terrible drought. When Lila hears her mother say that 'without water there can be no life' she sets out on a quest to uncover the secret of rain and so save the village. This modern folk tale reminds us of how necessary and precious water is for survival and provides opportunity to explore together some larger themes of conservation .

**YEAR 1 AUTUMN 2
2022-2023**

Science

Develop children's knowledge of weather and the seasons. Children will observe, identify and measure features of the weather, both everyday and extreme.

Linked science investigations: How big is a raindrop? How wild is the wind? Does it snow in summer? National curriculum topics covered: • Seasonal changes • Seasonal and daily weather pattern

Maths

We will be covering the following topics in maths no problem:

- Positions: • Naming Positions • Naming Positions in Queues • Naming Left and Right Positions
- Numbers to 20: • Counting to 20 • Writing to 20 • Comparing Numbers • Ordering Numbers • Number Patterns • Addition and Subtraction Within 20
