Children will be comparing the mass of two/ three objects and use the appropriate vocabulary. They will also begin looking at solving word problems, involving addition and subtraction of mass, Money and 2D shapes.

# HOME LEARNING

Research historical concepts such as continuity and change, cause and consequence, similarity, difference and significance, and use them to make connections, draw contrasts, analyse trends, frame historically valid questions and create their own structured accounts, including written narratives and analyses.

Find out about how to write information leaflets, comic strips and Kenning poems

Know about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing.

Construct the timeline and emphasise the chronology of dates and the sequence of historical periods.

Construct simple pictograms, tally charts, block diagrams and simple tables.

Examine the methods of historical enquiry. Explore an artefact and suggest what it is, where it is from, when and why it was made and who owned it.

Create historical information in a simple non-chronological report, independent writing, chart, structural model, fact file, quiz, story or biography.
