

# What are rivers and how are they used?

## ENGLISH

As **Writers**, we will be focusing on **Legend writing** which are traditional/group of stories told about a particular person or place. Formerly the term legend means a tale about a saint. As readers, we will read *The Miraculous Journey of Edward Tulane* with a particular focus on vocabulary, fluency and inference.

## ISLAMIC STUDIES

As **Theologians**, we will be learning about the origins of each of the six major religions of the world – Islam, Christianity, Judaism, Hinduism, Sikhism and Buddhism.

## DT

As **designers**, we will be building a slingshot car. We will design, replicate, assemble, construct and accurately draw conclusions to build and improve our product.

## MATHS

As **Mathematicians**, we will be focusing on three topics; Shape, Statistic, Position and direction. We will learn to identify and compare angles in triangles, quadrilaterals and polygons. We will interpret and compare charts and draw lines graphs. we will focus on plotting coordinates, describing positions, drawing and translating shapes on a grid.

## Geography

As **Geographers**, we will explore what rivers are and how they are used. We will learn about the Water Cycle, how a river is formed, where we can find rivers, the features of a river, and how they are used locally and globally.

## COMPUTERS

As **Computer Scientists**, we will focus on Programming (Repetition in games). We will learn to use loops to create shapes, animate our names, modify, design and create existing games as well as our own games.

## SCIENCE

As **Scientists**, we will be focusing on the Human Body and Food chains. We will learn about Human Teeth, Eyes, the Digestive System and Organs. We will also explore food chains.

## PSHE

As **Global Citizens**, we will learn about Economic Wellbeing. We will particularly focus on spending choices, keeping track of money, looking after money, changing jobs and influences on career choices.

## PHYSICAL EDUCATION

As **Athletes**, we will explore the principals and skills in Athletics. We will learn to build on our skills of jumping, Positioning, navigation skills and communication.
