

# Our Half-Termly Topic is

**What are Rivers and how are they used?**

## English

As **Writers**, we will be concentrating on different narratives and poetry. We will be analysing, understanding and implementing different writing techniques and features.

As **Readers**, we will be reading **The Miraculous Journey of Edward Tulane**. We will be analysing the vocabulary as we look at the impact of language on readers.

## Maths

As **Mathematicians**, we will be focusing on Geometry. We will be classifying triangles and quadrilaterals, looking at different types of angles and working on our timetables.

## Science

As **Scientists**, we will be learning about different types of food and the digestive system. We will be focusing on how food gives our body energy and how it is digested in our bodies.

## Islamic Studies

As **Theologians**, we will be learning about the origins of different religions. This includes Islam, Christianity, Judaism, Hinduism, Sikhism and Buddhism.

## Geography

As **Geographers**, we are learning about rivers and how they are used. We will focus on the water cycle, how rivers are formed, where we can find rivers and features of rivers. We will also explore and research our local river.

## PSHE

As **Global Citizens**, we will be focusing on living in the wider world. We are learning about rights and responsibilities and the environment.

## Art and Design

As **Artists**, we will be focusing on festival feasts. We will be exploring different artists who are inspired by food, we will be drawing, painting and making sculptures.

## Computers

As **Computer Scientists**, we will be creating and publishing work. We will be developing advanced presentation skills (hyperlinks, posters, leaflets). We will also focus on E-safety and cyber bullying

## Physical Education

As **Athletes**, we will be focusing on Athletics. We will be working on our running, catching, speed and balance.
